

Arkansas Ophthalmological Society Invites You to Attend

Level Up at Codequest™ 2019

Join the most knowledgeable coding experts in ophthalmology for a half-day of professional education and training in this intensive *Arkansas-specific* course. We'll steer you through regulatory road blocks and the complex maze of federal and commercial payers' rules, arriving at coding solutions you can use to appropriately maximize all your reimbursements.

Who Should Attend

Codequest™ 2019 is taught at an intermediate level. Ophthalmologists and their non-physician practice administrators, coders and billers who are familiar with ophthalmic coding are encouraged to attend. You will acquire valuable insights for protecting your practice and boost your coding performance. Prepare for the inevitable audit scenario and learn to resolve claim denials.

Codequest's all-new 2019 program will help you understand:

- The most important updates of CPT, ICD-10, HCPCS, CCI, MUE, LCDs and payment changes for 2019
- Imminent changes to E/M codes and extended/subsequent ophthalmoscopy
- Up-to-date documentation rules for exams, tests, minor and major surgeries
- How to select the correct modifier for every situation. Learn how to avoid the common modifier mistakes that cause practices to lose thousands of dollars each year.
- How to resolve claim denials: identify the cause and implement solutions
- Informed recommendations for coding and billing success (e.g. prior authorization, MIGS coverage, vial drug administration and more)

Codequest is the only place you'll find these best-practice tips:

- Prior authorization checklist – what is your form missing?
- How to code from an operative report
- MIGS: What's covered, what's not
- Calculations for multidose vial drug administration
- Exam and testing coverage and frequency for patients on high-risk medication
- Billing for two surgeons in the same operative session

CME and CEU credits available

As an attendee of the Codequest ophthalmic coding course, you are eligible to claim CME or CEU credits. Consult your course handbook for instructions on how to claim them. *Claim credits within 30 days of the course date.*

CME for Physicians

The American Academy of Ophthalmology is accredited by the Accreditation Council for Continuing Medical Association to provide continuing medical education for physicians.

Designation Statement

The American Academy of Ophthalmology designates this educational activity for a maximum of 4 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

JCAHPO CE Credits

Ophthalmic allied health professionals receive 4.0 Joint Commission on Allied Health Personnel in Ophthalmology (JCAHPO) "A" CE Credits for completion of this course.

Certificate of Completion for AAPC Certificate

AAPC members will receive instructions to download a certificate of completion at the end of the course.
