Medical Practice Solutions, LLC.

Symposium Objectives

The focus of this meeting is to develop and reinforce knowledge of important IONM guidelines.

Target Audience

Beginner and advanced IOM practitioners including technologists, neurophysiologists, physicians, and individuals involved in the business aspect of intraoperative neuromonitoring.

Symposium Description

Medical practice guidelines are broad consensus recommendations intended to improve the quality of patient care. These guidelines are the product of expert systematic review of best evidence and experience and are used to facilitate effective decision-making by medical healthcare providers. ASNMM is committed to the development of medically sound and clinically relevant medical practice guidelines. Over the years, ASNMM has produced a number of guidelines for monitoring modalities and supervision of IONM. These sessions will summarize current and developing practice guidelines in a practical format. Our expert speakers will provide attendees with utilizable guidance to enhance patient care and the overall quality of IONM services.

Planning Committee

Gene K. Balzer, PhD, FASNMM, Board Member

George “Trey” R. Lee, III, MD, MS, President

Brian S. Bailey, Executive Director, ASNMM

Kelly Schild, CMP, Meeting Manager, ASNMM

Carrie Murphy, Continuing Education Coordinator, ASNMM

Kate Nisbet, Director, Health Systems Education, IPMA

Continuing Education

The Interstate Postgraduate Medical Association will apply this live activity for *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity. This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of Interstate Postgraduate Medical Association and ASNM. IPMA is accredited by the ACCME to provide continuing medical education for physicians.

ASNM Continuing Education Credit (CEU)

ASNM is an ABRET approved provider of continuing education for their IONM related credentials, similar to ASET. ABRET is the credentialing board for Electroencephalographic (EEG) Technologists, Evoked Potential (EP) Technologists, and Neurophysiologic Intraoperative Monitoring (CNIM) Technologists, Long Term Monitoring (CLTM) Technologists, and Autonomic Testing Professionals (CAP). Such crediting, however, should not be construed by program participants as endorsement of any type of instruments or supplies mentioned or involved in these presentations. Please be advised that for continuing education hours to apply towards the EEG test, they must be ASET CEUs; however, ASNM CEUs are eligible for the recertification of the EEG credential as well as towards CNIM and EP credentials and recertification. For more information about ASNM Continuing Education credits, please visit www.ASNM.org. **This activity is approved for 9.5 credit hours.**

CME

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of Interstate Postgraduate Medical Association and ASNM. IPMA is accredited by the ACCME to provide continuing medical education for physicians. The Interstate Postgraduate Medical Association designates **this live activity for 9.5 AMA PRA Category 1 Credit(s)**[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Saturday, February 27, 2016

7:30am - 8:00am

Breakfast with Exhibitors

8:00am - 8:15am

Welcome and Introduction of Sessions and Speakers

Gene K. Balzer, PhD, FASNM

8:15am - 9:00am

ASNM Guidelines for IONM Supervision

Stanley A. Skinner, MD, FASNM

9:00am - 10:00am

Alerts and Events in IONM Guideline Development

Robert N. Holdefer, PhD

10:00am - 10:30am

Break with Exhibitors

10:30am - 11:30am

IONM During Functional Neurosurgical Procedures

Jay L. Shils, PhD, DABNM, FASNM, FACNS

11:30am - 12:00pm

Summary Guidance: Panel Roundtable Q&A

George "Trey" R. Lee, III, MD, MS

12:00pm - 1:30pm

Lunch on your own

1:30pm - 2:15pm

Practice Guidance: SSEP Monitoring

Anthony K. Sestokas, PhD, DABNM, FASNM

2:15pm - 3:00pm

Practice Guidance: EMG Monitoring

W. Bryan Wilent, PhD, DABNM

Saturday, February 27, 2016

3:00pm - 3:30pm

Break with Exhibitors

3:30pm - 4:30pm

Practice Guidelines: Motor Evoked Potentials

Richard Vogel, PhD, CNIM, DABNM

4:30pm - 5:00pm

Summary Guidance: Panel Roundtable Q&A

Gene K. Balzer, PhD, FASNM

5:15pm - 5:30pm

Closing comments; Adjournment

5:30pm - 7:30pm

Networking Reception with Exhibitors

Sunday, February 28, 2016

7:30am - 8:00am

Breakfast

8:00am - 8:15am

Introduction of Sessions and Speakers

George "Trey" R. Lee, III, MD, MS

8:15am - 8:45am

Auditory Evoked Potentials Practice Guidance

Gene K. Balzer, PhD, FASNM

8:45am - 9:15am

EEG Monitoring in the Operating Room

Jehuda P. Sepkuty, MD

Sunday, February 28, 2016

9:15am - 10:00am

Practice Guidance: Cranial Nerve Monitoring and Mapping

George "Trey" R. Lee, III, MD, MS

10:00am - 10:30am

Break

10:30am - 11:30am

Anesthesia Management During Neurophysiological Monitoring

Tod B. Sloan, MD, MBA, PhD

11:30am - 12:00pm

Summary Guidance: Panel Roundtable Q&A

George "Trey" R. Lee, III, MD, MS

12:00pm

Closing comments, Meeting Adjourned

Gene K. Balzer, PhD, FASNM

George "Trey" R. Lee, III, MD, MS

Troubleshooting Intraoperative Neurophysiologic Monitoring Data

Kent Rice, MS, REPT, CNIM, DABNM, FASNM

Director of Education and Training
Biotronic Neuro Network

Wednesday, March 23, 2016

7:00 PM EST

1 hour of ASNM CEU and *AMA PRA Category 1 Credit™*

Gold Sponsors

Cadwell Laboratories, Inc.

Brothers John Cadwell, BSEE, MD and Carl Cadwell, DDS, founded Cadwell, in 1979, to market the first microprocessor controlled EMG instrument designed by John. Cadwell is a leader in the development and manufacture of innovative and reliable instruments for neurophysiology. Numerous patents are held by Cadwell, including those for magnetic stimulators, cable shielding designs, neural network analysis of EEG and database designs. Today, still located in Kennewick, Washington, Cadwell develops and markets products ranging from EMG to EEG to PSG to IONM instrumentation and more. www.cadwell.com

Medical Practice Solutions, LLC

Medical Practice Solutions LLC provides efficient IOM revenue cycle management services for healthcare providers and medical facilities. Our experience and proven success, with highly skilled professionals who utilize an out of network process to ensure an increased return on billed charges to improve your financial strength. www.medipracticesolutions.com

Revolution Monitoring

A trusted provider of Intraoperative Neurophysiological Monitoring (IONM) services and provides standard-of-care patient safety for any surgical procedure that involves risk to the central nervous system. Specifically, IONM is the use of clinical neurodiagnostic testing (EEG, EMG, NCV, evoked potentials) to monitor and protect the functional integrity of a patient's central nervous system in real-time during surgery. The purpose of IONM is to increase patient safety by giving continuous guidance and feedback to physicians in order to prevent neurological injury. www.revolutionmonitoring.com

RhythmLink International, LLC

RhythmLink designs, manufactures and distributes a variety of neurodiagnostic accessories for numerous applications. Originally founded by neurodiagnostic technicians and engineers, RhythmLink strives for continuous innovation and superior quality in all its products. RhythmLink also offers custom packaging, private labeling, contract manufacturing services and regulatory guidance. www.rhythmink.com

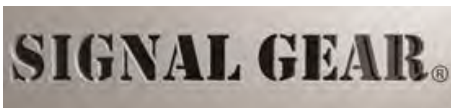

Rochester Electro Medical

For over 50 years, Rochester has been your source for affordable, high quality Neurodiagnostic Products, and Customer Service with a personal touch. Featured products include customizable lines of Single, Paired, and Ribbon Horizon™ Subdermal Needle Electrodes that combine excellent performance and value. Contact Rochester for information on their full range of Disposable Products, Probes, Electrodes, Needles, Sensors and Accessories. www.rochestermed.com

Sentient

Sentient is one of the nation's largest, most sophisticated and reliable providers of intraoperative monitoring services. We are committed to advancing the practice through our affiliation with top teaching hospitals and our research and publication efforts. Our clinicians are internationally recognized for their expertise, accomplishments, and contributions to the field. www.sentientmedical.com

Signal Gear

Signal Gear® is a medical device company focused on designing neurodiagnostic accessories. Founded on the premise that passionate, thoughtful study is key to innovation and creativity, we study the scientific literature, the patient and clinical practice. All Signal Gear® products will be the best or we won't sell them. www.signalgear.com

Specialty Care

SpecialtyCare is the largest provider of outsourced clinical services in the nation and is dedicated to assisting hospital operating rooms in their efforts to improve operational efficiencies, improve outcomes, and decrease blood utilization. Services include Intraoperative Neuromonitoring, Minimally Invasive Surgical Support, Perfusion, Autotransfusion, Surgical Assist, Sterile Processing Department Management and blood management programs. SpecialtyCare provides services to more than 820 hospitals in 45 states, the District of Columbia, Puerto Rico, and Germany. www.specialtycare.net

Silver Sponsors

Consolidated Neuro Supply

Consolidated Neuro Supply, Inc. is a leading provider of healthcare products used to diagnose neurological disorders and monitor critical neurological structures during high risk surgical procedures. With nearly \$5 million in annual sales, product offerings include EMG needle electrodes, subdermal needle electrodes, and pedicle screw and direct nerve stimulators. Located in Loveland, OH, the company has been in business since June 2003.

www.neurosupply.com

Medtronic

Medtronic is the world's largest medical technology company, offering an unprecedented breadth and depth of innovative therapies to alleviate pain, restore health, and extend life. Surgical Technologies business comprises our Ear, Nose, and Throat (ENT); Neurosurgery; & Advanced Energy organizations. Our products and procedural solutions encompass a broad variety of surgical applications, including neurosurgical spine, cranial, and orthopaedics; ENT; and surgical oncology – more than any other Medtronic business. Our core products include advanced surgical navigation and imaging solutions, powered surgical tools and systems, intraoperative nerve monitoring devices, advanced energy-based tools for hemostatic sealing & tissue dissection, and implantable hydrocephalus management products. www.medtronic.com

Nihon Kohden American, Inc.

For more than 60 years, healthcare providers worldwide have relied on the quality and reliability of Nihon Kohden's comprehensive and innovative line of neuro-diagnostic and monitoring instrumentation to aid in the diagnosis, information and treatment of their patients. The breadth of our Neurology product portfolio provides one of the most comprehensive and trusted solutions on the market today. www.nkusa.com

PRN Read

Headquartered in Colorado Springs, Colorado, PRN Read has an experienced team of board certified, fellowship-trained physicians providing real-time interpretations, expert technical support for the neuromonitorist, reporting, secure data archival, and IONM billing services. Our organization is committed to excellence in IONM and raising the standard by adding a high level of support for neuromonitorists and surgeons across the United States.

www.prn.com

Safe Passage Neuromonitoring

Safe Passage Neuromonitoring is a professional Medical Services firm specialized in Pre, Peri and Intraoperative Monitoring (IOM) services. With headquarters in New York, NY, Safe Passage places a local approach to service, striving to maintain continuity of care by keeping familiar faces in the operating room. Through an experienced and highly certified team of IOM professionals, Safe Passage aims to provide the highest quality in IOM services with patient safety and surgeon satisfaction as the highest priorities. **www.safepassagenm.com**

USMON (U.S. Monitoring, Inc.)

USMON (U.S. Monitoring, Inc.) is the ultimate HIPAA compliant work-flow solution for companies who need to manage medical data. USMON features a simple, user-customizable interface. With our consistent, automated processes and integrated insurance billing software, USMON provides all the services you need at an affordable price, saving you time and money.

www.usmon.com

Bronze Sponsor

Apex IONM Solutions

Apex IONM Solutions is committed to helping your intraoperative neuromonitoring company succeed. Years of experience in running a successful IONM company have given this braintrust the knowledge, skills and abilities to help support your IONM business. Apex offers turn-key solutions that can help enhance your time and profitability, including best-in-class, billing services; ABRET CEU-approved educational offerings; technology solutions; and administrative leadership such as credentialing, contracts, and more.

Event Sponsors

Ideal Health Careers, Inc.

Ideal Health Careers is a specialty recruitment firm focused exclusively on the field of Neurophysiology. Our mission is to assist both technologists and neurologists in fulfilling career objectives in IOM by providing a unique approach that is confidential, discreet, and individually tailored to meet your career needs. We take the time to listen and can introduce you to opportunities with a variety of IOM employers across the country. We have placed over 100 neurophysiology professionals since 2005 in meaningful positions, from entry-level technologists to experienced reading physicians. Whether you are a job candidate seeking a more meaningful career or an employer seeking top talent, please stop by our booth and see how we can help. You have nothing to lose and everything to gain. www.idealhealthcareers.com

Natus Medical Incorporated

Natus is a provider of healthcare products used for the screening, detection, treatment, monitoring and tracking of common medical ailments in newborn care, hearing impairment, neurological dysfunction, epilepsy, sleep disorders, and balance and mobility disorders. The product line includes neurodiagnostic systems for audiology, neurology, polysomnography, and neonatology, as well as newborn care products such as hearing screening systems, phototherapy devices for the treatment of newborn jaundice, head-cooling products for the treatment of brain injury in newborns, incubators to control the newborn's environment, and software systems for managing and tracking disorders and diseases for public health laboratories. www.natus.com

2016 Annual Meeting

May 12-15, 2016

Westin Chicago - River North

320 N. Dearborn Street, Chicago, IL 60654

Room Rate

\$259/night + taxes.

The room rate includes guest room internet

To reserve your room online go to
www.ASNM.org or call
 (888) 627-8359 and reference ASNM

Registration fees include tuition, all materials to be available online for download prior to the event, daily continental breakfast, members-only luncheon, break refreshments, and an evening networking reception.

**You must make your hotel reservation by April 19, 2016
 to get this special rate.**

Registration Fees	Through April 22	After April 22
ASNM Members	\$595	\$645
Non-members	\$795	\$845
One-Day Registration	\$350	
*Student Registration	\$300	
Guest Ticket for Networking Reception	\$50	
ABNM Board Prep	\$100	\$125
CNIM Board Prep	\$100	\$125
Printed Handouts without Registration	\$300	

*To receive the student rate, you must be an ASNM student member.

Extra charges may apply for international shipping.

2016 Annual Meeting E-posters

Announcement of Request for Abstracts and Interesting Cases

Final Deadline for submission: April 1, 2016

Why E-Posters?

- Avoid poster-printing costs
- One less thing to pack when traveling
- The abstracts/cases can be viewed in the members-only section of the website before, during and after the meeting, a benefit for those unable to attend
- The opportunity to direct questions to the presenter prior to the meeting
- Gaining greater visibility among members of the society

Awards will be given for the three (3) best interesting case submissions/presentations. The winners will be announced following the presentations on Saturday, May 14, 2016. The two top prizes are reserved for ASNMM members.

Scientific/research posters will be judged separately from the case submissions. The presenters best basic science poster and best clinical research poster will each be recognized with a certificate and prize during the poster presentation session on Saturday, May 14, 2016.

If you have any questions, please contact Kelly@ASNMM.org
or call (630) 832-1300.
