Latest on Misconduct Investigation(s) – Senator Tony Mendoza

Statement from Senate Rules Committee

SACRAMENTO – All members of the California Senate Rules Committee released the following statement after today’s executive session meeting:

“The Senate’s independent investigative law firms of Gibson Dunn and Van Dermyden Maddux have completed their investigation of sexual harassment allegations against Senator Tony Mendoza. This morning the factual findings of the investigation were presented to the Rules Committee by Legislative Counsel Diane Boyer-Vine and the Senate’s outside employment counsel, Heather Irwin from Gordon Rees LLP.

“The Committee will take the facts and findings under advisement and return on Tuesday, February 20th to finalize recommendations to the body on the matter. If disciplinary action is recommended, the facts and findings of the investigative report will...
be presented to both the Senate Democratic and Republican Caucuses on Wednesday, February 21st.

“If the Rules Committee recommends disciplinary action and a resolution is considered on the Senate floor, Senator Mendoza, who was afforded significant opportunity to present his position during the investigative process, will have the opportunity to contest the recommendation on the Senate floor.

“Under California Constitution Article IV, Section 5, the suspension or expulsion of a sitting Senator may only be carried out by a two-thirds vote of the Senate body. Censure of a sitting Senator requires a majority vote of the Senate body.”

**LAO Releases The 2018-19 Budget: Resources and Environmental Protection**
As previously reported, the Governor’s Budget includes $26.6M to establish a Firefighter Training and Certification Program for ex-offenders to provide education and training to become a firefighter. The program would create a training center at the Ventura Conservation Camp available for up to 80 ex-offenders. The California Conservation Corps would be the employer of record and CAL FIRE would be responsible for the administration of the facility, training and certification.

This week, the Legislative Analyst’s Office released its analysis of *The 2018-19 Budget: Resources and Environmental Protection*. The “LAO Bottom Line: We recommend that the Legislature reject the Governor’s proposal to convert the existing Ventura conservation camp for inmates into a new Ventura Training Center that would provide a firefighter training and certification program for parolees. We find that the proposed program is unlikely to be the most cost-effective approach to reduce recidivism.” Full report [here](#).

**LEGISLATIVE UPDATE**

The following bills of interest were introduced this week:

**Assembly Bill 2144** *(Chen)* would state the intent of the Legislature to enact legislation relating to state parks wildfire prevention efforts.

**Assembly Bill 2238** *(Aguiar-Curry)* would require LAFCOs to consider any relevant hazard mitigation plan or safety element of a General Plan, if a proposed change will affect any land identified as a very high fire hazard severity zone or land determined to be in a state responsibility area.

**Assembly Bill 2280** *(Chen)* is an emergency medical transport provider spot bill.

**Assembly Bill 2293** *(Reyes)* would require the Emergency Medical Services Authority, in developing regulations for the issuance of EMT-I and EMT-II certificates, to ensure that conviction for an offense other than murder or rape, shall not be grounds for determining that public health and safety required denial of the certificate if an individual is no longer incarcerated and has completed a California Conservation Camp program.

**Assembly Bill 2333** *(Wood)* would declare the intent of the Legislature to enact legislation to bolster the mental health response from OES during a state declared emergency.
Assembly Bill 2436 (Mathis) would require the State Department of Health Care Services (DHCS) to establish payment rates for ground ambulance services based on changes in the Consumer Price Index-Urban and the Geographic Practice Cost Index. Additionally, the DHCS would be required to designate a specific ambulance cost study conducted by the Federal Accountability Office as the evidentiary base.

Senate Bill 1169 (Anderson) would create the Wildfire Incident Penalty and Fire Fund and would require 10% of any penalty or fine for a violation assessed by the California Public Utilities Commission to be deposited in such fund.

**Summary:** Current provides that under an open policy that requires payment of actual cash value, the measure of the actual cash value recovery, in whole or partial settlement of the claim, is, in the case of a total loss to the structure, the policy limit or the fair market value of the structure, whichever is less, and, in the case of a partial loss to the structure or loss to its contents, the amount it would cost the insured to repair, rebuild, or replace the thing lost or injured less a fair and reasonable deduction for physical depreciation based upon its condition at the time of the injury or the policy limit, whichever is less. This bill would delete the provisions regarding the actual cash value of the claim of total loss to the structure and would instead require that the actual cash value of the claim, for either a total or partial loss to the structure or its contents, be the amount it would cost the insured to repair, rebuild, or replace the thing lost or injured less a fair and reasonable deduction for physical depreciation based upon its condition at the time of the injury or the policy limit, whichever is less.

Summary: Current law provides that, after January 1, 2008, a general acute care hospital building that is determined to be a potential risk of collapse or to pose significant loss of life in the event of seismic activity be used only for nonacute care hospital purposes, except that the Office of Statewide Health Planning and Development may grant 5-year and 2-year extensions under prescribed circumstances. Current law additionally allows the office to grant a hospital that has received extensions under specified provisions an extension of up to 7 years for a hospital building that it owns or operates if the hospital meets specified milestones. The office may revoke an extension granted pursuant to the latter authority under certain circumstances. This bill would require the office to provide a 30-day notice to the hospital prior to revoking an additional extension as described above and to provide the hospital with the opportunity to provide evidence and information to challenge the revocation.

Current law requires the county auditor to apportion, as specified, the net operating expenses of the local agency formation commission among the county, cities, and special districts within the commission’s jurisdiction. This bill, for the 2019–20 fiscal year, and for each fiscal year thereafter, would require the vehicle license fee adjustment amount to be the sum of the vehicle license fee adjustment amount for the prior fiscal year and the product of the amount as so described and the percentage change from the prior fiscal year in gross taxable assessed valuation within the jurisdiction of the entity.

AB 2273  (Jones-Sawyer  D)  Electrified security fences: permitted use.

Current law requires the funds resulting from penalties imposed to be deposited in the Medi-Cal Emergency Medical Transport Fund. ### Summary:
Current law prescribes the standard form for a fire insurance policy or county fire insurance policy. Current law imposes a 12-month statute of limitations in which to bring suit under a fire insurance policy or a county fire insurance policy after a loss. Summary: Current law requires an insurer, in the event of a loss under a residential insurance policy for which the insured has made a claim for additional living expenses, to provide the insured with a list of items that the insurer believes may be covered under the policy as additional living expenses. This bill would provide that a policy that does not cover the peril of landslide shall not
exclude coverage for any loss or damage attributable to a landslide if the landslide resulting in loss or damage was proximately caused by another covered peril, as provided. The bill would state that it does not constitute a change in, but is declaratory of, existing law.

The California Global Warming Solutions Act of 2006 requires the State Air Resources Board to adopt a statewide greenhouse gas (GHG) emissions limit equivalent to the statewide GHG emissions level in 1990 to be achieved by 2020. Current law requires specified state agencies to prepare and submit to the Secretary for Environmental Protection specified information for inclusion in an annual greenhouse gas emission reduction report card, including a list of measures that the state agency has adopted or implemented, or that are needed, to meet GHG emission reduction targets, as defined, and information regarding the agency’s own GHG emissions. The bill would also authorize a contracting agency who terminates its contract with the board to transfer the assets accumulated in the system to a pension provider designated by the contracting agency.

**SB 1033**
(Moorlach R)  
Public employees’ retirement: reciprocal benefits: actuarial liability.

**Summary:** Would require that an agency participating in PERS that increases the compensation of a member who was previously employed by a different agency to bear all actuarial liability for the action, if it results in an increased actuarial liability beyond what would have been reasonably expected for the member. The bill would require, in this context, that the increased actuarial liability be in addition to reasonable compensation growth that is anticipated for a member who works for an employer or
multiple employers over an extended time. The bill would require, if multiple employers cause increased liability, that the liability be apportioned equitably among them.
