January 14, 2020

EPPP (Part 2 – Skills) Early Adopter Announcement

Between January 1 2020, and December 31st 2021, jurisdictions who sign on will be considered ‘early adopters.’ At this time, it is optional for licensing boards (jurisdictions) to sign on to require the EPPP (Part 2 – Skills). The EPPP (Part 1 – Knowledge) is not changing, and will serve as the pre-requisite for the EPPP (Part 2 - Skills). The first administration of the EPPP (Part 2 – Skills) will launch on November 1, 2020.

ASPPB is pleased to announce that the following jurisdictions have signed on as early adopters:

Beginning November 1, 2020:

- Arizona
- Georgia
- Guam
- Nevada
- Newfoundland and Labrador
- Prince Edward Island

Beginning January 1, 2021:

- Manitoba

As additional jurisdictions sign on, we will update this list.

EPPP candidates in these jurisdictions should contact their licensing boards with questions regarding eligibility and timelines. Contact information can be found here: https://www.asppb.net/page/BdContactNewPG

For more information, and to prepare for the EPPP (Part 2 – Skills), candidates should visit our website: https://www.asppb.net/page/EPPPPart2-Skills
