

## Avalanche Operations Level 2 - Module 2

### Sample Schedule

*Note: As with any tentative schedule, changes will be made as required to deliver the course. Also, please bring a substantial late afternoon snack to class to see you through until dinner; we often work late.*

#### **Day 1 Classroom and Field Trip**

0800	Introductions and course overview
0820	Day overview; team meetings; information exchange; risk management; decision making; waivers; and daily logistics
0900	Summary of winter weather and current avalanche conditions Introduction to hazard evaluation format and InfoEx
1015	Questions and organization with field trip groups
1030	Depart for field work (see detailed objectives in course notes)
1530	P.M. weather observations
1600	P.M. operations meeting (small groups)
1645	Information exchange (everyone)
1700	Break
1715	Case history
1745	Presentation: <i>Danger, Hazard and Risk</i>
1815	Conclusion of day

#### **Day 2 Field Trip**

0730	AM weather observations
0800	AM Operations Meeting (small groups)
0830	Depart for field work (see detailed objectives in course notes)
1530	P.M. weather observations
1600	P.M. operations meeting (small groups)
1645	Information exchange (everyone)
1700	Break
1715	Writing a: <i>Terrain Travel Advisory</i>
1745	Planning for Tomorrow
1800	Conclusion of day

#### **Day 3 Field Trip**

0730	A.M. weather observations
0800	A.M. operations meeting
0830	Field work (see details in course notes)

1530 P.M. weather observations  
1600 P.M. operations meeting  
1645 Information exchange  
1700 Break  
1530 Writing A: *Terrain Travel Advisory*  
1800 Presentation: *Office Tools for Avalanche Path Analysis*  
1900 Planning for tomorrow

**Day 4 Path Analysis (Field)**

0730 A.M. weather observations  
0800 A.M. operations meeting  
0830 Field work (see details in course notes)  
1400 P.M. operations meeting  
1430 Information Exchange  
1500 Module 3 – objectives and rating scheme  
Course Conclusion
