

**“IV Challenges, Failures and Documentation “**

A full day Educational Seminar

**PolarVAN is excited to welcome special guest speakers**

Nadine Nakazawa, RN—“Clinical Decision Making for the Fundamental Principles of Vascular Access and its Impact”

Nadine Nakazawa has been a nurse at Stanford Hospital & Clinics for 38 years, with experience in oncology, infusion therapy, and vascular access. She developed the PICC Program at Stanford in 1990, and was the PICC Program Coordinator for 17 years.

Russ Nassof, JD—“PIV Failure- Why a New Standard of Care is Needed “

Mr. Nassof is an attorney who has been involved in the fields of health risk consulting and clinician education for over 15 years concentrating his work in the areas of infection prevention and risk/liability minimization for vascular access issues.

Tim Spencer, RN ANP VA-BC

“Strategy or Risk: The use of Midline Catheters”

Tim has been a Vascular Access specialist for 30yrs. He was the Clinical Nurse Consultant at Liverpool Hospital in Australia. He is fully trained in vascular ultrasound and facilitates that progressive role of U/S guided vascular Procedures.
