Re: FIRE Legislative Report – Week Ending 06/04/2021

Legislative Update

After an urgent Call to Action by the leadership of the FDAC and the CFCA, on Wednesday night the Assembly and Senate Budget Committees voted to add a provision to the State Budget appropriating $100 million from the General Fund for the Department of Finance to provide fiscal relief to special districts who can justify fiscal duress due to a revenue decline or increase in costs related to their role in response to the COVID-19 pandemic. Legislative leaders will include this funding on their list of priorities as they negotiate with the Newsom Administration in finalizing the Budget. The item is now in the Budget mix because of the advocacy of the fire service and other special districts working with the CSDA.

Several measures of interest passed off the Floors of the Legislature in this deadline week. Bills that passed the Assembly and will be scheduled soon for hearings in the Senate include:

**Assembly Bill 389 (Grayson)** is the bill sponsored by Contra Costa County to expressly authorize a county to contract for emergency ambulance services with a fire protection district that is governed by the county’s board of supervisors and provides those services in whole or in part through a written subcontract with a private ambulance service. **FIRE POSITION: Support if Amendment.**

**Assembly Bill 418 (Valladares)** would establish the Community Power Resilience Grant program to be administered by Cal OES. **FIRE POSITION: Support.**

**Assembly Bill 480 (Carrillo)** would expand and improve reporting to OES and the CUPAs of hazardous releases and would provide clear access routes for local fire agencies pertaining to hazardous release designated sites. **FIRE POSITION: Support.**
Assembly Bill 1071 (Rodriguez) would require Cal OES to conduct tabletop exercises of the State’s catastrophic response plans on a biennial basis. FIRE POSITION: Watch.

Assembly Bill 1104 (Grayson) would extend the sunset date on the Emergency Medical Air Transportation Act penalty assessment until December 31, 2022, and require air ambulance rates in fee-for-service and managed care Medi-Cal to be reimbursed at 80% of Medicare rates effective January 1, 2023. FIRE POSITION: Support.

Assembly Bill 1431 (Frazier) would establish goals for fuel reduction and vegetation management contained in the California Carbon Plan. FIRE POSITION: Under Review.

Assembly Bill 1441 (Cervantes) would require Cal OES, upon request, to provide assistance to local agencies who are developing emergency plans for the treatment of critically ill newborn infants during disasters. FIRE POSITION: Watch.

Assembly Bill 1568 (Comm. on Emergency Management) would require Cal OES to establish a statewide registry of businesses and organizations that assist in disaster response and recovery. FIRE POSITION: Watch.

Bills that passed the Senate and are headed to the Assembly include:

Senate Bill 12 (McGuire) would require fire hazard planning findings prior to permitting development in very high fire hazard severity zones and provide for grant opportunities to assist in the planning costs. FIRE POSITION: Support.

Senate Bill 72 (Susan Rubio) would require the Department of Insurance to report on recommendations for vegetative management projects based on nonrenewal of insurance policies and would require the FAIR Plan to contract for a study on community fire mitigation risks. FIRE POSITION: Watch.

Senate Bill 109 (Dodd) would establish the Office of Wildfire Technology Research and Development within Cal OES. FIRE POSITION: Support.

Senate Bill 332 (Dodd) has been narrowed to provide limited liability for damages caused by negligent prescribed burns. FIRE POSITION: Watch.

Senate Bill 456 (Laird) would require the regular updating of the Forest Management Task Force’s recently released “California Wildfire and Forest Resilience Plan”. FIRE POSITION: Watch.

Senate Bill 533 (Stern) relating to PSPS, would require electrical utility companies to collaborate with local governments, tribal governments, and community choice aggregators within its service area to identify critical circuits and microgrid projects that need to be addressed in the PSPS setting. FIRE POSITION: Watch.
**Senate Bill 804 (Glazer)** would require the California Conservation Corps, in partnership with CAK FIRE and the Department of Corrections, to establish a forestry training center that will allow formerly incarcerated individuals who meet certain eligibility requirements to enroll. *FIRE POSITION: Watch.*

- **Introduced:** 12/18/2020
- **Last Amend:** 4/20/2021
- **Status:** 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was L. GOV. on 4/15/2021) (May be acted upon Jan 2022)
- **Location:** 4/30/2021-A. 2 YEAR

**Summary:** Would, notwithstanding any inconsistent provision of a city’s or county’s general plan, specific plan, zoning ordinance, or regulation, would require that a housing development be an authorized use on a site designated in any local agency’s zoning code or maps for commercial uses if certain conditions apply. Among these conditions, the bill would require that the housing development be subject to a recorded deed restriction requiring that at least 20% of the units have an affordable housing cost or affordable rent for lower income households, as those terms are defined, and located on a site that satisfies specified criteria.

jurisdictions with one-time grant funds to support regional coordination and expand or develop local
capacity to address their immediate homelessness challenges informed by a best-practices framework
focused on moving homeless individuals and families into permanent housing and supporting the
efforts of those individuals and families to maintain their permanent housing. This bill would establish
minimum health and safety standards for homeless shelters, as defined, including, but not limited to,
minimum standards for homeless shelter maintenance, interior air quality, sleeping rooms, and
laundries. The bill would require the housing, building, or health department of a local agency to serve

**Summary:** Current law provides for the creation by local ordinance, or by ministerial approval if a local
agency has not adopted an ordinance, of accessory dwelling units in areas zoned to allow single-family
or multifamily dwelling residential use in accordance with specified standards and conditions. This bill
would authorize the Treasurer, within 6 months of the effective date of these provisions, to develop
the Help Homeowners Add New Housing Program with the purpose of assisting homeowners, as
defined, in qualifying for loans to construct additional housing units on their property, including
accessory dwelling units and junior accessory dwelling units. The bill would, with regard to the
development of the program, authorize the Treasurer to consult with the California Housing Financing
Agency, the Department of Housing and Community Development, and various other entities, including
private lenders, community development financial institutions, community-based organizations, and
local housing trust funds.

**Summary:** The Density Bonus Law requires a city or county to provide a developer that proposes a
housing development in the city or county with a density bonus and other incentives or concessions for
the production of lower income housing units, or for the donation of land within the development, if the
developer agrees to, among other things, construct a specified percentage of units for very low
income, low-income, or moderate-income households or qualifying residents, including lower income
students. Current law requires the amount of a density bonus and the number of incentives or
concessions a qualifying developer receives to be pursuant to a certain formula based on the total
number of units in the housing development, as specified. This bill would prohibit affordable housing
impact fees, including inclusionary zoning fees and in-lieu fees, from being imposed on a housing
development's affordable units.

Summary: Current law requires a city, county, or special district that has an internet website to make available on its internet website certain information, as applicable, including its current schedule of fees and exactions. This bill, among other things, would require, on and after January 1, 2022, a city, county, or special district that conducts an impact fee nexus study to follow specific standards and practices, including, but not limited to, (1) that prior to the adoption of an associated development fee, an impact fee nexus study be adopted, (2) that the study identify the existing level of service for each public facility, identify the proposed new level of service, and include an explanation of why the new level of service is necessary, and (3) if the study is adopted after July 1, 2022, either calculate a fee levied or imposed on a housing development project proportionately to the square footage of the proposed units, or make specified findings explaining why square footage is not an appropriate metric to calculate the fees.

Summary: Would prohibit a city or county from imposing a specified fee or exaction if the total dollar amount of the fees and exactions that a city or county would impose on a proposed housing development is greater than 12% of the city’s or county’s median home price unless approved by the Department of Housing and Community Development. The bill would authorize a city or county to seek approval from the department to impose a fee or an exaction that would result in the total dollar amount of fees and exactions exceeding that limitation by making a specified finding and submitting a completed application for a waiver. The bill would require the department to develop a standard form application for a waiver in conjunction with the Governor’s Office of Planning and Research.

**Location:** 6/3/2021-S. GOV. & F.
Summary: The Local Agency Public Construction Act regulates contracting by local agencies, including counties and special districts. The act, for a county, imposes a $5,000 cap when the total amount of the original contract does not exceed $50,000. For any original contract that exceeds $50,000, but does not exceed $250,000, the cap is 10% of the amount of the original contract. For contracts whose original cost exceeds $250,000, the cap is $25,000 plus 5% of the amount of the original contract cost in excess of $250,000, and prohibits a change or alteration cost from exceeding $210,000. This bill would authorize the County of Los Angeles to add a new change order cap of $400,000 for contracts whose original cost exceeds $25,000,000 and of $750,000 for contracts whose original cost exceeds $50,000,000, both of which would be adjusted annually to reflect the percentage change in the California Consumer Price Index.

**Summary:** The Bergeson-Peace Infrastructure and Economic Development Bank Act establishes the California Infrastructure and Economic Development Bank (bank) and sets forth the powers and duties of the bank including authority to make loans, issue bonds, and provide financial assistance relating to economic development or public development facilities. This bill would require the Department of Housing and Community Development and the bank to develop a proposed program, as specified, to
invest in the building of offsite industrialized housing to support the policy goal of increasing the state's capacity to quickly respond to additional housing needs precipitated by homelessness, wildfires, COVID-19, or other emergency situations. The bill would require the department and the bank to report its recommendations to the Legislature by January 1, 2023, including whether and how industrialized housing would alleviate the state’s housing, homelessness, and disaster response needs.

Location: 5/7/2021-A. 2 YEAR  
Summary: Current law requires the Director of Forestry and Fire Protection to identify areas in the state as very high fire hazard severity zones based on the severity of fire hazard that is expected to prevail in those areas, as specified, and requires each local agency to designate, by ordinance, the very high fire hazard severity zones in its jurisdiction. Current law additionally requires the director to classify lands within state responsibility areas into fire hazard severity zones. This bill, beginning on or after January 1, 2022, would prohibit the legislative body of a city or county from entering into a residential development agreement for property located in a very high fire risk area. The bill would define “very high fire risk area” for these purposes to mean a very high fire hazard severity zone designated by a local agency or a fire hazard severity zone classified by the director.

**AB 1398** (Bloom D) Planning and zoning: housing element: rezoning of sites: prohousing local policies.

Introduced: 2/19/2021
Last Amend: 5/3/2021
Status: 6/3/2021-In Senate. Read first time. To Com. on RLS. for assignment.
Location: 6/3/2021-S. RLS.

Summary: The Planning and Zoning Law, requires a county and city to adopt a comprehensive, long-term general plan for the physical development of the county or city, and specified land outside its boundaries, that includes, among other things, a housing element. Current law requires that the housing element include, among other things, an inventory of land suitable and available for residential development. If the inventory of sites does not identify adequate sites to accommodate the need for groups of all household income levels, as provided, current law requires that the local government zone sites within specified time periods. If the local government fails to adopt a housing element within 120 days of the applicable statutory deadline, existing law requires that the local government (A) complete this rezoning no later than 3 years and 120 days from the statutory deadline for the adoption of the housing element and (B) revise its housing element every 4 years until the local government has adopted at least 2 consecutive revisions by the statutory deadline. This bill would require that a local government that fails to adopt a housing element that the Department of Housing and Community Development has found to be in substantial compliance with state law within 120 days of the statutory deadline to complete this rezoning no later than one year from the statutory deadline for the adoption of the housing element.

Summary: Current law requires that every building or structure, and every portion thereof, be designed and constructed to resist stresses produced by lateral forces as provided in the State Building Standards Code. Current law requires city and county building departments to enforce these
provisions and prohibits a person from constructing a building subject to these requirements without obtaining a written permit for that purpose from the appropriate enforcement agency. Current law excludes certain buildings from these requirements, including a building not intended primarily for occupancy by human beings and located entirely outside the limits of a city or city and county. This bill would make nonsubstantive changes to these exclusions.

**Summary:** The Planning and Zoning Law requires each county and city to adopt a comprehensive, long-term general plan for its physical development, and the development of certain lands outside its boundaries, that includes, among other mandatory elements, a housing element. This bill, the Neighborhood Homes Act, would deem a housing development project, as defined, an allowable use on a neighborhood lot, which is defined as a parcel within an office or retail commercial zone that is not adjacent to an industrial use. The bill would require the density for a housing development under these provisions to meet or exceed the density deemed appropriate to accommodate housing for lower income households according to the type of local jurisdiction, including a density of at least 20 units per acre for a suburban jurisdiction.

**Summary:** The Planning and Zoning Law provides for the creation of accessory dwelling units by local
ordinance, or, if a local agency has not adopted an ordinance, by ministerial approval, in accordance
with specified standards and conditions. This bill, among other things, would require a proposed
housing development containing no more than 2 residential units within a single-family residential
zone to be considered ministerially, without discretionary review or hearing, if the proposed housing
development meets certain requirements, including, but not limited to, that the proposed housing
development would not require demolition or alteration of housing that is subject to a recorded
covention, ordinance, or law that restricts rents to levels affordable to persons and families of
moderate, low, or very low income, that the proposed housing development does not allow for the
demolition of more than 25% of the existing exterior structural walls, except as provided, and that the
development is not located within a historic district, is not included on the State Historic Resources

**Summary:** Would, notwithstanding any local restrictions on adopting zoning ordinances, authorize a
local government to adopt an ordinance to zone any parcel for up to 10 units of residential density per
parcel, at a height specified in the ordinance, if the parcel is located in a transit-rich area or an urban
infill site, as those terms are defined. The bill would specify that an ordinance adopted under these
provisions, and any resolution to amend the jurisdiction’s General Plan, ordinance, or other local
regulation adopted to be consistent with that ordinance, is not a project for purposes of the California
Environmental Quality Act. The bill would impose specified requirements on a zoning ordinance
adopted under these provisions, including a requirement that the zoning ordinance clearly demarcate
the areas that are subject to the ordinance and that the legislative body make a finding that the
ordinance is consistent with the city or county’s obligation to affirmatively further fair housing.

Summary: Current law requires that the Office of Planning and Research, among other things, coordinate with appropriate entities, including state, regional, or local agencies, to establish a clearinghouse for climate adaptation information for use by state, regional, and local entities, as provided. This bill would require the safety element, upon the next revision of the housing element or the hazard mitigation plan, on or after July 1, 2024, whichever occurs first, to be reviewed and updated as necessary to include a comprehensive retrofit strategy to reduce the risk of property loss and damage during wildfires, as specified, and would require the planning agency to submit the adopted strategy to the Office of Planning and Research for inclusion into the above-described clearinghouse.

Summary: Would, in furtherance of specified state housing production, sustainability communities strategies, greenhouse gas reduction, and wildfire mitigation goals, prohibit the creation or approval of a new development, as defined, in a very high fire hazard severity zone or a state responsibility area unless there is substantial evidence that the local agency has adopted a comprehensive, necessary, and appropriate wildfire prevention and community hardening strategy to mitigate significant risks of loss, injury, or death, as specified. By imposing new duties on local governments with respect to the approval of new developments in very high fire hazard severity zones and state responsibility areas, this bill would impose a state-mandated local program.

Summary: Current law authorizes a person to request an audit to determine whether a fee or charge levied by a local agency exceeds the amount reasonably necessary to cover the cost of any product, public facility, or service provided by the local agency. If a local agency does not comply with the above-described disclosure requirement for 3 consecutive years, existing law prohibits the local agency from requiring that person to make a specified deposit and requires the local agency to pay the cost of the audit. This bill, additionally, would require that audit to include each consecutive year the local agency did not comply with the disclosure requirement. The bill would make clarifying changes to that provision.

Summary: The Planning and Zoning Law requires the Department of Housing and Community Development to notify the city, county, or city and county, and authorizes the department to notify the Attorney General, that the city, county, or city and county is in violation of state law if the department finds that the housing element or an amendment to that element, or any specified action or failure to act, does not substantially comply with the law as it pertains to housing elements or that any local government has taken an action in violation of certain housing laws. Would prohibit a local agency, as defined, from imposing a floor-to-area ratio standard that is less than 1.0 on a housing development project that consists of 3 to 7 units, or less than 1.25 on a housing development project that consists of 8 to 10 units. The bill would prohibit a local agency from imposing a lot coverage requirement that would preclude a housing development project from achieving the floor-to-area ratios described above.

The bill would require a city or county to amend a certain ordinance to authorize a residential solar energy system and an energy storage system to use the online, automated permitting platform. Summary: The Planning and Zoning Law, among other things, provides for the creation of accessory dwelling units by local ordinance, or, if a local agency has not adopted an ordinance, by ministerial approval, in accordance with specified standards and conditions. Current law prohibits a local agency’s accessory dwelling unit ordinance from imposing a setback requirement of more than 4 feet from the side and rear lot lines for an accessory dwelling unit that is not converted from an existing structure or a new structure constructed in the same location and to the same dimensions as an existing structure. This bill would remove the above-described prohibition on a local agency’s accessory dwelling unit ordinance, and would instead provide that the rear and side yard setback requirements for accessory dwelling units may be set by the local agency. The bill would authorize an accessory dwelling unit
applicant to submit a request to the local agency for an alternative rear and side yard setback requirement if the local agency’s setback requirements make the building of the accessory dwelling unit infeasible.

**Location:** 5/28/2021-A. H. & C.D.

**Summary:** Current law requires a local agency to ministerially approve an application for a building permit within a residential or mixed-use zone to create multiple accessory dwelling units within the portions of an existing multifamily dwelling structure that are not used as livable space, if each unit complies with state building standards for dwellings. Current law requires a local agency to allow at least one accessory dwelling unit within an existing multifamily dwelling structure and up to 25% of the existing multifamily dwelling units. This bill, until January 1, 2025, would specify that a local agency is required to allow an accessory dwelling unit under these provisions within an existing mixed-use or multifamily structure, and that the accessory dwelling unit may be constructed within portions of the structure used for commercial space, industrial space, retail space, or other vacant space if each unit complies with state building standards for dwellings.

**Summary:** The California Disaster Assistance Act requires the Director of Emergency Services to provide financial assistance to local agencies for their personnel costs, equipment costs, and the cost of supplies and materials used during disaster response activities, incurred as a result of a state of emergency proclaimed by the Governor, subject to specified criteria. Under the act, the state share for eligible project costs is generally 75% of total eligible costs, and for specified incidents, the state share is up to 100% of total eligible costs. The act continuously appropriates moneys in the Disaster Assistance Fund and its subsidiary account, the Earthquake Emergency Investigations Account, without regard to fiscal year, for purposes of the act. This bill would allow for a state share of up to 100% of total eligible costs related to the Creek Fire that started on September 4, 2020, in the Counties of Fresno and Madera.

Summary: The Knox-Keene Health Care Service Plan Act of 1975 provides for the licensure and regulation of health care service plans by the Department of Managed Health Care, and makes a willful violation of the act a crime. Current law provides for the regulation of health insurers by the Department of Insurance. Current law authorizes a health care service plan or health insurer to contract with a provider for alternative rates of payment and authorizes a plan or insurer to seek reimbursement from a provider who has been overpaid for services. This bill would authorize the Director of the Department of Managed Health Care or the Insurance Commissioner to require a health care service plan or health insurer to provide specified payments and support to a provider during and at least 60 days after the end of a declared state of emergency or other circumstance if two conditions occur, as specified.

**Current Text:** Amended: 5/24/2021 [html](#) [pdf](#)

**Introduced:** 2/18/2021

**Last Amend:** 5/24/2021

**Status:** 6/2/2021-In Senate. Read first time. To Com. on RLS. for assignment.
Summary: Current law imposes a penalty of $4 until July 1, 2021, upon every conviction for a violation of the Vehicle Code or a local ordinance adopted pursuant to the Vehicle Code, other than a parking offense. The act requires the county or court that imposed the fine to transfer the revenues collected to the Treasurer for deposit into the Emergency Medical Air Transportation and Children’s Coverage Fund. Current law requires the assessed penalty to continue to be collected, administered, and distributed until exhausted or until December 31, 2022, whichever occurs first. These provisions remain in effect until January 1, 2024, and are repealed effective January 1, 2025. This bill would extend the assessment of penalties pursuant to the above-described provisions until December 31, 2022, and would extend the collection and transfer of penalties until December 31, 2023.

Location: 4/30/2021-A. 2 YEAR
Summary: The California Global Warming Solutions Act of 2006 authorizes the State Air Resources Board to include in its regulation of emissions of greenhouse gases the use of market-based compliance mechanisms. Current law requires all moneys, except for fines and penalties, collected by the state board from a market-based compliance mechanism to be deposited in the Greenhouse Gas Reduction Fund (fund) and to be available upon appropriation by the Legislature. Current law continuously appropriates 35% of the annual proceeds of the fund for transit, affordable housing, and sustainable communities programs and 25% of the annual proceeds of the fund for certain components of a specified high-speed rail project. This bill would require the state board, in each scoping plan update prepared by the state board after January 1, 2022, to include, consistent with the act, recommendations for achieving the maximum technologically feasible and cost-effective reductions of emissions of greenhouse gases and black carbon from wildfires.

**Location:** 5/13/2021-A. EMERGENCY MANAGEMENT
Summary: Current law requires, during any state of war emergency, or state of emergency when the need arises for outside aid in any county, city and county, or city, aid to be rendered in accordance with approved emergency plans. In periods other than a state of war emergency, a state of emergency, or a local emergency, current law authorizes state agencies and political subdivisions to exercise mutual aid powers in accordance with the Master Mutual Aid Agreement and local ordinances, resolutions, agreements, or plans. Existing law defines the Master Mutual Aid Agreement, an agreement between the state and its various departments and agencies, and the various political subdivisions to facilitate implementation of the act, for the purposes of the California Emergency Services Act. This bill would add federally recognized California Indian tribes to that definition describing the agreement.

SB 687 (Hueso D) Emergency response: trauma kits.

Introduced: 2/19/2021

Last Amend: 4/8/2021

Location: 6/1/2021-A. DESK

Summary: Current law exempts from civil liability any person who, in good faith and not for compensation, renders emergency medical or nonmedical care or assistance at the scene of an emergency other than an act or omission constituting gross negligence or willful or wanton misconduct. Current law exempts public or private organizations that sponsor, authorize, support, finance, or supervise the training of people, or certifies those people in emergency medical services, from liability for civil damages alleged to result from those training programs. This bill would define “trauma kit” to mean a first aid response kit that contains specified items, including, among other things, at least 2 tourniquets. The bill would require a person or entity that supplies a trauma kit to provide the person or entity that acquires the trauma kit with all information governing the use, installation, operation, training, and maintenance of the trauma kit.

Would, until January 1, 2026, enact the Community Response Initiative to Strengthen Emergency Systems Act or the C.R.I.S.E.S. Act for the purpose of creating, implementing, and evaluating the 3-year C.R.I.S.E.S. Grant Pilot Program, which the act would establish. The bill would require the office to establish rules and regulations for the program with the goal of making grants to community organizations, over 3 years, for the purpose of expanding the participation of community organizations in emergency response for specified vulnerable populations. The bill would require that grantees receive a minimum award of $250,000 per year. The bill would require a community organization receiving funds pursuant to the program to use the grant to stimulate and support involvement in emergency response activities that do not require a law enforcement officer, as specified. The bill would require the Director of Emergency Services (director) to assemble staff and resources to carry out certain duties in support of the program.

**Location:** 4/30/2021-A. 2 YEAR

**Summary:** The Medi-Cal Emergency Medical Transportation Reimbursement Act, imposes a quality assurance fee for each emergency medical transport provided by an emergency medical transport provider subject to the fee in accordance with a prescribed methodology. Current law exempts an eligible provider from the quality assurance fee and add-on increase for the duration of any Medi-Cal managed care rating during which the program is implemented. Existing law requires each applicable Medi-Cal managed care health plan to satisfy a specified obligation for emergency medical transports and to provide payment to noncontract emergency medical transport providers, and provides that this provision does not apply to an eligible provider who provides noncontract emergency medical transports to an enrollee of a Medi-Cal managed care plan during any Medi-Cal managed care rating period for which the program is implemented. The bill would provide that during the entirety of any Medi-Cal managed care rating period for which the program is implemented an eligible provider shall not be an emergency medical transport provider, as defined, who is subject to a quality assurance fee or eligible for the add-on increase, and would provide that the program’s provisions do not affect the application of the specified add-on to any payment to a nonpublic emergency medical transport provider.

**Summary:** The California Disaster Assistance Act authorizes the Office of Emergency Services to establish a model process to assist a community in recovering from an emergency proclaimed by the Governor which may include, among other things, the role of the office to facilitate the establishment of
temporary structures, including local assistance centers, showers and bathroom facilities, and
temporary administrative offices. Existing law defines the term "emergency plan" for purposes of
emergency services provided by local governments. This bill would require a county, including a city and
county, to ensure that local assistance centers are accessible to people with access and functional
needs, provide accessible notifications about local assistance centers, and provide diverse
communication services through partnerships with the county homeless and housing services. The bill
would require a county, including a city and county, to designate, prearrange, and procure space, as
necessary, to aid in sheltering and transporting its homeless population during local and state

Summary: The California Emergency Services Act, authorizes the Governor to proclaim a state of
emergency, and local officials and local governments to proclaim a local emergency, when specified
conditions of disaster or extreme peril to the safety of persons and property exist, and authorizes the
Governor or the appropriate local government to exercise certain powers in response to that
emergency. Existing law defines the terms “state of emergency” and “local emergency” to mean a duly
proclaimed existence of conditions of disaster or of extreme peril to the safety of persons and property
within the state caused by, among other things, fire, storm, or riot. This bill would additionally include a
"deenergization event," defined as a planned power outage, as specified, within those conditions
constituting a state of emergency and a local emergency.

Status: 5/28/2021-In Senate. Read first time. To Com. on RLS. for assignment.
Location: 5/28/2021-S. RLS.

Summary: Current law establishes, within the Unemployment Compensation Disability Fund program, a family temporary disability insurance program, also known as the paid family leave program, for the provision of wage replacement benefits for up to 8 weeks to workers who take time off work to care for a seriously ill family member or to bond with a minor child within one year of birth or placement, as specified. Current law defines “weekly benefit amount” for purposes of both employee contributions and benefits under this program to mean the amount of weekly benefits available to qualifying disabled individuals pursuant to unemployment compensation disability law, calculated pursuant to specified formulas partly based on the applicable percentage of the wages paid to an individual for employment by employers during the quarter of the individual’s disability base period in which these wages were highest, but not to exceed the maximum workers’ compensation temporary disability indemnity weekly benefit amount established by the Department of Industrial Relations. This bill would revise the formula for determining benefits available pursuant to the family temporary disability insurance program, for periods of disability commencing after January 1, 2022, by redefining the weekly benefit amount to be equal to 90% of the wages paid to an individual for employment by employers during the quarter of the individual's disability base period in which these wages were highest, divided by 13, but not exceeding the maximum workers’ compensation temporary disability indemnity weekly benefit amount established by the Department of Industrial Relations.

Location: 5/7/2021-A. 2 YEAR

Summary: Current law establishes a workers’ compensation system, administered by the
Administrative Director of the Division of Workers’ Compensation, to compensate an employee for injuries sustained in the course of the employee's employment. This bill would define “injury,” for certain employees of a city, county, city and county, district, or other municipal corporation or political subdivision regularly exposed to active fires or health hazards directly resulting from firefighting operations, to include cancer that develops or manifests during a period in which the individual demonstrates that they were exposed to a known carcinogen while in the employment of the city, county, city and county, district, or other municipal corporation or political subdivision. The bill would establish a presumption that the cancer in those cases arose out of, and in the course of, employment, unless the presumption is controverted by evidence that the primary site of the cancer has been established and that the carcinogen to which the person has demonstrated exposure is not reasonably linked to the disabling cancer.

**Calendar:** 6/7/2021 Upon adjournment of Session - John L. Burton Hearing Room (4203) SENATE LABOR, PUBLIC EMPLOYMENT AND RETIREMENT, CORTESE, Chair

**Summary:** Current law prescribes various requirements for the organization and administration of public retirement systems, which typically provide pension, disability, and death benefits to their members. Current law provides that participants in certain membership categories may be entitled to special benefits if death or disability arises in the course of employment. The California Public Employees' Pension Reform Act of 2013 (PEPRA) generally requires a public retirement system, as defined, to modify its plan or plans to comply with that act and establishes, among other things, limits on defined benefit formulas and caps on pensionable compensation. This bill, until January 1, 2023, would create a presumption, applicable to the retirement systems that PEPRA regulates and to specified members in those systems, that would be applied to disability retirements on the basis, in whole or in part, of a COVID-19-related illness. In this circumstance, the bill would require that it be presumed the disability arose out of, or in the course of, the member's employment. The bill would authorize the presumption to be rebutted by evidence to the contrary, but unless controverted, the applicable governing board of a public retirement system would be required to find in accordance with the presumption.

**AB 872**  
**Wood D** Leave of absence: firefighters.  
**Current Text:** Introduced: 2/17/2021 [html] [pdf]
Among other workers’ compensation benefits, current law entitles a member of the Department of Justice who comes within the “state peace officer/firefighter” class, a law enforcement officer employed by the Department of Fish and Wildlife, and a harbor police officer employed by the San Francisco Port Commission, as specified, who is disabled by injury arising out of and in the course of the member’s duties, to a leave of absence while so disabled without loss of salary, in lieu of disability payments, for a period not exceeding one year. This bill would make that benefit available to all rank-and-file and supervisory firefighters employed by the Department of Forestry and Fire Protection whose principal duties include active fire suppression or prevention services.

AB 991  

Introduced: 2/18/2021

Status: 4/30/2021-Failed Deadline pursuant to Rule 61(a)(2). (Last location was INS. on 3/11/2021) (May be acted upon Jan 2022)

Location: 4/30/2021-A. 2 YEAR

Summary: Current law establishes a workers’ compensation system, administered by the Administrative Director of the Division of Workers’ Compensation, to compensate an employee for injuries sustained in the course of employment. This bill would expand presumptions for hernia, pneumonia, heart trouble, cancer, tuberculosis, bloodborne infectious disease, methicillin-resistant Staphylococcus aureus skin infection, and meningitis-related illnesses and injuries to a lifeguard employed on a year-round, full-time basis by the City of San Diego. The bill would increase the period of time after termination of employment that a lifeguard employed on a year-round, full-time basis by the City of San Diego can file a claim for skin cancer. The bill would expand the presumptions for illness or injury related to post-traumatic stress disorder or exposure to biochemical substances, as defined, to a lifeguard employed by the City of San Diego Fire-Rescue Department.

Summary: Would authorize the State Department of Public Health to rotate PPE in the stockpile by selling the PPE to a nonprofit agency, local government, or provider, and by contracting to purchase PPE on behalf of a local government or provider. The bill would require a nonprofit agency, local government, or provider that obtains PPE pursuant to these provisions to reimburse the department for the costs of the PPE. The bill would also make a technical change to the date in these provisions.

Location: 5/7/2021-A. 2 YEAR

Summary: Current law, the California Public Employees’ Pension Reform Act of 2013, prescribes various limits on public employee retirement systems and public employers, as specified. The act generally prohibits a retired person from being employed by a public employer in the same public retirement system from which the retiree receives pension benefits without reinstatement from retirement into that system, subject to certain exceptions. This bill would make nonsubstantive changes to that provision.

SB 206  
(McGuire D) Firefighters Procedural Bill of Rights Act.
Introduced: 1/11/2021
Last Amend: 3/25/2021
The Firefighters Procedural Bill of Rights Act grants certain employment rights to firefighters, as defined. Under the act, when a firefighter is investigated and interrogated by the firefighter’s commanding officer, or another member of the employing agency, on matters that could lead to punitive action, the interrogation must be conducted pursuant to certain requirements. Current law defines “punitive action” for these purposes as any action that may lead to dismissal, demotion, suspension, reduction in salary, written reprimand, or transfer for purposes of punishment. Current law excepts from the act any employee who has not successfully completed the probationary period established by the employee’s employer as a condition of employment. This bill would include in the definition of “firefighter” a temporary, seasonal firefighter employed by the Department of Forestry and Fire Protection.

SB 278

Public Employees’ Retirement System: disallowed compensation: benefit adjustments.  
Introduced: 1/29/2021  
Last Amend: 3/23/2021  
Location: 6/1/2021-A. DESK  
Summary: The California Public Employees’ Pension Reform Act of 2013 (PEPRA) generally requires a public retirement system, as defined, to modify its plan or plans to comply with the act. PEPRA, among other things, establishes new defined benefit formulas and caps on pensionable compensation. This bill would establish new procedures under PERL for cases in which PERS determines that the benefits of a member or annuitant are, or would be, based on disallowed compensation that conflicts with PEPRA and other specified laws and thus impermissible under PERL. The bill would also apply these procedures retroactively to determinations made on or after January 1, 2017, if an appeal has been filed and the employee member, survivor, or beneficiary has not exhausted their administrative or legal remedies. At the threshold, after determining that compensation for an employee member reported by the state, school employer, or a contracting agency is disallowed, the bill would require the applicable employer to discontinue the reporting of the disallowed compensation.

Location: 6/2/2021-A. DESK  
Summary: Current law, under the workers’ compensation system, provides, only until January 1, 2025, that, for certain state and local firefighting personnel and peace officers, the term “injury” includes post-traumatic stress that develops or manifests during a period in which the injured person is in the service of the department or unit, but applies only to injuries occurring on or after January 1, 2020. Existing law requires the compensation awarded pursuant to this provision to include full hospital, surgical, medical treatment, disability indemnity, and death benefits. This bill would make that provision applicable to active firefighting members of the State Department of State Hospitals, the State Department of Developmental Services, the Military Department, and the Department of Veterans Affairs, and to additional peace officers, including security officers of the Department of Justice when performing assigned duties as security officers and the officers of a state hospital under the jurisdiction of the State Department of State Hospitals or the State Department of Developmental Services, among other officers.
SB 294 (Leyva D)  Public retirement: leave of absence: service credit.

Current Text: Introduced: 2/2/2021  html  pdf

Introduced: 2/2/2021
Status: 5/13/2021-Referred to Com. on P.E. & R.
Location: 5/13/2021-A. P.E. & R.

Summary: PERS and STRS require employees to make contributions to the system based on their creditable compensation, as defined. Existing law defines “leave of absence” for purposes of both laws as a period of leave to which a member is entitled that is expressly authorized or required pursuant to specified provisions, including employer-approved compensated leave, subject to specified requirements. Under current law, during a leave of absence for an employer-approved compensated leave, an employee earns full service credit and is required to pay employee contributions, as specified. Existing law limits the maximum amount of the service credit earned during an employer-approved compensated leave of absence to 12 years. This bill would remove the 12-year limitation for service credit earned on an employer-approved compensated leave. By increasing contributions into the continuously appropriated Public Employees’ Retirement Fund and Teachers’ Retirement Fund, the bill would make an appropriation.

Status: 5/20/2021-Referred to Com. on P.E. & R.
Location: 5/20/2021-A. P.E. & R.

Summary: The Public Employees’ Retirement Law (PERL), creates the Public Employees’ Retirement System (PERS), which provides pension and disability benefits to its members and prescribes their rights and duties. Current law, the Public Employees’ Pension Reform Act of 2013 (PEPRA), prescribed various limitations on public employees, employers, and retirement systems concerning, among other things, work after retirement. PERL generally prohibits retired PERS members from working for an agency participating in the system without reinstatement in the system, unless that employment is otherwise specifically authorized. This bill would eliminate the above-described requirement that a person employed without reinstatement in a manner other than authorized by PERL be reinstated, instead providing that reinstatement is permissive. The bill would limit the circumstances pursuant to which retired members and employers are obligated to pay employee and employer contributions, which would have otherwise been paid, plus interest, to apply only to specified reinstatements.

Summary: Under the authority provided pursuant to the California Emergency Services Act, the Governor, on March 22, 2019, issued a proclamation of a state of emergency directing the Department of Forestry and Fire Protection to implement, without delay, fuel reduction projects identified using a methodology developed by the department to determine which communities are at greatest risk of wildfire based on best available science and socioeconomic factors and to identify projects that would reduce the risk of catastrophic wildfire, if completed. The proclamation of a state of emergency exempts those identified fuel reduction projects from various legal requirements, including, among others, requirements regarding public contracting for those projects, requirements for environmental review under the California Environmental Quality Act for those projects, and licensure requirements for individual conducting certain activities for those projects, as provided. Current Text: Amended: 5/24/2021  [html](#)  [pdf](#)
Introduced: 2/11/2021
Last Amend: 5/24/2021
Status: 6/3/2021-In Senate. Read first time. To Com. on RLS. for assignment.
Location: 6/3/2021-S. RLS.

Summary: Would establish the Extreme Heat and Community Resilience Program and would require the Office of Planning and Research to administer the program through the Integrated Climate Adaptation and Resiliency Program. Under the Extreme Heat and Community Resilience Program, the bill would require the Office of Planning and Research, as provided, to coordinate the state's efforts to address extreme heat and to facilitate the implementation of local, regional, and state climate change planning into effective projects through the awarding of competitive grants to eligible entities for implementation of those projects. The bill would establish the Extreme Heat and Community Resilience Fund in the State Treasury and would require the Office of Planning and Research, upon appropriation by the Legislature, to expend moneys in the fund for the implementation of the Extreme Heat and Community Resilience Program.

**Status:** 6/2/2021-In Senate. Read first time. To Com. on RLS. for assignment.

**Location:** 6/2/2021-S. RLS.

**Summary:**
Would reorganize the law relating to the State Treasury the Good Neighbor Authority Fund. The bill would require the Secretary of the Natural Resources Agency, under an agreement between the state and the federal government, to establish a program for purposes of conducting ecological restoration and fire resiliency projects on national forest lands, with priority given to forest restoration and fuels reduction projects that are landscape scale, focused on ecological restoration and based on the best available science, emphasize the use of prescribed fire, and include community fire protection and protection of water infrastructure and other infrastructure as important goals, as provided.

**Location:** 5/25/2021-A. 2 YEAR

**Summary:**
Current law authorizes the Director of Forestry and Fire Protection to enter into an agreement for prescribed burning or other hazardous fuel reduction for specified purposes, such as vegetation management and forest improvement. Current law requires an agreement that is entered into pursuant to that authorization to, among other requirements, provide that the Department of Forestry and Fire Protection be fully responsible for prescribed burns initiated at the department's request, with the consent of the landowner, for training or other purposes on lands owned by a nonprofit organization or other public agencies. This bill would delete the qualification that those prescribed burns initiated at the department's request be on lands owned by a nonprofit organization or other public agencies.

**Summary:**
Current law requires the Director of Forestry and Fire Protection to identify areas of the state as very high fire hazard severity zones, as provided. Current law requires each planning agency to prepare, and the legislative body of each county and city to adopt, a comprehensive, long-term general plan, including a safety element, for the physical development of the county or city, as
provided. Current law requires the draft element of, or draft amendment to, the safety element of a county or city’s general plan to be submitted to the State Board of Forestry and Fire Protection and to every local agency that provides fire protection to territory in the city or county at least 90 days before the adoption or amendment to the safety element of its general plan for each city or county that contains a very high fire hazard severity zone. This bill would require the director to also identify areas of the state as moderate and high fire hazard severity zones, as provided.

**Introduced:** 2/16/2021  
**Last Amend:** 5/20/2021  
**Status:** 6/2/2021-In Assembly. Read first time. Held at Desk.

**Location:** 6/2/2021-A. DESK

**Summary:** Current law establishes in the Natural Resources Agency the Department of Forestry and Fire Protection, and requires the department to be responsible for, among other things, fire protection and prevention, as provided. The former Governor, Edmund G. Brown Jr., issued an executive order relating to, among other subjects, the streamlining of permitting for landowner-initiated projects for the improvement of forest health and the reduction of forest fire fuels on their properties. Pursuant to this executive order, a Forest Management Task Force involving specified state agencies was convened and an action plan was created. This bill would require the task force, including the agency and the department, on January 1, 2022, to develop a comprehensive implementation strategy to achieve the goals and key actions identified in the action plan, as provided.

*Summary:* Current law requires the State Fire Marshal to classify all fireworks and pyrotechnic devices and prohibits any fireworks or pyrotechnic devices from being imported, sold, or offered for sale before the fireworks or devices have been examined and classified by the State Fire Marshal. Current law authorizes the State Fire Marshal to issue licenses related to fireworks and pyrotechnic devices, including a wholesaler’s license. Current law makes it unlawful for a person to violate the State Fireworks Law and the regulations issued pursuant thereto, and to possess a specified amount of dangerous fireworks, punishable by a fine or by imprisonment, as specified. This bill would increase the amount of the fine to be imposed for violating the State Fireworks Law or related regulation, would increase the amount of certain fines for possessing a specified amount of dangerous fireworks, and would specify the fine and imprisonment penalties for a 3rd or subsequent conviction.

Location: 5/13/2021-A. INS.  
Summary: The California FAIR Plan Association is a joint reinsurance association in which all insurers licensed to write basic property insurance participate in administering a program for the equitable apportionment of basic property insurance for persons who are unable to obtain that coverage through normal channels. Current law defines "basic property insurance" for these purposes, and excludes from that definition insurance on automobile or farm risks. Current law authorizes the governing committee of the association to establish separate classifications of written premiums for the purpose of equitable distribution of basic property insurance, but prohibits those classifications from including premiums from automobile or farm risks. For purposes of the above-described provisions, this bill would exclude from "farm risks" a farm's equipment or permanent structures, other than a private garage, used primarily for the production of commercial agricultural commodities or livestock.

Summary: Current law authorizes any party to protest the imposition of a fee, dedication, reservation, or other exactions imposed on a development project within 90 or 120 days of the imposition of the fee, as applicable, and specifies procedures for those protests and actions. The Mitigation Fee Act imposes the same requirements on a local agency for a new or increased fee for public facilities. Current law, for specified fees, requires any judicial action or proceeding to attack, review, set aside, void, or annul an ordinance, resolution, or motion adopting a new fee or service charge or modifying an existing fee or service charge to be commenced within 120 days of the effective date of the ordinance,
resolution, or motion. Current law also provides that, if an ordinance, resolution, or motion provides for an automatic adjustment in a fee or service charge and the adjustment results in an increase in the fee or service charge, that any action to attack, review, set aside, void, or annul the increase to be commenced within 120 days of the increase. **Summary:** Current law, the Community Services District Law, authorizes the formation of community services districts for various specified purposes, including supplying water, treating sewage, disposing of solid waste, and providing fire protection. The law specifies its relation and effect on certain districts organized pursuant to former laws and to actions taken by them, among other things. This bill would make nonsubstantive changes to those provisions.

**Summary:** Current law authorizes any local agency to enact any ordinance that adopts a code by reference if the referenced code is specified in the title of the ordinance. Current law requires that after the first reading of the title of the adopting ordinance, and of the title of the code to be adopted thereby, and of the title of the secondary codes therein adopted by reference, the legislative body shall make copies of the primary code and also copies of the secondary codes, if any, being considered for adoption, open to public inspection with the clerk of the legislative body. Current law prohibits, however, the adoption by reference of any penalty clauses that may appear in any code that is adopted by reference; a penalty clause may be enacted only if set forth in full, and published, in the adopting ordinance. This bill would make nonsubstantive changes to the latter provision.

**ACA 1** (Aguiar-Curry D) Local government financing: affordable housing and public infrastructure: voter approval.

**Current Text:** Introduced: 12/7/2020  [html](#)  [pdf](#)

**Introduced:** 12/7/2020

**Status:** 4/22/2021-Referred to Coms. on L. GOV. and APPR.

**Location:** 4/22/2021-A. L. GOV.

**Summary:** The California Constitution prohibits the ad valorem tax rate on real property from exceeding 1% of the full cash value of the property, subject to certain exceptions. This measure would create an additional exception to the 1% limit that would authorize a city, county, city and county, or special district to levy an ad valorem tax to service bonded indebtedness incurred to fund the construction, reconstruction, rehabilitation, or replacement of public infrastructure, affordable housing, or permanent supportive housing, or the acquisition or lease of real property for those purposes, if the proposition proposing that tax is approved by 55% of the voters of the city, county, or city and county, as applicable, and the proposition includes specified accountability requirements.

**Summary:** Would require the El Dorado County elections official, with the assistance of the Fallen Leaf Lake Community Services District, to conduct district elections pursuant to the Uniform District Election Law, except as otherwise provided in the bill. The bill, notwithstanding existing law, would provide that voters who are resident registered voters of the district, and voters who are not residents but either own a real property interest in the district or have been designated by the owner of a real property interest to cast the vote for that property, may vote in a district election in the Fallen Leaf Lake Community Services District, as specified. The bill would require the designations of voters and authority of legal representatives to be filed with the El Dorado County elections official and the secretary of the Fallen Leaf Lake Community Services District and maintained with the list of qualified voters of the district. This bill contains other related provisions and other existing laws.

**Summary:** The Ralph M. Brown Act requires meetings of the legislative body of a local agency to be open and public and also requires regular and special meetings of the legislative body to be held within the boundaries of the territory over which the local agency exercises jurisdiction, with specified exceptions. Current law authorizes a person to request that a copy of an agenda, or a copy of all the documents constituting the agenda packet, of any meeting of a legislative body be mailed to that person. This bill would require a local agency with an internet website, or its designee, to email a copy of, or website link to, the agenda or a copy of all the documents constituting the agenda packet if the person requests that the items be delivered by email. If a local agency determines it to be technologically infeasible to send a copy of the documents or a link to a website that contains the documents by email or by other electronic means, the bill would require the legislative body or its designee to send by mail a copy of the agenda or a website link to the agenda and to mail a copy of all other documents constituting the agenda packet, as specified.

**Summary:** The Planning and Zoning Law requires a city or county to adopt a general plan for land use development within its boundaries that includes, among other things, a housing element. That law requires the planning agency of a city or county to provide, by April 1 of each year, an annual report to, among other entities, the Department of Housing and Community Development that includes, among other specified information, the number of applications submitted, the location and total number of developments approved, the number of building permits issued, and the number of units constructed pursuant to a specific streamlined, ministerial approval process. This bill would, commencing January 1, 2024, require a planning agency to include in that annual report specified information on costs, standards, and applications for proposed housing development projects and specified information on housing development projects within the jurisdiction.

**Summary:** Under the Government Claims Act, current law requires certain claims, such as those relating to causes of action for death or for injury to a person or personal property, to be presented within 6 months after their accrual. For these actions, if a claim is not filed within the 6-month period, existing law authorizes an application for leave to present a claim to be made to the public entity within a reasonable time, not to exceed one year after the accrual of the cause of action, as specified. Current law generally requires the relevant public entity review board to grant or deny the application for leave to present the claim within 45 days after it is presented. Current law requires the application to be granted if one of several conditions is met, including that the person who sustained the alleged injury, damage, or loss was a minor or was physically and mentally incapacitated for the entire 6 months after the accrual of the cause of action, as specified. If the person was physically or mentally incapacitated during that period, existing law requires that the failure to present a claim be a result of the person’s disability. This bill would additionally require a board to grant an application for leave to present a claim, as described above, if the person who sustained the alleged injury, damage, or loss was a minor or was physically or mentally incapacitated during any of the 6 months after the accrual of the cause of action, if the application is presented within 6 months of the person turning 18 years of age, or of the person no longer being physically or mentally incapacitated, as applicable, or a year after the claim accrues, whichever occurs first.

**Summary:** Would require the Director of Fish and Wildlife to establish a working group, composed of the director or the director’s representative, the Director of Forestry and Fire Protection or their representative, and a county government representative from each county impacted by any catastrophic wildfire being studied by the workgroup, as described below. The bill would require the working group to study, investigate, and report, on or before December 31, 2022, and by December 31 each year thereafter, to the Legislature on the impacts on wildlife and wildlife habitat resulting from any catastrophic wildfire, as defined, that occurred during that calendar year, including specified information on a catastrophic wildfire’s impact on ecosystems, biodiversity, and protected species in the state, and would require, to the extent feasible, the department to obtain and keep current baseline data suitable for interpreting that impact.

**SB 594**  
*(Glazer D)*  
**Elections: local redistricting.**  
**Current Text:** Amended: 5/3/2021  
**Introduced:** 2/18/2021
Summary: Current law requires counties, general law cities, and charter cities that elect members of their legislative bodies using district-based elections to adopt boundaries for those supervisorial or council districts following each federal decennial census, as specified. Current law expressly authorizes a city council to adopt district boundaries by resolution or ordinance. If a legislative body does not adopt district boundaries by a specified deadline, existing law requires the legislative body, and authorizes a resident of the county or city, to petition the superior court for an order adopting boundaries. Current law provides that the superior court’s order is immediately effective in the same manner as an enacted ordinance or resolution of the legislative body. This bill would clarify that “adopting” district boundaries for these purposes means the passage of an ordinance or resolution specifying those boundaries.

(Glazer D) California Conservation Corps: forestry training center: formerly incarcerated individuals: reporting.
Current Text: Amended: 5/20/2021 html pdf
Introduced: 2/19/2021
Last Amend: 5/20/2021
Location: 6/2/2021-A. DESK

Summary: Would require the Director of the California Conservation Corps, in partnership with the Department of Forestry and Fire Protection and the Department of Corrections and Rehabilitation, to establish a forestry training center in northern California to provide enhanced training, education, work experience, and job readiness for entry-level forestry and vegetation management jobs. The bill would require the training center to include counseling, mentorship, supportive housing, health care, and educational services and authorize the training center to provide training modules on specified activities. The bill would require the director to enroll at the training center formerly incarcerated individuals and to prioritize enrollment for those formerly incarcerated individuals who have either successfully served on a California Conservation Camp program crew and were recommended by the Director of Forestry and Fire Protection and the Secretary of the Department of Corrections and Rehabilitation, as provided, or successfully served on a hand crew at the county level and were recommended for participation by county probation and county fire departments.

**Location:** 5/13/2021-A. EMERGENCY MANAGEMENT

**Summary:** Current law creates in the Office of the State Fire Marshal a State Board of Fire Services to succeed to all the powers, duties, and responsibilities of the former State Fire Advisory Board. Current law requires the board to consist of 18 members, including, among others, the State Fire Marshal, the Chief Deputy Director of the Department of Forestry and Fire Protection, the Director of Emergency Services, and the Chairperson of the California Fire Fighter Joint Apprenticeship Program. Current law prohibits proxy representation on the board. This bill would instead require the board to consist of 17 members and would authorize the members specified above to assign a designee to serve on the board. The bill would also make conforming and nonsubstantive changes.

Location: 5/13/2021-A. REV. & TAX  
Summary: Current property tax law requires the county tax collector to collect all property taxes and provides for the payment of taxes on the secured roll in 2 installments, which are due and payable on November 1 and February 1, respectively. This bill would authorize the auditor or the tax collector to cancel any penalty, costs, or other charges resulting from tax delinquency upon a finding that failure to make a timely payment is due to a documented hardship, as determined by the tax collector, arising from a shelter-in-place order, as defined, if the principal payment for the proper amount of tax due is paid no later than June 30 of the fiscal year in which the payment first became delinquent. By increasing the duties of local agencies, this bill would impose a state-mandated local program.

Summary: Current property tax law provides, pursuant to a requirement of the California Constitution, that the property tax base year value of real property that is substantially damaged or destroyed by a disaster, as declared by the Governor, may be transferred to a comparable property located within the same county that is acquired or newly constructed within 5 years after the disaster as a replacement property. This bill would extend the 5-year time period described above by 2 years if the last day to transfer the base year value of the substantially damaged or destroyed property was on or after March 4, 2020, but on or before the COVID-19 termination date, as defined.

Summary: Current sales and use tax laws impose taxes on retailers measured by the gross receipts from the sale of tangible personal property sold at retail in this state or on the storage, use, or other consumption in this state of tangible personal property purchased from a retailer for storage, use, or other consumption in this state, and provides various exemptions from the taxes imposed by those laws. This bill, on and after January 1, 2022, until January 1, 2024, would exempt from those taxes the gross receipts from the sale of, and the storage, use, or other consumption of, emergency preparation items, as defined, sold or purchased during the 3-day period beginning at 12:01 a.m. on the Saturday before the last Monday in June and ending at midnight on the last Monday in June.

AB 1249  (Gallagher R)  Income taxes: gross income exclusions: wildfires.

Summary: The Personal Income Tax Law and the Corporation Tax Law, in conformity with federal income tax law, generally defines "gross income" as income from whatever source derived, except as specifically excluded, and provides various exclusions from gross income. This bill would provide an exclusion from gross income for any qualified taxpayer, as defined, for amounts received for costs and losses associated with one or more specified fires from a settlement, as provided.

SB 341  (McGuire D)  Telecommunications service: outages.

Summary: Would require each provider of telecommunications service to maintain on its internet website a public outage map showing that provider's outages, and would require the office, in consultation with the Public Utilities Commission, on or before July 1, 2022, to adopt by regulation requirements for those maps, as specified. The bill would require the office to provide the commission with all of the information provided to it as part of a telecommunications service provider's community isolation outage notification and to aggregate that data and post that aggregated data on its internet website.
