

IROC / IQS
INTEGRATION
PROJECT

Updated 2-9-26

THE ISSUE

IROC is designed as a mobilization platform, and is not designed as a personnel qualification platform

IROC has been used, and is currently being used by many departments to manage personnel overhead qualifications

IROC DATA STANDARDS

SECTION VII. OVERHEAD RESOURCE ITEM INFORMATION

“IROC is not the approved recording keeping system for NWCG or agency specific incident position qualifications and certifications for single resource overhead responders. Overhead single resource responders certified by an NWCG federal, state, local, Tribal and territorial partner agency, including Federal ADs and State EFFs, should not be added in IROC manually, these responders shall be integrated into IROC via the IRWIN integration by their respective agency qualification system.”

EXAMPLES OF PERSONNEL QUALIFICATIONS

Strike Team Leader

Division Group Supervisor

Command and General Staff Positions

Unit Leader Positions

Fireline EMTF or EMTP

REMS Module members

AGENCY QUALIFICATION SYSTEMS

IQCS Federal agencies

Cal QMS Cal Fire, implemented 2025

IQS Local Government

CA LG RESOURCES CURRENTLY MANAGED IN IROC, NEED TO BE MOVED TO IQS

- 324 Departments
- 6900 Records

CA LG CURRENTLY USING IQS

Over 100 departments

Over 18000 records

67% of Overhead records in California already in IQS

All Cal Fire Contract County departments are using IQS

- IQS is run by nearly every state outside of CA and manages more resources than any other qual system

IQS OPTIONS

- **Single Department Integration**
- **Dispatch / Operational Area Integration**

Examples: Confire (XBO)

Verdugo (XLC)

SYSTEM SET-UP

IQS links to IRWIN which links to IROC

Linked by Operational Areas so orders are filled according to the mutual aid plan

Maintains the integrity of the mutual aid system
