

Cadillac & LaSalle Club Touring Recognition Program

PARTICIPATING IN DRIVING TOURS offers a time to enjoy our Cadillac-built automobiles as they were initially intended... to be driven. Local automobile museums or collections, cultural sites, and scenic attractions are typically part of a driving tour. All CLC members are welcome to participate.

The Cadillac & LaSalle Club has made available to participants of Club-recognized touring events special awards that commemorate significant driving milestones. These awards include special touring grille badges for eligible Cadillac & LaSalle vehicles. Continued participation can earn pins and senior touring designation for the grille badge. Details for this program are available on the CLC website, cadillaclasalleclub.org, or through the CLC Office at (614) 478-4622.
