

## WHY become a member of ATMAE?

While more than 50% of manufacturing companies report plans of increasing production through 2019, more than 75% of manufacturers report moderate to severe shortage of skilled resources. It is estimated that manufacturers will experience up to 11% reduction in earnings given this shortage (Manufacturing Institute/Accenture, 2014).

ATMAE is a 501(c)(3) dedicated to the men and women who are working to change this trend. We represent over 500 community colleges, universities and their students. We want you to join ATMAE not just to help us with our mission but to also gain access to the trained workforce that will increase your profits!
