Every Patient is a Vascular Access Patient
So every Clinician must become a Vascular Access Clinician

- The Association for Vascular Access (AVA) was founded in 1985 to advance an emerging vascular access specialty
- AVA’s multidisciplinary membership unites around best practice for proper and safe insertion, care and maintenance of Vascular Access Devices (VADs)
- AVA Networks give vascular access enthusiasts a local community for advancing education and AVA principles
AVA is Networking

- Vascular Access is the most common invasive procedure in healthcare
- Recruit colleagues across all disciplines
- Bring guests to meetings & share AVA communications with them
- AVA is about education. Be an ambassador for vascular access
AVA is Best Practice

Protect the Patient • Educate the Clinician • Save the Line
AVA is Industry

- Most vascular access innovations come from industry
- Industry reps are great connectors for vascular access
  - Partnering: partner@avainfo.org
  - Industry Partner Certificate Program: vacert.org
AVA is Best Expectations

- Vicarium permanently and sustainably upgrades Infection Prevention & Vascular Access best practice
  - In the hospital, by aligning patient expectations with policy
  - After discharge, by creating a portable standard of care
- Vicarium is 100% tax deductible to the hospital
- Hospital becomes an institutional AVA Member

vicarium@avainfo.org
