The Associated Subcontractors of Massachusetts

is a trade association representing subcontractors, suppliers and service providers. Since 1950, ASM has been the only organization to serve the business interests of both union and open-shop subcontractors in every trade. Our mission is to protect and advance the interests of all subcontractors and promote professionalism in public and private construction through education, communication and advocacy.

“In Massachusetts, there is no other organization like ASM when it comes to informing and educating subcontractors, and protecting our rights. I can truly say it is the best organization for our company and has been a key to our success.” David G. Cannistraro, CEO, JC Cannistraro
