

CALL FOR PAPERS! We are currently accepting abstracts for the ATHE-Theatre and Social Change (TASC) Debut Panel at the 2019 conference in Orlando, FL (Aug. 7-11).

We seek papers addressing how performance might be activated in service of or connected to issues of social change. Further, submissions may be contemporary or historical in scope, may apply a practical or theoretical perspective, and may construe performance broadly and / or in interdisciplinary terms. Submissions need not be connected to the overall conference theme. Presenters need not be new to ATHE, so long as they have not previously presented within the Theatre and Social Change Focus Group.

Abstracts should be up to 350 words in length, and should include name, title, contact information, and institutional affiliation. Please submit abstracts to Inga Meier at [meieri@sfasu.edu](mailto:meieri@sfasu.edu) by March 31, 2019.
