

Exam Schedule Effective 2017

The ABHI Certification Examination for Associates, Technologists and Specialists will be offered in March, June, September, and December. The examination will be administered by computer, and offered on any weekday during the months of March, June, September, and December at over 150 assessment centers in the United States. There will be no specific pre-scheduled testing dates. Once a candidate's eligibility is confirmed he/she will receive notice from the testing agency including instructions on how to schedule their examination appointment during March, June, September, or December. Test time for the Associates, Technologists and Specialists has been extended an additional 30 minutes allowing 3.5 hours to testing time.

The Histocompatibility Laboratory Director examination will continue to be offered in September of each year.

Please note the Examination Month and corresponding Application Deadlines:

ABHI Examination	Exam Month	Application Deadlines
