What does my conference registration rate pay for?

The ATHE Conference is the main programmatic event each year for the organization. Conference income has never covered the actual cost of the conference, and ATHE relies on its two other income streams (member dues and journal revenue) to support the additional funds needed to cover the cost of the conference.

**ATHE Conference by the numbers**

**Virtual Rates**
- $75  Student and Contingent

**In-person add-on rates**

**Conference Income:**

With over 750 paid attendees, ATHE may run a deficit of up to $50,000 on the conference.

We are working to keep that deficit lower, but raising the virtual conference registration from last year’s 2020 rates was one of the only ways we could mitigate this debt.
