Welcome to the Arizona Nurses Association (AzNA) Annual Convention and Membership Meeting.

I am excited to welcome you all to this year's convention! As the oldest nursing organization in the state, AzNA has a lot of experience providing a venue for nurses around the state and across all disciplines to come together for networking, fun, and education. This experience is reflected in the convention theme: celebrating nursing with meaningful connections.

This year, we have pulled together two jam-packed days for you (three, if you were here for the membership meeting). My wish is that each of you finds your own path through the agenda, using the time to gain the knowledge and connections you most need to energize your career. Of course, I also hope that you find time to share in the laughter and energy that will be infused throughout the presentations and events.

There will be opportunities to engage at the chapter level, making meaningful connections with your colleagues to celebrate all you have accomplished and chart a path for the next year. We will also hear from a slate of experts who will share their take on kindness, caring, and positivity. And you will play a role in hacking healthcare to create innovative solutions and harness data to improve outcomes. Finally, we will celebrate nursing by highlighting the power of nurses to make positive changes for ourselves and our patients while enjoying some good-hearted humor.

Thank you for taking the time to share in this event with me. Join me as we celebrate nursing with meaningful connections.

A Common Purpose - For Nurses

Since 1919, the Arizona Nurses Association (AzNA) has been helping nurses navigate an increasingly complex healthcare environment. AzNA is the premier statewide professional association of licensed registered nurses and is a constituent member of the American Nurses Association.

AzNA is not a union. We are a voluntary organization that works with everyone to get good things accomplished for nurses and their patients. Implementation of resolutions and bylaws amendments adopted at Convention is overseen by AzNA's elected Board of Directors and carried out by the many members who serve on AzNA committees, task forces and ad hoc groups, or who represent AzNA to other statewide professional organizations, or as appointees to committees and task forces of other groups such as the Arizona State Board of Nursing. Every member is encouraged to get involved.

As the largest and most widely recognized professional nursing organization in Arizona, our members represent all segments of nursing practice; bedside to administration, consulting to advanced practice, and education to legislation. AzNA members come from all practice settings: hospital, home and community health, public health, higher education, long-term care, school health, and policy.

As diverse as they are, AzNA members share a common purpose: Advancing excellence in nursing. It's a pursuit that requires commitment, involvement, and leadership - fortunately, these are inherent traits of nurses.

For more information about AzNA and all that we do, please visit our website at www.aznurse.org.

**Arizona State
University**

As one of the most recognizable careers in health care, nursing is a time-honored profession and a critical component of modern health care teams. For more than 60 years, the Edson College of Nursing and Health Innovation has been dedicated to preparing the next generation of nurse leaders, from the bedside to the boardroom.

So whether a nurse is starting their career or advancing to leadership positions, every ASU nurse knows they have the evidence-based skills to thrive.

BSN

POLITICAL ACTION COMMITTEE

The AzNA PAC is an organization whose members have joined by contributed money to the PAC. Overseen by a Board of Directors, AzNA PAC endorses candidates for the AZ legislature based on their alignment with AzNA's Public Policy Agenda. Endorsed candidates who become AZ legislatures vote on laws that impact our nursing profession, our practice and our patients.

The Arizona Nurses Association Political Action Committee:

- Raises money to educate nurses about politics.
- Raises money to contribute to selected campaigns. No AzNA dues are used for campaign contributions.
- Conducts educational programs for nurses.
- Develops and distributes questionnaires to candidates for the state legislature.
- Interviews candidates running for election to the state legislature.
- Evaluates candidates for endorsement based on interviews, questionnaire responses and voting records of incumbents.
- Organizes nurse volunteers to work on campaigns.
- Hosts timely "meet the candidate" receptions at AzNA functions.
- Publishes a list of Endorsed Candidates for primary and general elections.

Lobbying and Political Action have different Goals.

- **Lobbying** is the work of persuading an elected official to vote a particular way. The AzNA Public Policy Committee and Lobbyist fulfill this mission for AzNA.
- **Political Action** is the work of electing an official sympathetic to a particular philosophy. This is the mission of the AzNA PAC.
