

CLEANUP TIPS FROM CAI-NC

FOR DO-IT-YOURSELFERS:

[Tips for best ways to clean flooded items in your home](#) from the American Red Cross

FIND A QUALIFIED RESTORATION SERVICES PROVIDER FOR PROFESSIONAL HELP.

See CAI-NC member firms below:

A&I Fire & Water Restoration <http://www.ai-restoration.com/>

AFTERDISASTER Metrolina <https://www.afterdisasterofcharlotte.com/>

BluSky Restoration <https://goblusky.com/>

Care Master <https://caremasterclean.com/>

ServPro <https://www.servpro.com/>

Spangler Restoration <https://spanglerestores.com/>

Be wary of people who drive through neighborhoods offering help in cleaning up or repairing your home. Check references and be sure they are qualified to do the job. Remember also: Shoddy work can be hidden from view behind walls, etc. and you won't know if there is a problem until the next flood. Most building departments will want to inspect electrical and plumbing lines before the walls are covered with wallboard or paneling.

FIND CAI member firms who provide a wide variety of helpful services such as:

Insurance
Contractors
Engineers
Water Issues
Environmental
Fencing
Electrical
