

## AzLA [ALYAS] Report October 2017

**Updates: Our business meeting will be a YA Summit ReCap, and we will also have a blitz session to talk about the summit as well. We'll pull from those interested to be the next planning committee, and hopefully have some attendees from this past one present to discuss their takeaways and if they implemented anything they learned into their library!**

**Mariana and Lauren are discussing ways to bring YA authors to ALYAS. After discussing with Becky Brendel, we're looking into putting in a proposal for virtual conference to gage interest in a regular series for ALYAS members with YA authors and guests to boost engagement.**

**Action/Discussion Items for board meeting: N/A**
