

Tools to Improve **Network Operations** & Better Serve Your Members

Connect your member data, accounting and banking together to streamline your network.

AVA's Current Network Challenges

Network leaders are speaking out on their day-to-day challenges, and shared the following capabilities that would make running networks easier:

- ✓ Automate reporting requirements to AVA
- ✓ Share member data and collaborate between AVA and networks
- ✓ A less manual and time-consuming way to input and process member payments
- ✓ Streamline officer succession
- ✓ House banking information in one place
- ✓ Offer variety payment methods to reduce processing costs
- ✓ Provide more efficient ways to invoice members

Make Running Your Network Easier

With Billhighway, your network can:

- 1 Spend less time on administrating tasks so you can spend more time with members
- 2 Offer more member choices such as auto-renewal, installment payments, multi-year membership & foundation contributions
- 3 Save money on other systems
- 4 Unify member data, accounting and banking solutions to all work better together

Unify. Engage. Grow.

Billhighway makes running your network easier & more efficient by eliminating manual processes.

How We Help

These are just some of the benefits your AVA network can realize with Billhighway:

Member Invoicing: Meet your member where they're at with member-centric invoice solutions

Live Dashboards: Real-time monitoring of all key metrics

Payment Tasks: Pay bills, write checks and manage payment approval processes

New Member Approval Process: Sync member records between networks

Reports: Automated reporting sent directly to AVA

In-Person Payments: Accept checks and process credit cards via a mobile app

Accurate Automated Financials: Generate annual reports and year end tax reports easily

Reconciliation: Reconcile batch credit card files and other time consuming bank reconciliation tasks

Protect Your Network: PCI Level 1 compliance and risk mitigation best practices

Prepaid Cards: Spend and track funds through the system
