

# AzLA Membership Committee Report

## October 2017

### **Updates:**

- A scholarship winner, Shawn San Roman, has been chosen for the 2017 Conference. There will only be one scholarship winner this year, as others we approached declined the scholarship. Congratulations to Shawn!
- Volunteers have been found for the Resume Review Clinic and slots for resume review are open online. A reminder email will be sent to both volunteers, participants, and potential participants.
- Plans are moving ahead to merge the Membership Committee with the Marketing & Advocacy Committee. Please see below for details.

### **Action/Discussion Items for board meeting:**

- We would like to create the “Membership, Marketing, & Outreach” Committee and dissolve the Membership and Marketing & Advocacy Committees.
- We came to this conclusion after seeing that not only do the two Committees’ duties overlap in many cases, each has a resource that complements the other’s needs: the Marketing & Advocacy Committee stays busy with tasks throughout the year, and the Membership Committee has an engaged and active membership.
- A description of the new committee is included as an attachment alongside this report.
