WHY ATTEND?
Upgrade the quality of care you provide to patients by enhancing your clinical skills and learning best practices. Our educational sessions are designed to assist you with the challenges you face each day.

- Network with thousands of clinical vascular access healthcare professionals from across the country.
- Tour the exhibit hall and familiarize yourself with the newest products and services that can improve outcomes.
- Master best practices from abstract posters and oral presentations.

AVA is dedicated to advancing vascular access through development of leadership skills among members and providing professional education that promotes safe and cost-effective use of vascular access devices and other equipment aimed at preventing complication among patients for whom vascular access is life-saving technology. We share best practices through our Networks, Publications, Scientific Meeting, Special Interest Groups and our website.

AVA’s Annual Scientific Meeting
is the premier event dedicated to scientific research and clinical best practices with vascular access.

AVA NETWORKS

The Association for Vascular Access is committed to providing an opportunity for members to broaden their knowledge of vascular access and related fields through local networking opportunities and education. AVA Networks offer vascular access professionals the opportunity to network with other professionals close to home. Network meetings offer educational sharing opportunities, continuing education credits, dinner meetings and quality dynamic speakers.

Join the AVA network near you today and become a part of a rewarding and energizing experience to help you grow as a vascular access professional. For more details about a network in your area, go to www.avainfo.org/networks

SURVEY PANEL
Your opinion matters! By submitting survey responses, you help AVA fund crucial projects to promote optimum decision-making by top healthcare brands - a direct line to improving patient care and clinical practice. You also receive a case honorarium for each survey.

The mission of AVA is to represent and advance the vascular access specialty and community and define standards of vascular access through an evidence-based approach to enhance healthcare and patient outcomes.
The Association for Vascular Access (AVA) is an association of healthcare professionals founded in 1985 to promote the emerging vascular access specialty. Today, its multidisciplinary membership advances research, provides professional and public education to shape practice, and enhance patient outcomes, and partners with the device manufacturing community to bring about evidence-based innovations in vascular access.

AVA’s unique multidisciplinary membership focuses on patient-centered care, safe insertion and maintenance of devices, vascular access service management, and staff and patient education. Through engagement in AVA-directed efforts, members advocate for patient safety and improved outcomes through identification and implementation of best practices and complication prevention.

BENEFITS OF MEMBERSHIP

- Subscription to JAVA, The Journal of the Association or Vascular Access
- Subscription to Intravascular Quarterly (IQ), our quarterly newsletter
- Reduced registration fee for AVA’s Annual Scientific Meeting
- Reduced rates to take the Vascular Access Certification Exam (VACC)
- 10% off tuition at Grand Canyon University
- 15% off scrubs and apparel at Scrub Identity
- Discounted CE credits
- Access to Local Networks
- Access to Industry Experts
- Access to Special Interest Groups
- Plus much, much more

The Vascular Access Certification Corporation (VACC) is dedicated to validation, through certification, of a specialized body of knowledge for all professionals working in the field of vascular access. VACC exam takers are assured the certification program meets the highest national voluntary standards. Visit www.vacert.org to learn more.

The AVA Foundation’s mission is to promote evidence-based practice to save lives through risk-free vascular access. With the generous support and financial help from the AVA membership and networks, corporation, and individuals throughout the world community, the AVA Foundation can create educational, research and community service opportunities that support best practices in vascular access. The foundation is a 501(c)(3) public charitable organization that relies solely on your donations to fund our initiatives. Your tax-deductible gifts play a vital role in helping to advance vascular access care. Visit www.avainfo.org/foundation to learn more about us and to make a difference in vascular access care.

The Pediatric Special Interest Group (PediSIG) is dedicated to best practice in vascular access for children and infants. Members enhance their knowledge and stay current by multidisciplinary participation and engagement at all levels. To join, visit www.avainfo.org/PediSIG
