PROGRAM SCHEDULE

Monday, October 19th

8:00 -8:45 am  Polyurethane Market Overview
               Amber Stephenson, Dow Chemical Company

8:45-9:45 am   Urethane Technology - An Overview
               Serhan Oztemiz, Bostik

9:45-10:45 am  Fundamentals of Adhesion Part I
               Prof. David Dillard, Virginia Tech

10:45-11:00 am BREAK

11:00 am –12:00 pm Fundamentals of Adhesion Part II
                   Prof. James Rawlins, The University of Southern Mississippi

12:00-1:00 pm  LUNCH

1:00 -2:30 pm   Physical Testing of Adhesives and Sealants
                   Prof. David Dillard, Virginia Tech

2:30–3:00 pm   BREAK and INTRODUCTIONS

3:00-4:30 pm   Structure/Property Relations of Polyurethane Adhesives & Sealants
                   Prof. James Rawlins, The University of Southern Mississippi
Tuesday, October 20th

8:00-8:45 am  Polyurethane Hot Melt Adhesives  
Christian Emden, Jowat Adhesives

8:45-9:30 am  Polyurethane Dispersions for Adhesive Applications  
Jeffrey Dormish, Covestro LLC

9:30-9:45 am  BREAK

9:45-10:45 am  Silane Terminated Resin & Polyurethane Sealants  
Jay Johnston, Covestro LLC

10:45-11:15 am  Safety and Handling of Polyurethanes  
Lucinette Alvarado Rivera, Covestro LLC

11:15-11:45 am  Polyurethane Systems for Construction Application  
Eric Muench, Sika Corporation

11:45 am-12:45 pm  LUNCH

12:45-1:15 pm  Polyurethanes for Assembly Applications  
Marietta Helmeke, H.B. Fuller

1:15-1:45 pm  Polyurethane Foam Sealants  
Andrew Shinko, Fomo Products, Inc.

1:45-2:15 pm  Polyurethane Application Equipment: PUR Hot Melt  
Larry Saidman, Nordson Corporation

2:15-2:45 pm  Polyurethane Application Equipment: PUR 2 Component Mixing  
Craig Blum, Nordson EFD
