RHODE ISLAND BOARD OF PSYCHOLOGY				General Law (RIGL) 5-44-23 (h) in RI. At this time the Board would consider contact by a psychologist licensed in another state with a patient physically located in RI as 1 day counted toward that limit. Associated with this provision, a psychologist licensed and physically located in another state may practice Tele-Health from their home state to a patient / client physically located in RI. Please also find a link for an Application, should you choose to seek a RI license for future use. Yes, if the licensee is assisting in the medical response to COVID-19	The Governor issued Executive Orders allowing telehealth for those professions licensed under Title 63 of Tennessee Code Annotated. This includes the counseling professions of psychologist, professional counselor, marital and family therapist, clinical pastoral therapist, behavior analyst, and social workers, including those in state and out of state. A form for out of state must be submitted and approved. Through several amendments to the original executive order almost all levels of practitioners are affected, even those with a master's degree earning their hours of experience.
