- Shell bag or pouch to carry shells around the shooting course.

The course has automatic traps; therefore you will pull the targets for yourselves. Some brief instructions will be available when you check in at the clubhouse. The sporting clays course has 8 shooting stations with 6 – 8 targets per station. You must bring your own shotguns for use. It must be in good working order and be able to hold 2 shells. You are allowed to share shotguns, but it is recommended you have your own gun.

SAFETY is EVERYONE'S RESPONSIBILITY! Please treat every gun as you would a loaded gun. Keep your actions open on your shotgun until it is your turn to shoot and you are in the shooting station. Once in the station you can load the maximum of 2 shells in your gun. A target flight diagram is on the shooting station and the two traps used are labeled A & B in the field to give the shooter an idea how the target is being thrown and where to look for the targets.

Alcoholic beverages are prohibited before or during shooting.
