Glossary of terms

Accredited Provider – organizations that have demonstrated the ability to offer CNE for their own quality educational programs.

Accredited Approvers – organizations that have the ability to assess and monitor other's compliance with ANCC accreditation criteria and approve education activities offered by other organizations.

Approved Providers – Accredited Approver Units may approve Individual activities that meet the criteria for CNE and they can also approve local providers.

For example: Tennessee Nurses Association is an Accredited Approver but on their website they have a list of approved providers which is comprised of local hospitals, healthcare organization and schools of nursing that provide CNE locally.

ANCC website – has a list of all Providers and Approvers
