Why Exhibit

- Reach leading autism researchers, decision-makers, and grant holders
- Build brand visibility at a high-signal, science-first meeting
- Network with senior and emerging investigators across disciplines
- Extend visibility via the Meeting App (live through ≥30 days post-meeting)

Who Attends

- Senior and junior scientists/researchers
- Clinicians and educators
- Advocacy organizations, autistic self-advocates, parents, and stakeholders
- Policymakers and funders

Who Should Exhibit (Eligibility)

Appropriate:

- Scientific equipment
- Publications
- Research assessment instruments
- Research software and database services
- Organizations supporting autism research
- Products or technologies designed to enhance accessibility or inclusivity for autistic individuals (e.g., sensory-friendly furniture, communication aids, or adaptive tools that support participation in research or educational environments)

Not accepted:

- Service-delivery programs and specific therapies (applications of this type are not accepted)

All exhibits/sponsorships are reviewed and must be approved by INSAR.

Exhibit Options & Fees (USD)
