

## Association of Threat Assessment Professionals **Meritorious Service Award**

The Association of Threat Assessment Professionals established the Meritorious Service Award in 2004 to recognize ATAP members who have made extraordinary contributions to the mission of ATAP. Examples of such contributions may include, but are not limited to, holding a major leadership role in ATAP, successfully leading a new major ATAP initiative, or providing noteworthy leadership of an ATAP chapter.

The Meritorious Service Award is presented at the Annual Threat Management Conference. Only one Meritorious Service Award may be awarded in any calendar year.

Recipients of the Meritorious Service Award will be selected by members of the Awards Committee consisting of the ATAP President, a former award recipient, and ad hoc ATAP member or members. The identity of the award recipient or recipients will remain confidential, known only to the Awards Committee, until presentation at the Threat Management Conference.

Nominations must be received by June 30, 2019. Self-nominations are accepted.

Completed nomination packets may be forwarded electronically as attachments or as hard copy by mail. Electronic nominations are preferred.
