Stay Connected to ATMAE!

Want to stay up to date on what ATMAE has been working on for you? Interested in learning about the most recent developments in the Technology and Engineering industry?

Get your friends and follow us on [Facebook](#) and [Twitter](#) to see what's going on.

Job Opportunities in your Field!

Is Getting a Job Worth the Price of a Case of Beer?

ATMAE has one principle goal for you. We want to help you find a job...not just a job...a career. The question is: "What is that worth to you?" Is it worth a case of beer? That's the price of membership in our organization - \$25. Do you think that is a loaded question? The question certainly assumes a couple of things.

Are you a student in an Applied Engineering or Industrial Technology program? Do you like the field, find yourself thinking or talking about things like robotics, drones, Nano-tech, control technologies or construction technologies? Are you willing to "go the extra yard" - get involved in clubs or groups that care about similar things? If you said yes to these questions then we need to talk.

ATMAE wants to talk to you and to any of your friends who also think this way because we can help you find a job. We are bringing industry from all of these fields to you. We already have a [Career Center](#), a [conference](#) where you can meet companies actually hiring, we also have several [competitions](#) where you can show off your skills (and we are working to develop more). Schools with ATMAE Faculty either have or are developing [Student Chapters](#) as well. We just want to know, what more do you want? Short of walking into your dorm or apartment with a corporate recruiter in tow....what would help us help you?

Let's start the conversation...get your friends and follow us on [Facebook](#) and [Twitter](#) to see what's going on...or just give us a call at 630.433.4514! We want to help you get a job and being an [active member](#) in ATMAE is the best way to build the relationship AND to show that you stand above the rest of crowd.

Outstanding ATMAE Student Chapter Award Call for Nominations: Why it Matters to You?

ATMAE's Student Division recognizes the achievements of its campus [ATMAE Student Chapters](#) with an Outstanding [ATMAE Student Chapter Award](#), which may be awarded each year. Outstanding Student Chapters are recognized based on their exceptional efforts to engage ATMAE, their college, and their community. Exemplary ATMAE Student Chapters provide development opportunities that support student academic and

Looking for your first position in applied engineering, technology or management? Want to post your resume in an active Career Center?

The [ATMAE Career Center](#) is dedicated exclusively to technology and applied engineering professionals, and it's free!

Current employment opportunities include Safety Manager, Graphics Design Specialist, Director of Operations, Project Manager, Robotics Technician, and many more. Receive automatic notifications of new jobs matching your criteria just by signing up.

Post your resume - confidentially, if preferred - so employers can actively search for you. To get started, visit [ATMAE's Career Center](#), and select 'find a job' under Industry or Academic Jobs. Good luck in your job search!

professional growth through the realization of the ATMAE mission. Nominate your Student Chapter!

[Click here](#) for selection criteria, application materials, and procedures. If your Student Chapter is not already recognized by ATMAE, that's okay - just fill out the [Student Chapter Application](#). To be nominated for this award, Student Chapter Applications and membership dues of \$20 are due to ATMAE by **Friday, September 25, 2015**.

The 2015 Outstanding Student Chapter Award Nomination Form Deadline is **Friday, October 9, 2015**. Please send all nominations to ATMAE Student Division President, **Dr. Heshium Lawrence** at hlawrence@uttyler.edu.

If you have any questions, please contact Rachel at rachel@atmae.org or 630.433.4514.

2015 Student Robotic Competition Call for Registrations!

ATMAE is excited to announce that registration is open for the [2015 Student Robotics Competition](#)! This exciting event will take place Thursday, November 12th at the Sheraton Station Square Pittsburgh during the [ATMAE Annual Conference](#).

Here at ATMAE, we pride ourselves on creating professional development opportunities not only for our academic and industry members but emerging professionals like you. This is a great opportunity for you to show off your skills, knowledge and experience as one of the next leaders in robotics research and innovation!

Interested in participating? Check out [ATMAE's Robotics Competition](#) and Conference webpage. Here, you will find the competition timeline and agenda, details on the Robotics Obstacle Course and Relay Race, registration information, scoring summary, and much more! We are updating the website daily so make sure to check back frequently! Teams are required to [register online](#) for the competition by October 23rd, 2015. Remember, ATMAE Student Chapter teams receive a discounted rate on registration! For more information on how to start or join a local ATMAE Student Chapter at your school, [click here](#).

To gear up for the competition, ATMAE will be holding a Q&A Session Conference Call to discuss details and answer questions related to the 2015 ATMAE Robotics Competition. Conference Call is FREE and open to anyone who would like to learn more, ask questions or just listen in! [Sign Up Here!](#)

[FREE Q&A Robotics Competition Conference Call](#)

When: Wednesday, August 19th at 2pm central
Call: 877.728.0736, pass code: 28623

ATMAE has also established a special virtual group specifically created to share ideas, ask questions and discuss the 2015 Student Robotics Competition. To join the group, please go to the ATMAE 2015 [Robotics Competition Group Page](#). All are welcome!

If you have questions, contact Rachel, ATMAE Membership and Certification Coordinator at rachel@atmae.org or 630.433.4514.

Conference Keynote Address with Tesla Motors

Rodney D. Westmoreland Jr., STS of Tesla Motors presents "The New Technological Economy: How to Prepare for a Successful Career" at ATMAE Conference on Thursday morning, November 12, 2015. This Keynote address will discuss how Tesla's innovative practices have increased their share of the technology market. Mr. Westmoreland Jr. will also share expert insights for those

wanting a successful career in technology.

Students - don't miss out! [Register](#) for this event and much more by going to the [2015 ATMAE Conference](#) online registration page.

Tesla Motors, Inc. is an American automotive and energy storage company that designs, manufactures, and sells electric cars, electric vehicle powertrain components, and battery products.

Rodney D. Westmoreland Jr. is a graduate of North Carolina Agricultural & Technical State University. He holds the designation of a Safety Trained Supervisor (STS). Mr. Westmoreland Jr. previously worked for Hensel Phelps, one of the largest general contractors and construction managers in the United States.
