

THE CORNERSTONE TO YOUR SUCCESS

ABOUT BACnet INTERNATIONAL

Corporate membership in BACnet International is essential for any company with products and services related to building automation and control systems. BACnet International encourages the successful use of the BACnet® protocol in building automation and control systems through conformance testing, interoperability events, educational programs and promotional activities. The BACnet International community includes top-tier companies involved in the design, manufacture, installation, commissioning and maintenance of control and other equipment that use BACnet for communication.

CORPORATE MEMBERSHIP BENEFITS

Value

- 50% discount on conformance testing hourly rate, in conjunction with discounts on participation rates for interoperability events.
- Discounted rates for participation in the BTL Certification process and use of the exclusive BTL Mark on your listed products, signaling they have met all interoperability guidelines.
- Discounted advertising in the BACnet International Journal publication.

Knowledge

- Access to a broad set of white papers, presentations, articles, webinars and other useful BACnet-related content.
- Subscription to useful and educational publications:
 - Cornerstones: newsletter, distributed monthly
 - The Journal: publication covering the application of the BACnet protocol, product and industry news, and Success Stories, distributed twice a year
 - Foundations: educational publication with more technical, in-depth articles, distributed twice a year

Exposure

- Company product(s) inclusion in the BACnet International member product catalog, which is publically available.
- Company logo appears in the Cornerstones newsletter and on the BACnet International website for length of membership along with a link to your company website.
- Ability to use the Member of BACnet International logo for length of membership (usage document applies)
- Opportunities to showcase company products and services in the BACnet International booth at trade shows such as AHR Expo, NFMT and LIGHTFAIR, and in the Journal publication.
- Chances for company and employee recognition through the annual BACnet International Awards, which honor the achievements of individuals and companies within the BACnet community.
- Opportunity to submit articles for the Journal, and present during BACnet educational tracks at trade shows to showcase industry expertise.
