

Actuarial Boot Camp

The IABA Actuarial Boot Camp is the premier program for transitioning black actuarial students to the actuarial industry. The majority of our past attendees report that the Boot Camp was instrumental in confirming their interest in the career and helping them through the interview process. In many cases, they were introduced to their employer through their Boot Camp participation.

Here are just a few Boot Camp graduates who have successfully transitioned to the Actuarial industry.

Abena Adusei
Actuarial Analyst
Willis Towers Watson
Boot Camp Class, 2015

Davette Mosley
Actuarial Analyst
Lincoln Financial Group
Boot Camp Class, 2014

Joseph Amos
Specialist
Nationwide
Boot Camp Class, 2012

Franklin Fotsing
Senior Actuarial Associate
Prudential
Boot Camp Class, 2012

Teshawn Murray
Actuarial Intern
New York Life
Boot Camp Class, 2016

Jennifer Burkett
Actuarial Analyst
Aon
Boot Camp Class, 2013

The four-day program provides the following:

- Exposure to real world actuarial work
- Excel training
- Public speaking and presentation skills
- Mission, vision and career planning
- Resume workshops
- Mock interviews
- Networking with high-level executives of IABA's Corporate Advisory Council

The Boot Camp includes registration and accommodation at the IABA Annual Meeting, where you will experience additional networking and career development opportunities.

This week-long experience is provided free of charge, less a \$100 registration fee.
