

2017 Legislative Review

We are pleased to note that SB 814: AN ACT ESTABLISHING A PILOT PROGRAM WITHIN THE PROBATE COURT SYSTEM FOR THE MEDIATION OF CONDOMINIUM-RELATED DISPUTES has died. We are especially grateful to Sen. Cathy Osten for taking the time to meet with us and several of her constituents; George Sellman, President of The Villages at Loveland Hills in Hebron and N. Lynne McCarron, CMCA of Phoenix Property Management. We had a very productive meeting and also discussed the importance of education for association boards and homeowners. We hope to offer a program in the Norwich area in the near future.

Thank you to those of you who provided testimony and/or came to the Capitol to testify in person. Your time and efforts make a big difference in helping us to both defeat bills that would wind up harming our members as well as promoting legislative proposals that would benefit our industry.
