

Arizona Osteopathic Medical Association 97th Annual Convention – April 10-14, 2019 Leading the Way

Program Description: The Arizona Osteopathic Medical Association 97th Annual Convention has been developed by the physician members of the AOMA Professional Education Committee to provide continuing medical education for osteopathic physicians based on the seven core competencies of osteopathic medicine. This multi-specialty program is designed to present current evidence-based information that will augment practice skills and enhance patient care.

Educational Objectives:

- Review and update clinical and technical knowledge
- Identify and discern new clinical and technical information
- Discuss and relate medical knowledge and skills with peers
- Distinguish and practice the osteopathic approach to diagnoses and treatment of illness
- Recognize the interrelationships between physicians, patients, environment, and the community as a whole

Tentative Agenda
