ASBO Statement on Lt. Governor Hochul

The Association of School Business Officials - New York would like to welcome Lt. Governor Kathy Hochul as she prepares to transition into her new role as Governor of New York State. We appreciate the opportunity to work closely with a leader such as her who has such a wealth of experience across all levels of government. While this transition will pose unique challenges, we are thrilled to have an incoming governor who has demonstrated a vigorous work ethic and ability to connect, understand, and represent New Yorkers from across the state.

We are confident that by working closely with soon-to-be Gov. Hochul and all of our leaders throughout the state, we can continue to advance the business of education.
