Dear Dr. Christ,

I am writing as President of the Arizona Medical Association, the largest organization in our state representing the physician community.

ArMA takes its responsibility very seriously to provide guidance to physicians in response to COVID-19. It is critically important to coordinate efforts on all levels to mitigate the spread of this virus, and we appreciate how massive that undertaking is.

The ArMA membership is asking for clinical guidance in several areas, including how to access the test kits and protective gear. We would like to coordinate with stakeholders to broadly share this critical information, so each clinician has access to appropriate resources to follow ADHS guidance.

I am respectfully requesting a meeting for Monday, March 16 to work through this strategy and communication. We are happy to come to ADHS for this meeting.

Please respond with availability for Monday as soon as possible so we can coordinate schedules and ensure appropriate leadership are able to participate. Thank you in advance for taking the time to meet with us.

Sincerely,

Susan M. Whitely, M.D.

Susan M. Whitely, MD
President
