

Organizational Affiliate

Unless we are making progress in our nursing every year, every month, every week, take my word for it - we are going back.

- Florence Nightingale

There has never been a better time for the trusted voice of nursing to work together. As a specialty organization related to nursing, you are invited to join AzNA as an **organizational affiliate** to continue the **progress** that Florence so eloquently identified over 150 year ago!

Let's make history together

Through increased communication, advocacy and collaboration among nursing-related specialty organizations in AZ, we can work together to advance the nursing profession for a healthy Arizona. Founded in 1919, AzNA is the largest nursing association in Arizona. Our work spans all segments of nursing practice. Partnerships are very important to our work. Please consider joining us as an organizational affiliate.

*Organizational Affiliates must be a nursing related organization and have a governing body comprised of a majority of registered nurses.
