Research has yet to discover a single source of genius, and may never exact a precise definition. What we do know is that breakthrough ideas can come to diverse individuals, and that you don't have to be DaVinci or Einstein to have a flash of clarity that results in a brilliant "aha" moment. Learn from local CEO's what they do to foster environments that nurture imagination and creativity, and yield sparks of genius.

Christopher Gatti, Nuvon, Inc.

Wayne Kimmel, Seventy-Six Capital

Miles Wilson, EducationWorks; and

Moderator:

Mary FitzGerald, the Moyer Foundation
