The AZ Water Pretreatment/FOG Committee is hosting a workshop this fall to inform, educate, and train water and wastewater professional technicians, regulatory inspectors, managers, policymakers, and others on the latest developments in wastewater (industrial) pretreatment and FOG program management.

Take advantage of a well-informed, international customer base, support the workshop and Pretreatment/FOG Industry, and promote your organization with one of these amazing opportunities:

- **Workshop Vendor (15), $500:** One 8-foot table to set up your display and one free attendance registration. Your logo will be included on the Vendor page in the workbook. Fees for power source and additional attendees are not included. Dedicated time slots are built into the agenda for attendees to visit Vendors.

- **Workshop Sponsor, $500:** Signage at the main registration area and on the welcome screen. One half-page listing in the conference program. Workshop sponsors will be recognized at the beginning of each day. Attendance and a vendor table are not included but can be purchased as an upgrade.

- **Breakfast and/or Lunch Sponsor (4), $1,500:** Signage at the main registration area, on the welcome screen, and at the breakfast area. A 90-second description of your organization will be announced prior to breakfast/lunch. One half-page listing in the workbook. Attendance not included but can be purchased as an upgrade.

- **Happy Hour Sponsor (2):** Signage at the main registration area, on the welcome screen, and at the happy hour location. A 60-second description of your organization announced after afternoon break. One half-page listing in the workbook. Attendance not included but can be purchased as an upgrade.

- **Note – All sponsors and vendors will have time built in for ~5 minute presentations**
