SALESPERSON

We're looking for a regional salesperson to help spread the word about our software platform. Workbench serves small and medium community newspapers, giving smaller teams a simple, cohesive tool that handles digital distribution, customer acquisition/retention, and USPS paperwork/labels -- all without requiring a computer science degree or countless hours of data wrangling. This work can be done in-person or virtually, but we're looking for someone with industry experience and relationships in Arkansas publishing.
