EXHIBITOR PROSPECTUS & SUPPORT OPPORTUNITIES

The American Society of Diagnostic and Interventional Nephrology (ASDIN) is celebrating its 15th Scientific Meeting in Atlanta in February 2019. ASDIN is THE organization that has not only offered an annual educational meeting, but has defined the field of interventional nephrology giving structure and identity to the field for nephrologists and other specialists who perform diagnostic and vascular access procedures. ASDIN recently updated our mission statement to broaden our focus.

The mission of the American Society of Diagnostic and Interventional Nephrology is to promote excellence in dialysis access care to improve outcomes for patients with kidney disease.

With this broader focus in mind, ASDIN has redesigned our Annual Meeting to include a new introductory Ultrasound Workshop, a broader and more extensive Associates program to include all involved in vascular access, and a special session in collaboration with the Vascular Access Society of the Americas. It is an exciting time for ASDIN, even as we lead in the face of challenges associated with regulatory and reimbursement changes.

Your corporate partnership, sponsorship, and exhibit with ASDIN not only support the ASDIN Annual Scientific Meeting but it supports the members and mission of ASDIN throughout the year. Please consider joining us this year. Atlanta will offer a great location for easy in and out travel, in a vibrant, hustling and bustling world-class city exuding sophistication and southern charm.
