Urban forestry helps filter air and water, control storm water, conserve energy, and provide animal habitat and shade. They add beauty, form, and structure to urban design. By reducing noise and providing places to recreate, urban forests strengthen social cohesion, spur community revitalization, and add economic value to communities.

Join us for this fun, interactive, educational 2-day STEM workshop focusing on urban forests and the benefits these unique ecosystems provide to us and our communities.

June 28 - 29, 2023
Tuesday 10 AM - Wednesday 3 PM
Mount Sequoyah Yancey Lodge
150 N. Skyline Drive
Fayetteville, Arkansas

Cost: $30 nonrefundable fee (no lodging) or $80 nonrefundable fee includes up to 2 nights lodging (6/27 & 6/28)

Register and pay online at: https://tinyurl.com/urbanforests-TCT23

12 ADE-Approved Credit Hours (2 hours Arkansas History) TESS Domains: 1, 3, 4

Urban forests help filter air and water, control storm water, conserve energy, and provide animal habitat and shade. They add beauty, form, and structure to urban design. By reducing noise and providing places to recreate, urban forests strengthen social cohesion, spur community revitalization, and add economic value to communities.

Registration is limited to 25. Overnight single-occupancy lodging is available on a first-reserved first served basis.

Registration is $30 or $80 if lodging is needed. Fees are nonrefundable. Participants will receive 12 total hours of PD credit (includes 2 hours of Arkansas History), lunch both days, overnight lodging on Tuesday and Wednesday (if requested), a $25 Amazon gift card, and educational materials, resources, and curriculum to take back to their classrooms and educational programs.
