

Request for Accommodation Form

Accommodations are provided on an individual basis and depend on the nature of the disability or impairment, the documentation provided, and the requirements of the training or examination. AWI will make reasonable efforts to provide such accommodations, provided that sufficient notice of the need for such accommodations has been provided to AWI, the disability or impairment has been documented by a professional qualified to do so, the accommodations do not fundamentally alter the learning event or the measurement of the skills or knowledge the assessments are intended to measure, and do not result in an undue burden to AWI or other learners or examinees. A completed Request for Accommodation form and supporting documentation must be submitted to JuliaR@awi.org up to two weeks prior to the start date of the Institute.
