PRIME MINISTER • PREMIER MINISTRE

I would like to convey my warmest greetings to everyone attending the 37th Annual Conference of the Canadian Association of Nurses in Oncology (CANO).

This event brings together oncology nurses from across the country to share their experiences and expertise. I am certain that everyone in attendance will benefit from the many educational workshops and presentations planned for this year's conference.

Oncology nurses have a tremendous impact on the lives of cancer patients and their families. I would like to commend delegates for their unwavering dedication to ensuring that those living with cancer have access to the highest level of care and support.

I would also like to thank CANO for hosting this event. Your dedication to advancing excellence in oncology nursing is admirable.

I wish you all an engaging and productive conference.

The Right Honourable Mark Carney, P.C., O.C., M.P.
Prime Minister of Canada

Ottawa
2025

PRIME MINISTER • PREMIER MINISTRE

Je tiens à saluer chaleureusement toutes les personnes qui participent au 37^e Congrès annuel de l'Association canadienne des infirmières en oncologie (ACIO).

Cet événement permet aux infirmières et infirmiers en oncologie de partout au pays de parler de leur expérience et de transmettre leur expertise. Je suis convaincu que toutes les personnes présentes tireront profit des nombreux ateliers et présentations au programme cette année.

Les infirmières et infirmiers en oncologie jouent un rôle primordial dans la vie des patients atteints de cancer et de leurs familles. Je tiens donc à les féliciter pour leur engagement indéfectible à offrir à ces patients des soins et du soutien de la plus grande qualité qui soit.

Je tiens également à remercier les responsables de l'ACIO d'avoir organisé cet événement. Leur dévouement à favoriser l'excellence des soins infirmiers en oncologie est admirable.

Je vous souhaite un congrès tout aussi intéressant que productif.

Le très honorable Mark Carney, C.P., O.C., député
Premier ministre du Canada

Ottawa
2025

Message from the
Lieutenant Governor of Alberta

As His Majesty the King's representative in Alberta, I welcome everyone to Banff for the 37th annual conference of the Canadian Association of Nurses in Oncology.

There are few Albertans whose lives have not been affected by cancer or have watched a loved one battle this terrible disease. For those experiencing these stressful situations, the presence of a knowledgeable, empathetic oncology nurse can be invaluable.

For 40 years, CANO has provided a forum for nurses to keep abreast of new practices in their field, address issues facing their profession, and enjoy the fellowship of their peers.

I thank CANO for everything they have done to raise the standard of oncological care across Canada. Thank you as well to the organizers of this conference, who have arranged a program of stimulating and informative talks and discussions. I hope everyone in attendance enjoys the conference, and the beautiful Banff setting.

Her Honour, the Honourable Salma Lakhani, AOE, BSc, LLD (hon)
Lieutenant Governor of Alberta

MESSAGE FROM THE PREMIER OF ALBERTA

On behalf of the Government of Alberta, it is my pleasure to welcome everyone to Alberta for the 37th Annual Canadian Association of Nurses in Oncology Conference.

Our province is proud to be the site of this gathering of dedicated health-care providers. Congratulations as you celebrate the 40th anniversary of the CANO/ACIO and take time to connect with peers, share your expertise and support one another in pursuit of excellence.

Every day, your unique focus and skills make a difference in the lives of patients with a cancer diagnosis and their families, from coast to coast to coast. I deeply appreciate your compassion and commitment to advancing cancer care nursing. Thank you for your many contributions to the health and well-being of Albertans and all Canadians.

I hope this event is a welcome opportunity to be refreshed and inspired surrounded by the beauty of the Rocky Mountains. Enjoy your time in Alberta, and please accept my best wishes for a productive and enjoyable conference.

A blue ink handwritten signature of Danielle Smith.

Honourable Danielle Smith, Premier of Alberta

MESSAGE DE LA PREMIÈRE MINISTRE DE L'ALBERTA

Au nom du gouvernement de l'Alberta, j'ai le plaisir d'accueillir en Alberta toutes les personnes qui participent à la 37^e Conférence annuelle de l'Association canadienne des infirmières en oncologie.

Notre province est fière d'être le lieu de ce rassemblement de personnes dévouées du secteur de la santé. Je vous félicite alors que vous célébrez le 40^e anniversaire de la CANO/ACIO et que vous prenez le temps de tisser des liens avec vos pairs, de partager votre expertise et de vous soutenir mutuellement dans la recherche de l'excellence.

Chaque jour, votre concentration et vos compétences changent la vie des patients ayant reçu un diagnostic de cancer, ainsi que celles de leur famille, d'un océan à l'autre. Je vous suis profondément reconnaissante pour votre compassion et votre engagement à faire progresser les soins infirmiers en oncologie, et je vous remercie de vos nombreuses contributions à la santé et au bien-être des Albertaines, des Albertains et de toute la population canadienne.

J'espère que cet événement sera pour vous une occasion de vous ressourcer et de trouver l'inspiration, entourés par la beauté des montagnes Rocheuses. Profitez de votre séjour en Alberta. Je vous souhaite une conférence productive et agréable.

L'honorable Danielle Smith, première ministre de l'Alberta

OFFICE OF THE TOWN MANAGER

On behalf of the Town of Banff, it is our great pleasure to welcome the Canadian Association of Nurses in Oncology (CANO/ACIO) to our beautiful mountain community for the 37th Annual Conference.

This year's theme, "Striving for the Summit: Empowering Oncology Nurses Towards Excellence," beautifully reflects the spirit of perseverance, elevation, and connection - values that resonate deeply in our mountain town and in your profession. We are especially proud to join you in celebrating CANO/ACIO's 40th anniversary - a remarkable milestone that highlights four decades of dedication to advancing oncology nursing and supporting patients and families across Canada with compassion and expertise.

As you come together to exchange knowledge, strengthen professional connections, and inspire one another, we hope you also find time to experience the breathtaking beauty and welcoming spirit of Banff.

Though our town welcomes nearly four million visitors each year, Banff remains a place of quiet charm and close-knit community and we're confident you'll feel right at home. Thank you for the vital work you do in oncology nursing. We wish you a meaningful, inspiring, and memorable conference.

Yours truly,

A handwritten signature in black ink, appearing to read "Kelly Gibson". The signature is fluid and cursive, written over a light grey background.

Kelly Gibson
Town Manager

THIS COULD GO BACK IN TIME.

THIS COULD GIVE YOU TIME BACK.

Baxter CIVA offers compounded oncology IV preparations with extended stability. This means ready-to-use products in pharmacy that saves time getting to where it is needed most - to your patients. It improves pharmacy efficiency, while reducing patient wait times and minimizing drug wastage.

Save time, ready when you need it.

For more details on our READY-TO-USE ONCOLOGY ADMIXTURES, such as 5-FU (Fluorouracil) Infusors, Leucovorin, Irinotecan, Oxaliplatin, Trastuzumab, Zoledronic Acid, Pertuzumab and Pamidronate, contact your Baxter Representative email: pharmacy@baxter.com

CIVA is a drug preparation premise that is regulated and inspected regulated by the Ontario College of Pharmacists. Featuring state-of-the-art cleanroom design and leading-edge monitoring processes, Baxter CIVA provides Canadian healthcare professionals with the highest quality injectable therapies prepared using aseptic techniques.

LETTER FROM THE PRESIDENT

Dear Colleagues,

On behalf of the CANO/ACIO Board of Directors, I am delighted to welcome you to our 37th Annual CANO/ACIO conference, themed: *“Striving for the Summit: Empowering Oncology Nurses Towards Excellence.”* This reflects the foundation of knowledge, skills and excellence that oncology nurses bring to cancer care every day across our great country.

As we gather in the beautiful townsite of Banff—located on the traditional territory of the Treaty 7 Nations—we respectfully acknowledge and honour the Indigenous Peoples who have cared for this land for generations. We are humbled to be here and invite all attendees to pause, reflect on the natural beauty that surrounds us, and carry that spirit of respect, reflection, and connection into our shared experience throughout the conference.

As CANO/ACIO celebrates its 40th anniversary, we honour the legacy of oncology nursing leaders who have built a strong foundation of excellence, advocacy, and collaboration across Canada. The national and international connections fostered through our community continue to empower nurses, drive innovation, and collaboration across jurisdictions. In challenges of today’s workforce climate and healthcare constraints, this collective synergy is more important than ever. By building on each other’s successes, we strengthen our impact and elevate oncology nursing practice—now and for the decades ahead.

As our current Strategic Plan (2021–2025) nears completion, we reflect on the progress we’ve made—built on the expertise, leadership, and dedication of many strong oncology nurses. Significant strides have been achieved toward advancing our Vision and Mission, particularly

in advocacy and strategic priorities. We are now actively working on the development of our next Strategic Plan, with thoughtful guidance from external consultants to ensure alignment with the evolving needs of oncology nursing across Canada.

A key initiative currently underway is the development and update of our Practice Standards and Capabilities for the Specialized Oncology Nurse. These foundational documents will reflect the critical, complex, and diverse roles that oncology nurses play across the cancer care continuum and throughout the country. Member engagement will be essential to ensure these standards truly represent the realities of oncology nursing knowledge. This comprehensive and collaborative process is well underway, with plans to finalize and release the updated documents in the new year, in alignment with Oncology Nursing Day. There will be several opportunities for members to provide input throughout the process, and we strongly encourage you to attend the dedicated workshop at this year’s conference. Your insights are vital—we value your voice in shaping the future of oncology nursing in Canada.

This year’s conference program is rich with sessions designed to engage and inform practicing oncology nurses, educators, researchers, and leaders. We’re excited to offer a wide range of content, including workshops woven throughout the program—highlighting our Board-sponsored sessions that align closely with the Association’s Strategic Plan. This diverse and dynamic content is designed to appeal to all nurses—from recent graduates to advanced practice professionals.

In celebration of CANO/ACIO’s 40th anniversary, we warmly invite you to attend our special anniversary symposium. This event will honor the contributions of oncology nurses over the past four decades and

reflect on the impact our profession has had—and continues to have—on cancer care across Canada. Join us as we celebrate our collective achievements and look forward to a future shaped by leadership, collaboration, and innovation in oncology nursing.

We also warmly invite you to participate in the social and networking events organized throughout our time together in Banff. These opportunities to learn, share, and connect are meant to energize and empower you—fueling both your professional growth and your passion for oncology nursing. Finally, we invite all members to attend our upcoming Annual General Meeting on Friday October 31, 2025, at 8:30am local time. During the meeting, the Board of Directors will highlight the accomplishments of the past year and share our vision and plans as we look ahead to 2026. The AGM also provides a valuable opportunity for members to share their ideas and perspectives on how we can continue to advance the work of the Association. Your engagement and input are essential—and deeply valued. Immediately following the meeting, please join us for the Awards of Excellence Ceremony, where we will celebrate the outstanding contributions and achievements of your colleagues. Don't miss this inspiring opportunity to recognize the excellence within our community.

On behalf of the Board, I would like to thank the Conference Planning Steering Committee (co-chairs Simonne Simon and Charissa Cordon), the Local Planning Committee (co-chairs Nanette Cox-Kennett and Tevi Helland), the Scientific Program Committee (Sarah Champ and France Singleton) and the Recognition of Excellence Committee (chair Rana Jin and co-chair Charlotte Lee) for their hard work throughout the year and leading up to the conference.

Thank you to everyone at Malachite Management for your dedication and hard work in delivering yet another high-quality and successful conference. We are also deeply grateful to our sponsors, partners, and exhibitors—your continued support is invaluable.

A heartfelt thank you to all our delegates and speakers. Your participation and contributions are the foundation of this event's success. I am truly inspired by the expertise and commitment you bring to your practice and to the diverse cancer care settings across Canada.

Together, your collective efforts strengthen not only our cancer care system but the broader profession of oncology nursing. Your everyday actions reflect the collaborative and skilled work that defines effective healthcare. As we celebrate our achievements and confront the evolving challenges of our healthcare system, your leadership and dedication remain essential.

Sincerely,

Catriona Buick, PhD, RN, CON(C)
President, CANO/ACIO

LETTRE DE LA PRÉSIDENTE

Chers collègues,

Au nom du conseil d'administration de l'ACIO/CANO, je suis heureuse de vous accueillir à la 37^e édition de notre congrès annuel ayant pour thème : Viser le sommet : donner aux infirmières en oncologie les moyens d'atteindre l'excellence. C'est l'occasion de souligner les connaissances, les compétences et l'excellence qui caractérisent le travail quotidien des infirmières en oncologie au Canada.

C'est dans la magnifique ville de Banff, sur le territoire traditionnel des nations signataires du Traité n° 7, que nous rendons hommage aux peuples autochtones qui ont pris soin de cette terre pendant des générations. C'est pour nous un honneur d'être ici, et nous invitons tous les participants à s'arrêter un instant pour admirer la beauté de la nature qui nous entoure et à s'imprégner de cet esprit de respect, de réconciliation, de réflexion et de communion tout au long de l'événement.

Pour le 40^e anniversaire de l'Association, nous soulignons la contribution des chefs de file de l'oncologie infirmière, dont le travail est basé sur l'excellence, la sensibilisation et la collaboration dans tout le pays. Les liens tissés par notre communauté, ici comme dans le monde, continuent de donner des ailes aux infirmières et de stimuler l'innovation et la collaboration entre les gouvernements. Étant donné les problèmes de main-d'œuvre actuels et le climat de contraintes dans le milieu de la santé, cette synergie collective est plus importante que jamais. C'est la somme des succès qui fait avancer la pratique infirmière en oncologie, aujourd'hui et demain.

Notre plan stratégique actuel (2021-2025) touchant à sa fin, nous faisons le bilan des progrès accomplis grâce à l'expertise, au leadership et au dévouement de nombreuses infirmières formidables qui ont choisi

l'oncologie, et nous nous réjouissons des belles avancées réalisées dans la poursuite de notre mission, en particulier sur le plan de la sensibilisation et des priorités stratégiques. Nous travaillons maintenant à l'élaboration de notre prochain plan stratégique en collaborant étroitement avec nos consultants externes, et veillons à ce qu'il reflète les besoins évolutifs des infirmières en oncologie au Canada.

L'une des grandes initiatives actuelles de l'Association est l'actualisation des Normes de pratique et compétences pour l'infirmière spécialisée en oncologie, une référence fondamentale qui décrit les rôles essentiels, complexes et diversifiés que jouent les infirmières en oncologie au pays, tout au long du continuum des soins du cancer. La participation des membres sera essentielle pour garantir que les normes reflètent véritablement l'état des connaissances en soins onco-infirmiers, un processus exhaustif et collaboratif qui est déjà bien entamé et devrait s'achever en 2026. La publication de la nouvelle version est prévue pour la prochaine Journée des soins infirmiers en oncologie. En tant que membre, vous aurez plusieurs occasions de donner votre avis au cours du processus; nous vous encourageons d'ailleurs vivement à participer à l'atelier organisé à cette fin dans le cadre du congrès annuel de 2025. Votre opinion est essentielle, et nous vous remercions d'avance de nous aider à dessiner l'avenir des soins oncologiques au Canada.

Le programme du congrès de cette année est riche en contenu, avec des séances qui mettront infirmières, enseignants, chercheurs et administrateurs du milieu à contribution pour éclairer la pratique oncologique. En effet, nous sommes ravis d'offrir aux participants un large éventail d'activités, dont des ateliers répartis tout au long du congrès et des conférences parrainées par le conseil d'administration, qui s'arriment

parfaitement au plan stratégique de l'ACIO/CANO. Notre programme diversifié et dynamique plaira sans aucun doute à toutes les infirmières, qu'elles soient nouvellement diplômées ou plus expérimentées.

Pour les 40 ans de l'Association, nous vous convions à un symposium préparé spécialement pour l'occasion afin de souligner l'apport des infirmières en oncologie au cours des quatre dernières décennies et d'exposer les retombées de notre profession au Canada. Joignez-vous à nous pour célébrer nos réalisations collectives et envisager un avenir professionnel empreint de leadership, de collaboration et d'innovation.

De plus, nous vous invitons chaleureusement à participer aux activités sociales et de réseautage qui auront lieu pendant votre séjour à Banff. Ces occasions d'apprendre, d'échanger et de tisser des liens sauront vous stimuler professionnellement et nourrir votre passion pour les soins infirmiers en oncologie. Enfin, nous invitons tous les membres à assister à notre prochaine assemblée générale annuelle, qui se tiendra le vendredi 31 octobre 2025 à 8 h 30, heure locale. Lors de cette rencontre, le conseil d'administration soulignera les réalisations de la dernière année et présentera ses objectifs et projets, à l'approche de 2026. Vos idées et vos opinions sont grandement appréciées et alimentent le travail de l'Association. L'assemblée sera suivie de la cérémonie de remise des prix d'excellence. Soyez des nôtres pour célébrer les contributions et réalisations exceptionnelles de vos collègues et applaudir l'excellence de votre communauté!

Au nom du conseil d'administration, j'aimerais remercier le comité directeur du congrès (coprésidé par Simonne Simon et Charissa Cordon), le comité de planification (coprésidé par Nanette Cox-Kennett et Tevi Helland), le comité de planification scientifique (Sarah Champ et France Singleton) et le comité de reconnaissance de l'excellence (présidé par Rana Jin et coprésidé par Charlotte Lee) pour leurs efforts assidus, tout au long de l'année, à

organiser le congrès.

Merci à toute l'équipe de Malachite Management pour son dévouement et son travail acharné qui ont, une fois de plus, permis la tenue d'un congrès de haute qualité. Un grand merci également à nos commanditaires, partenaires et exposants pour leur soutien indéfectible et si précieux.

Merci sincèrement à tous nos délégués et conférenciers, sans qui la tenue de l'événement ne serait pas possible. Votre expertise et l'engagement dont vous faites preuve dans votre pratique et dans les différents milieux de soins oncologiques canadiens sont pour moi des plus inspirants.

Ensemble, nous renforçons le système de soins du cancer tout autant que la profession des infirmières en oncologie de façon générale, à travers des gestes quotidiens qui témoignent d'un travail de collaboration et de compétences et d'un système efficace. Alors que nous célébrons nos réalisations et composons avec les défis changeants de notre système de santé, votre leadership et votre dévouement demeurent, ni plus ni moins, indispensables.

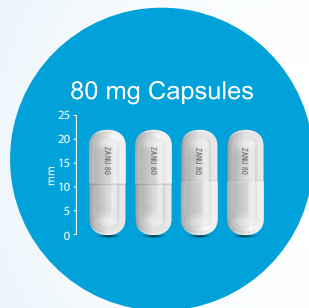

Cordialement,

Catriona Buick, Ph. D., inf. aut., CSIO(C)
Présidente, ACIO/CANO

NOW AVAILABLE

NEW BRUKINSA TABLETS

THE DIFFERENCE IS CLEAR

Recommended daily dose is 320 mg

Daily intake halved

Smaller size for easier swallowing

Scored for simple dose adjustments

BRUKINSA® (zanubrutinib) is indicated¹:

- for the treatment of adult patients with Waldenström's macroglobulinemia (WM)
- for the treatment of adult patients with mantle cell lymphoma (MCL) who have received at least one prior therapy
- for the treatment of adult patients with marginal zone lymphoma (MZL) who have received at least one prior anti-CD20-based therapy
- for the treatment of adult patients with chronic lymphocytic leukemia (CLL)
- in combination with obinutuzumab for the treatment of adult patients with relapsed or refractory grade 1, 2, or 3a follicular lymphoma (FL) who have received at least 2 prior systemic therapies

Please consult the BRUKINSA Product Monograph at BRUKINSA.ca/PM for important information relating to adverse reactions, drug interactions, and dosing information, which have not been discussed in this piece. The Product Monograph is also available by calling 1-877-828-5598.

More questions?
Scan the QR code for answers to Frequently Asked Questions.

The tablets will be reimbursed on all formularies listing BRUKINSA, though timing will vary by province and territory. For details, contact your BeOne Regional Manager or call (647) 496-7420.

Tested protection. Reliable performance.

Nursing teams depend on solutions like closed system drug-transfer devices (CSTDs) to help provide protection from hazardous drug exposure.

But did you know that not all CSTDs offer the same level of safety?

In a study published in the *Journal of Oncology Pharmacy Practice*, the BD® PhaSeal™ Family of CSTDs achieved the best results in vapour containment during preparation and administration tasks.

Task 1: Preparation

Average maximum IPA concentration (ppm) [95% CI]

CSTD 1	0.00 – BD® PhaSeal™
CSTD 2	0.07 – BD PhaSeal™ Optima
CSTD 3	0.13
CSTD 4	2.11
CSTD 5	3.19
CSTD 6	>5.00*
CSTD 7	>5.00*

Task 2: Administration

Average maximum IPA concentration (ppm) [95% CI]

CSTD 1	0.00 – BD PhaSeal™
CSTD 2	0.06 – BD PhaSeal™ Optima
CSTD 3	2.15
CSTD 4	3.07
CSTD 5	>5.00*
CSTD 6	>5.00*
CSTD 7	>5.00*

*Tests stopped due to high levels of IPA (refer to study).

Average maximum IPA concentrations were based on 4 runs of each task.

WELCOME
TO BANFF

**CANO
ACIO**

Canadian Association of Nurses in Oncology
Association canadienne des infirmières en oncologie

On behalf of the 2025 Local Planning Committee, we invite you to Banff, Alberta and the 37th annual CANO/ACIO conference.

The Town of Banff was a service center for tourism for about a hundred years before it was incorporated as a governing municipality in 1990, however the area has been a place where Canada's first peoples lived and visited for more than 10,000 years. In the spirit of respect, reciprocity, and truth, we honour and acknowledge that the townsite of Banff is located on traditional Treaty 7 territory.

Banff National Park is famous for its vibrant lakes, majestic mountains, and easy access to outdoor adventures of all kinds.

The park spans 6,641 square kilometers (2,564 square miles) of striking mountainous terrain in the vast wilderness of the Canadian Rockies. Canada's first national park and the world's third, it has a rich heritage as one of the world's most awe-inspiring mountain destinations.

The bustling Banff townsite is uniquely located in the national park. In this one-of-a-kind place, there's something for everyone to discover. Whether you come for the spectacular valleys and rugged peaks, the authentic Canadian eats, the vibrant arts and culture scene, or a little bit of everything, there's no shortage of unforgettable ways to immerse yourself in Banff National Park.

The Castle Fairmont Banff Springs is one of Canada's last surviving grand railway hotels. Originally developed by the Canadian Pacific Railway in 1887, this fantastic historic destination is composed of two sections: an 11-story tower and the main lodging area. The first part of the building to emerge was the main lodging area, which William Cornelius van Horne—General Manager of the Grand Pacific Railway—charged Bruce Price to develop. Construction on this magnificent building began in 1886 and took several months to complete. When the dust finally settled, Price's building stood as a wonderful five-story,

Châteauesque-style masterpiece. Price's work was then expanded upon by architect Walter Painter some 20 years later, who specifically designed the Fairmont Banff Springs' iconic tower. Construction on this magnificent structure began in 1911 and lasted for three years. Largely made of limestone and wood, the tower's layout was originally influenced by Scottish baronial design aesthetics. Unlike the other historic sections of the hotel, the tower featured nothing like the French-inspired architecture for which it is now known.

The hotel has hosted many famous figures such as royalty and movie stars. It is also known to be haunted.

DON'T FORGET TO BUY YOUR BANFF NATIONAL PARK PASS

Everyone visiting Banff needs to purchase a Park Pass for entry into the National Park. Buy yours online and save time and hassle when arriving at the park entrance.

More than stunning turquoise lakes and breathtaking mountain vistas, Banff National Park is:

- A UNESCO World Heritage Site
- Canada's first National Park
- 1,600+ kms of hiking trails
- 3 world-class ski resorts
- Over 2,468 campsites
- More than 1,000 glaciers
- Culture and Art
- Spas and Wellness
- And so much more!

Your options for beauty are countless. Take the Banff Gondola above the treetops. For eight minutes, you'll glide steadily upwards over what feels like an impossibly steep mountainside. Then, 700 meters in elevation gain later, find yourself on the summit of Sulphur Mountain high above the town of Banff. From here, the alpine is yours to discover with vantage points of six different mountain ranges stretching into the horizon.

Quite likely Banff's most easily reached hike. The Bow Falls Trail delivers much more than you might expect from a 1.2 km walk. Fuel up with a velvety latte or an ice cream and set out right from downtown Banff over the historic Bow River Bridge.

The wooded trail along the river stays cool even on the sunniest of days, leading to an intriguing wooden staircase ascending above the trees. The viewpoint above cascading Bow Falls will make you stop in your tracks – and pull out your camera - before descending to feel the mist of the falls below.

Outside the townsite, Johnston Canyon offers an exciting hiking adventure for all ability levels. The well-maintained trail winds through lush evergreen forests, with suspended catwalks guiding hikers to the lower and upper falls. Accessible year-round, the canyon transforms in the winter, offering a magical experience with snow covered trails and frozen waterfalls.

In town, enjoy culinary delight amidst the backdrop of majestic mountain views as you savor dishes that pay homage to the region's culinary heritage, thoughtfully crafted from the finest locally sourced ingredients.

Explore Bear street where vibrant energy flows from cafes to artisan shops and art galleries along Bear Street. This little corner of Banff is home to artists, creators and retailers who don't have to look far for their inspiration.

Whether you're looking to explore by foot, pedal, paddle or ski, discover the possibilities for awe-inspiring adventures in the heart of nature are endless!

Oncology Nurses of Northern and Southern Alberta welcome those who are in the nursing arena striving valiantly in their oncology practice. This year's conference theme is ...

Striving for the Summit: Empowering Oncology Nurses Towards Excellence

From the bedside, in clinical practice, to leaders who seek improvements in care delivery, oncology nurses are pushing the limits for the best patient outcomes all while promoting diversity and equality as they go. In this time of learning, we seek to empower those who dare to be excellent.

**JOIN US IN BANFF, ALBERTA
FOR CANO/ACIO 2025!**

BIENVENUE
À BANFF!

Au nom du Comité organisateur local 2025, nous vous invitons à Banff, en Alberta, pour le 37^e congrès annuel de l'ACIO/CANO.

La ville de Banff était un centre de services touristiques depuis déjà environ 100 ans avant de devenir une municipalité administrative en 1990. Toutefois, les premiers peuples y vivaient et visitaient la région depuis plus de 10 000 ans. Dans un esprit de respect, de réciprocité et de vérité, nous honorons les lieux et reconnaissons que la ville est située sur le territoire traditionnel du Traité no 7.

Le parc national Banff est célèbre pour ses lacs aux couleurs éclatantes, ses montagnes majestueuses et son accès facile à des aventures de plein air de toutes sortes.

Le parc s'étend sur 6 641 km² de terrain montagneux à couper le souffle dans l'immensité sauvage des Rocheuses canadiennes. Premier parc national du Canada et troisième au monde, Banff possède un riche patrimoine qui en fait l'une des destinations montagneuses les plus époustouflantes sur la planète.

L'emplacement de la ville animée de Banff au sein du parc national est unique. Ce lieu sans pareil regorge de découvertes pour tous les goûts. Que vous veniez pour les vallées spectaculaires et les sommets aux contours déchiquetés, pour les restaurants de cuisine canadienne authentique ou la dynamique scène culturelle et artistique (ou pour un peu de tout!), les occasions inoubliables de vous immerger dans le parc national Banff ne manquent pas.

Le Castle Fairmont Banff Springs est l'un des derniers grands hôtels ferroviaires encore debout au Canada. Ce fantastique lieu historique, érigé par le Canadien Pacifique en 1887, se compose de deux sections : une tour de 11 étages et le site principal de l'hôtel, bâti en premier. C'est William Cornelius van Horn, directeur général du Canadien Pacifique, qui a confié le projet à Bruce Price. Les travaux de construction du magnifique édifice, qui ont duré plusieurs mois, ont commencé en 1886. Lorsque la poussière est finalement retombée, le résultat était une extraordinaire œuvre d'art de cinq étages rappelant un château. Quelque vingt ans plus tard,

l'architecte Walter Painter a complété le travail de Bruce Price; c'est lui qui a dessiné la tour désormais emblématique du Fairmont Banff Springs. La construction de la splendide structure a commencé en 1911 et a duré trois ans. L'architecture de la tour, surtout faite de bois et de pierre de calcaire, s'inspirait à l'origine du style seigneurial écossais (ou Scottish Baronial Style). Contrairement aux autres sections historiques de l'hôtel, la tour ne présentait aucune caractéristique de l'architecture française pour laquelle le bâtiment est aujourd'hui connu.

L'hôtel a accueilli plusieurs célébrités, des personnalités royales aux vedettes de cinéma. On dit aussi qu'il est hanté.

N'OUBLIEZ PAS D'ACHETER VOTRE LAISSEZ-PASSER POUR LE PARC NATIONAL BANFF!

Quiconque visite Banff doit acheter un laissez-passer pour entrer dans le parc national. Achetez le vôtre en ligne pour gagner du temps et éviter la cohue à votre arrivée.

Banff, c'est bien sûr des lacs turquoise époustouflants et des panoramas montagneux à couper le souffle, mais c'est aussi :

- Un site du patrimoine mondial de l'UNESCO
- Le premier parc national du Canada
- Plus de 1 600 km de sentiers de randonnée
- Trois centres de ski de classe mondiale
- Plus de 2 468 sites de camping
- Plus de 1 000 glaciers
- De la culture et des arts
- Des spas et du bien-être
- Et tellement plus!

La beauté est partout. Prenez la Banff Gondola au-dessus de la cime des arbres. Pendant huit minutes, vous gravirez en douceur un versant de montagne qui semblera vertigineusement escarpé. Puis, 700 mètres plus haut, vous vous trouverez au sommet du mont Sulphur, loin au-dessus de la ville de Banff et de la limite forestière. De là, le paysage s'offre à vous et vous aurez vue sur six différentes chaînes de montagnes se déployant à l'horizon.

Le sentier des chutes Bow, probablement la randonnée la plus accessible de Banff, offre beaucoup plus que ce à quoi on pourrait s'attendre d'une marche de 1,2 km. Avant de partir, faites le plein d'énergie en vous régaland d'un latté onctueux ou d'une crème glacée, puis prenez le chemin à partir du centre-ville de Banff jusqu'au pont historique sur la rivière Bow.

Le sentier boisé le long de la rivière reste frais même durant les jours les plus ensoleillés; il mène à un escalier en bois intrigant qui s'élève jusqu'au-dessus des arbres. Le point de vue sur les chutes Bow vous donnera envie de vous arrêter et de sortir votre appareil photo. Vous pourrez ensuite descendre et sentir la bruine des chutes.

À l'extérieur de la ville, le canyon Johnston offre aux randonneurs débutants comme chevronnés un parcours excitant. Le sentier, bien entretenu, serpente à travers les forêts luxuriantes et sempervirentes, et se transforme parfois en passerelle suspendue guidant les randonneurs aux chutes, en hauteur ou au niveau du sol. Accessible à l'année, le canyon se transforme en hiver, et ses sentiers enneigés et ses chutes gelées offrent une expérience magique.

En ville, vous pourrez goûter des délices culinaires en admirant les majestueux paysages montagneux et savourer des plats qui rendent hommage au patrimoine gastronomique de la région, tous ces repas étant confectionnés avec soin à partir des meilleurs ingrédients locaux.

Partez à la découverte de la rue Bear, où une énergie dynamique se dégage des cafés, des boutiques artisanales et des galeries d'art. Ce petit coin de Banff abrite artistes, créateurs et détaillants qui n'ont pas à chercher bien loin pour trouver de l'inspiration.

Que vous souhaitiez explorer la région à pied, à vélo, à la rame ou en ski, les possibilités d'aventures inspirantes au cœur de la nature sont infinies!

Les infirmières en oncologie du nord et du sud de l'Alberta souhaitent la bienvenue à toutes les personnes du domaine des soins infirmiers qui travaillent sans relâche dans leur pratique de l'oncologie. Le thème du congrès de cette année est...

Toujours plus haut : donner aux infirmières en oncologie les moyens d'atteindre l'excellence

Qu'elles cherchent à améliorer leur pratique clinique ou la prestation des soins au chevet des patients, les infirmières en oncologie se dépassent afin d'obtenir les meilleurs résultats possibles pour les patients tout en faisant la promotion de la diversité et de l'égalité. En ces temps d'apprentissage, notre volonté est d'outiller les gens voués à l'excellence.

**SOYEZ DES NÔTRES POUR LE
CONGRÈS 2025 DE L'ACIO/CANO
À BANFF, EN ALBERTA!**

CONFERENCE OBJECTIVES / OBJECTIFS DU CONGRÈS

THIS CONFERENCE WILL: CE CONGRÈS VISE À :

Recognize and highlight oncology nursing excellence in clinical practice, research and leadership throughout Canada. **//// Reconnaître et souligner l'excellence infirmière en oncologie dans la pratique clinique, la recherche et le leadership, et ce, dans tout le Canada.**

Faciliter et soutenir le perfectionnement professionnel continu des infirmières et infirmiers en oncologie en présentant un programme scientifique diversifié, couvrant les niveaux novice à expert et répondant aux besoins d'apprentissage individuels. //// Facilitate and support ongoing professional development of nurses in oncology by providing a diverse novice to expert scientific program conducive to individual learning needs.

Provide an environment which allows for reflection on one's own passion for Oncology Nursing Excellence. **//// Offrir un cadre favorisant la réflexion individuelle sur la passion envers l'excellence infirmière en oncologie.**

Créer un environnement d'apprentissage qui favorise la collégialité et facilite le réseautage, l'engagement et le partage de connaissances avec des collègues infirmiers en oncologie de tout le pays. //// Create a collegial learning environment that facilitates networking, engagement, and knowledge sharing with national oncology nursing colleagues.

Identify innovative practice changes and trends impacting oncology nursing to improve patient care. **//// Dégager les changements novateurs touchant la pratique et les tendances ayant une incidence sur les soins infirmiers en oncologie en vue d'améliorer les soins aux patients.**

S'engager à être un des chefs de file de l'avancement de la pratique infirmière en oncologie. //// Demonstrate a commitment to leading the advancement of oncology nursing practice.

Support and promote excellence and passion in oncology nursing leadership growth and development **//// Appuyer et promouvoir l'excellence et la passion pour ce qui est de la croissance et du développement du leadership infirmier en oncologie.**

GENERAL CONFERENCE INFORMATION / INFORMATIONS SUR LA CONFÉRENCE

Registration Hours

Tuesday, October 28, 2025 3:00pm to 6:00pm

Wednesday, October 29, 2025 6:30am to
6:45pm

Thursday, October 30, 2025 6:30am to 5:30pm

Friday, October 31, 2025 6:30am to 4:45pm

Saturday, November 1, 2025 6:45am to
12:30pm

Annual General Meeting

The 2025 AGM will be held in-person on Friday, October 31, 2025 from 8:30am to 9:30am. Join us in Van Horne A & B at the Fairmont Banff Springs.

Meeting materials are available here:
<https://www.cano-acio.ca/page/agm>

Social Evening

Friday, October 31

6:30pm to 11:00pm

Alhambra at the Fairmont Banff Springs

Get ready to step back in time and celebrate in true 80s style at this year's Après-Ski Social Event! Break out your neon, leg warmers, and vintage ski gear for an evening of retro fun, great food, and unforgettable entertainment.

Your ticket includes a delicious threecourse plated dinner, followed by an energetic dueling piano performance packed with crowd-pleasing hits, fun requests, and all the singalongs you can handle.

Whether you're coming straight from the slopes or just in it for the good vibes, this is the perfect chance to unwind, connect with colleagues, and enjoy a lively evening together.

Thank you to the Alberta ONIGA North and Alberta ONIGA South Chapters for sponsoring this Social Event.

Heures d'inscription

Mardi 28 octobre 2025, de 15 h à 18 h.

Mercredi 29 octobre 2025, de 6 h 30 à 18 h 45.

Jeudi 30 octobre 2025, de 6 h 30 à 17 h 30

Vendredi 31 octobre 2025, de 6 h 30 à 16 h 45

Samedi 1er novembre 2025, de 6 h 45 à 12 h 30

Assemblée générale annuelle

L'AGA 2025 se tiendra en personne le vendredi 31 octobre 2025, de 8 h 30 à 9 h 30 (heure avancée des Rocheuses). Rejoignez-nous dans les salles Van Horne A et B du Fairmont Banff Springs.

Les documents de la réunion sont disponibles ici :
<https://www.cano-acio.ca/page/agm>

Soirée sociale

Vendredi 31 octobre

De 18:30 h à 23 h

Alhambra au Fairmont Banff Springs

Revivez les années 80 lors de cet AprèsSki annuel : l'Après-Ski! Sortez vos jambières fluo et votre vieux équipement de ski pour une soirée rétro mêlant bonne bouffe et divertissements mémorables.

Votre billet donne droit à un délicieux souper trois services, suivi d'un super duo de pianistes qui vous fera chanter à tue-tête avec leur répertoire populaire et toute autre demande spéciale ou chanson à répondre.

Que vous soyez là pour dévaler les pentes ou pour profiter de l'ambiance, c'est l'occasion parfaite pour vous détendre, rencontrer les collègues et passer une belle soirée!

ANNUAL CONFERENCE CONFÉRENCE ANNUELLE

Special Interest Group Meetings

CANO/ACIO members can access any or all Special Interest Groups (SIGs). Currently there are SIGs in the following areas: adolescent & young adult, advanced practice nursing, clinical trials, genomics, gynecology, hematology/BMT, leadership, navigation, oncology & aging, palliative care, planetary health, radiation, surgical oncology nursing and survivorship.

There will be a number of SIG meetings held at the conference to discuss current issues and trends and to support and promote collaboration across Canada. Anyone can join these meetings and if you are looking for more information, we encourage you to attend! You will find these meetings in the conference-at-a-glance.

Wifi

Complimentary Wi-Fi is available for all conference delegates at the Fairmont Banff Springs. Simply select the "Fairmont Network" network to connect.

Get the App

Sponsored by Johnson & Johnson

Johnson&Johnson

Access the conference app to find the session schedule and descriptions, featured sponsors, speakers, connect with your colleagues and more!

1. Scan on one of the following QR Codes:

Apple iOS

Android

Web App

2. Once downloaded, open the app. The app should open to the conference event. If not, search for "CANO/ACIO 2025 Annual Conference". You may be prompted to log in before downloading the event to the app. After entering your first name, last name and email address, a verification code will be sent your email and/or mobile number.

Réunions de groupes d'intérêt spécial

Les membres de l'ACIO/CANO peuvent accéder à n'importe lequel ou à tous les groupes d'intérêt spécial. Actuellement, il existe des groupes d'intérêt spécial dans les domaines suivants: adolescents et jeunes adultes, pratique avancée des soins infirmiers, essais cliniques, génomique, gynécologie, hématologie/BMT, leadership, navigation, oncologie et vieillissement, soins palliatifs, santé planétaire, radiothérapie, soins infirmiers en oncologie chirurgicale et survie.

Il y aura un certain nombre de réunions de groupes d'intérêt spécial tenues lors de la conférence pour discuter des enjeux et des tendances actuels et pour soutenir et promouvoir la collaboration au Canada. Quiconque peut se joindre à ces réunions et si vous cherchez plus d'informations, nous vous encourageons à participer!

Vous trouverez ces réunions dans le programme de la conférence en un coup d'oeil.

Wifi

Une connexion Wi-Fi gratuite est disponible pour tous les participants à la conférence au Fairmont Banff Springs. Il suffit de sélectionner le réseau « Fairmont Network » pour se connecter.

Obtenez l'application

commanditée par Johnson & Johnson

Johnson&Johnson

Accédez à l'application de la conférence pour trouver l'horaire et la description des séances, les commanditaires vedettes, les conférenciers, et plus encore !

1. Cliquez sur l'un des boutons ci-dessous.

Scents

Please note that this annual conference is a scent free environment. Please refrain from the use of perfumes or other strong scents during the conference.

Continuing Nursing Education (CNE)

This event is approved for a maximum of 20.5 hours of accredited continuing nursing education by the Continuing Nursing Education (CNE) Office, Ingram School of Nursing, McGill University.

Gamification

Join our game in the app to earn points and win prizes from our exclusive game prize sponsor, Look Good Feel Better!

In the Game Center in the app, you will see a variety of challenges you can participate in. When you click into a specific challenge, you will see the rules and how to collect points. The more challenges you participate in the more points you earn!

There are many ways to earn points including:

- Explore our exhibit hall and engage with sponsors
- Attend as many sessions as possible
- Earn additional points by attending Sponsored Symposia.

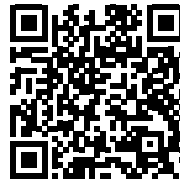

Top 10 point earners receive fabulous prizes from Look Good Feel Better

#1-3: Beauty Gift Basket that will be shipped directly to the winners

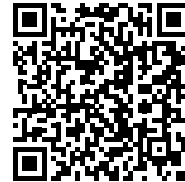

#4-10: Mini-Cosmetic Gift Basket

The game will end on Friday, October 31st at 4:45PM local time. Winners will be announced at the Closing Remarks.

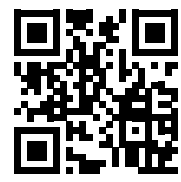

Gamification Sponsor:

Apple iOS

Android

Web App

2. Une fois téléchargée, ouvrez l'application. L'application devrait s'ouvrir sur l'événement de la conférence. Si ce n'est pas le cas, recherchez "CANO/ACIO 2025 Annual Conference". Vous serez ensuite invité à vous connecter avant de télécharger l'événement sur l'application. Après avoir saisi votre prénom, votre nom et votre adresse email, un code de vérification sera envoyé à votre email et/ou à votre numéro de téléphone mobile.

Senteurs

Veuillez noter que cette conférence annuelle est un environnement sans parfum. Veuillez vous abstenir d'utiliser des parfums ou autres odeurs fortes pendant la conférence.

Formation continue en sciences infirmières (FCSI)

Cet événement est approuvé pour un maximum de 20.5 heures de formation continue accréditées par le Bureau de la formation continue en sciences infirmières (FCSI) de l'École des sciences infirmières Ingram de l'Université McGill.

Gamification

Participez à notre jeu dans l'application pour gagner des points et des prix offerts par notre sponsor exclusif, Look Good Feel Better !

Dans le Centre de Jeu de l'application, vous verrez une variété de défis auxquels vous pouvez participer. Lorsque vous cliquez sur un défi particulier, vous verrez les règles et comment accumuler des points. Plus vous participez à des défis, plus vous gagnez de points !

ANNUAL CONFERENCE CONFÉRENCE ANNUELLE

CANO/ACIO Conference Poster Presentation Awards

Delegates are asked to vote for their top 3 posters in each category **CLINICAL PRACTICE; EDUCATION & LEADERSHIP; RESEARCH; and QUALITY INITIATIVES**. The top poster in each category wins \$150; 2nd place wins \$75 and 3rd place wins \$50.

Please post your vote by: Friday, October 31, 2025 at 5:00pm MDT

Translation Services

We are pleased to offer translation services through Wordly for the main plenary sessions, as well as a number of additional sessions (to be confirmed).

Delegates who wish to access live translation will need to bring their own mobile device (phone, tablet, or laptop) and personal headphones or earphones. Instructions on how to connect to Wordly during the sessions will be provided on-site.

Wellness Sessions

Take a moment to relax and recharge during the conference. A wellness practitioner will be available for one-on-one sessions in the Champlain Room at the Fairmont Banff Springs. You can book your session directly using the link below.

Natalie Millar

Registered Reflexologist, Reiki Master & Healer | Her Knowing, Banff, AB

Natalie combines facial and foot reflexology with Reiki energy healing to promote relaxation, balance, and full-body rejuvenation.

Book a session: [https://herknowing.as.me/schedule/6a7f38b8/?categories\[\]=CANO](https://herknowing.as.me/schedule/6a7f38b8/?categories[]=CANO)

Il existe de nombreuses façons de gagner des points, notamment :

- Explorez notre salle d'exposition et engagez-vous auprès des sponsors
- Assister à autant de sessions que possible
- Gagnez des points supplémentaires en assistant aux symposiums sponsorisés, à l'assemblée générale annuelle, à la cérémonie de remise des prix et aux sessions de discours et de conférences

Les 10 premiers gagnants recevront des prix fabuleux de Look Good Feel Better.

n°1-3 : Paniercadeau beauté qui sera envoyé directement aux gagnants

n°4-10 : Mini panier cadeau cosmétique

Le jeu finira le Vendredi 31 octobre à 16 h 45, heure locale. Les gagnants seront annoncés lors du discours de clôture.

Sponsor de la gamification :

Prix de présentation des affiches de la conférence

Les délégués sont invités à voter pour les 3 meilleures affiches dans chaque catégorie :

PRATIQUE CLINIQUE, ÉDUCATION ET LEADERSHIP, RECHERCHE et INITIATIVES DE QUALITÉ.

L'affiche meilleure affiche dans chaque catégorie gagne 150 \$; la deuxième place gagne 75 \$ et la troisième place gagne 50 \$.

Veuillez envoyer votre vote au plus tard le : Vendredi 31 octobre 2025 à 17 h 00 MDT

Services de traduction

Nous sommes heureux d'offrir des services de traduction via Wordly pour les principales séances plénières, ainsi que pour un certain nombre de séances supplémentaires (à confirmer).

Les délégués qui souhaitent accéder à la traduction en direct devront apporter leur propre appareil mobile (téléphone, tablette ou ordinateur portable) et leurs écouteurs ou casque audio personnels. Des instructions sur la manière de se connecter à Wordly pendant les séances seront fournies sur place.

Séances de bien-être

Prenez un moment pour vous détendre et vous ressourcer pendant la conférence. Une praticienne du bien-être sera disponibles pour des séances individuelles dans la salle Champlain du Fairmont Banff Springs. Vous pouvez réserver votre séance directement via le lien ci-dessous.

Natalie Millar

Réflexologue agréée, maître Reiki et guérisseuse | Her Knowing, Banff AB

Natalie combine la réflexologie faciale et plantaire avec la guérison énergétique Reiki pour favoriser la relaxation, l'équilibre et le rajeunissement de tout le corps.

CREATING HOPE THROUGH INNOVATION

At Eisai, everything we do is guided by a simple principle: patients and their families come first. We spend time with them. We listen and we learn about their lives, their desires and their greatest needs. *We call this human health care or hhc*, giving first thoughts to patients and their families and helping increase the benefits health care provides.

Our hhc mission is what drives us to discover innovative solutions and therapies that help address unmet needs within the communities that we seek to serve.

CANO/ACIO SPONSORED SYMPOSIUM

How Sharp is Your Immune Checkpoint Inhibitor Subcutaneous Injection Knowledge?

Thursday, October 30th, 2025 | 12:00 – 1:30 PM

LOCATION: Van Horne A & B

Join us for an engaging, game-show style symposium!

At the end of the session, participants will be able to:

- Understand the latest evidence supporting the use of subcutaneous (SC) immune checkpoint inhibitor (ICI) therapy in medical oncology.
- Implement strategies to incorporate SC immunotherapy administration into routine oncology care, addressing workflow, patient education, and interdisciplinary collaboration.
- Integrate actionable tips and techniques into practice to optimize both the nursing and patient experience during SC immunotherapy.

This non-accredited program received an educational grant and in-kind support from Bristol-Myers Squibb Canada (BMS). This activity was made possible through support provided by Hoffmann-La Roche Limited.

XOSPATA[®]
gilteritinib 40mg tablets

XOSPATA (gilteritinib) is indicated for the treatment of adult patients who have relapsed or refractory acute myeloid leukemia (AML) with an FMS-like tyrosine kinase 3 (*FLT3*) mutation. A validated test is required to confirm the *FLT3* mutation status of AML.

Please consult the Product Monograph at xospatapm.ca/en for contraindications, warnings, precautions, adverse reactions, drug interactions, dosing, and conditions of clinical use. The Product Monograph is also available by calling 1-888-338-1824.

E-POSTER PRESENTATIONS / SÉANCE D’AFFICHAGE ÉLECTRONIQUE

Break 1 – Day 1 October 29 – 10:15am to 10:45am | Clinical Practice

Station	Time	Title	Authors	Category
A	10:20 – 10:27	P-01 Reducing Isatuximab Infusion Times to Optimize Patient Flow in an Outpatient Hematology-Oncology Unit	Alexandra Jennings	Clinical Practice / Pratique Clinique
A	10:29 – 10:36	P-02 Exploring Oncology Nurses Impact on Supportive Care Needs	Allyson Nowell	Clinical Practice / Pratique Clinique
A	10:38 – 10:45	P-03 Managing Bleeding Malignant Cutaneous Wounds	Carmina Godinez, Lara Kelly, Tammy Campana	Clinical Practice / Pratique Clinique
B	10:20 – 10:27	P-04 Early Integration of Palliative and Supportive Care in the Neuro Oncology Population: Striving for the Summit	Catriona Leckie	Clinical Practice / Pratique Clinique
B	10:29 – 10:36	P-05 Empowering Nurses to Optimize Care for Patients Receiving Tebentafusp (KIMMTRAK®) for Uveal Melanoma: Comprehensive Training and Support Protocol	Diana Incekol	Clinical Practice / Pratique Clinique
B	10:38 – 10:45	P-06 Developing Resilience in Oncology Nurses: Coping with Compassion Fatigue and Burnout	Gayatre Maharaj	Clinical Practice / Pratique Clinique
C	10:20 – 10:27	P-07 Role of the Nurse Practitioner in Post-Radiotherapy Follow-Up for Prostate Cancer Survivors: Experience of the CHU de Québec	Isabelle Pouliot	Clinical Practice / Pratique Clinique
C	10:29 – 10:36	P-08 Neutropenic Enterocolitis (NEC) in Acute Leukemia Patients: A Closer Look at Its Implications in Patients Post 7+3 Induction Chemotherapy on an Adult	Joanne Hsueh	Clinical Practice / Pratique Clinique
C	10:38 – 10:45	P-09 Merging of Hematological Oncology and Medical Oncology Systemic Therapy Units	Katie Costello	Clinical Practice / Pratique Clinique
D	10:20 – 10:27	P-10 Bridging the Gaps in Prostate Cancer Care: The Role of a Nurse-Led Clinic	Laura Colwill, Nancy Menard	Clinical Practice / Pratique Clinique
D	10:29 – 10:36	P-11 Does diversifying gut microbiome influence graft tolerance in allogeneic stem cell transplant patients?	Lauralai Wild	Clinical Practice / Pratique Clinique
D	10:38 – 10:45	P-12 Intracranial Hemorrhage in Malignancy	Laurie Ann Holmes	Clinical Practice / Pratique Clinique

Break 2 – Day 2 Wednesday, October 29 – 3:15pm to 3:45pm | Clinical Practice |

Education

Station	Time	Title	Authors	Category
A	3:20 – 3:27	P-13 Into the Crevice- The importance of perianal care	Laurie Ann Holmes	Clinical Practice / Pratique Clinique
A	3:29 – 3:36	P-14 Streamlining the care of patients with Monoclonal Gammopathy of Undetermined Significance (MGUS) with a Nurse Practitioner led clinic	Leah Jodoin	Clinical Practice / Pratique Clinique
A	3:38 – 3:45	P-15 Breaking Barriers: An approach to decentralizing clinical trials across Nova Scotia	Madison Boudreau	Clinical Practice / Pratique Clinique
B	3:20 – 3:27	P-16 Towards the Summit: Elevating AE Management with ePROs and Remote Monitoring	Nancy Gregorio	Clinical Practice / Pratique Clinique
B	3:29 – 3:36	P-17 Smoking Cessation: Breaking Barriers to Break the Habit	Navanna Beed, Angella Gladwin	Clinical Practice / Pratique Clinique
C	3:20 – 3:27	P-19 The Acute Leukemia Shared Care Program at Princess Margaret Cancer Centre (PM): Supporting Care Closer to Home	Rosemary Pivovarov	Clinical Practice / Pratique Clinique
C	3:29 – 3:36	P-20 Cancer Care Symptom Management	Rupinder Deol, Lollita Rahaman	Clinical Practice / Pratique Clinique
C	3:38 – 3:45	P-21 Empowering Clinical Trial Nurses: Integrating Palliative Care into Glioblastoma Clinical Trials	Samina Ladha, Diane Arndt	Clinical Practice / Pratique Clinique
D	3:20 – 3:27	P-22 Adolescent and Young Adult Cancer Program at The Ottawa Hospital. Insights from Co-Development	Sarah Cleyn	Clinical Practice / Pratique Clinique
D	3:29 – 3:36	P-23 No Test, No Transfusion: Empowering Patients to Prevent Delays	Alexandra Jennings, Kathy Racine	Education / Éducation
D	3:38 – 3:45	P-24 Developing Systemic Therapy Administration Competency for Nurses Working on an Inpatient Oncology Unit.	Amanda Lamarche, Kate Cecchin	Education / Éducation

Break 3 – Welcome Reception – Day 2 - Wednesday, October 29

E-Poster Viewing – Welcome Reception

During the Welcome Reception, the e-poster stations will be open for independent viewing. Attendees are invited to explore the e-posters at their own pace and revisit any topics of interest throughout the reception. Presenters will not be scheduled for formal presentations during this time to allow attendees to freely engage with both the posters and exhibitors

ANNUAL CONFERENCE CONFÉRENCE ANNUELLE

Break 4 – Day 2 – Thursday, October 30 – 10:00am to 10:30am | 📖 Educationv

Station	Time	Title	Authors	Category
A	10:05 – 10:12	P-25 Piloting an educational toolkit to support nurses with advance care planning conversations at BC Cancer Vancouver Centre.	Haley Guy	Education / Éducation
A	10:14 – 10:21	P-26 Reducing Cancer Medication Infusion Reaction (CMIR) through education and reporting	Hina Sheikh	Education / Éducation
A	10:23 – 10:30	P-27 Systemic Therapy: A Teaching Checklist for New Hematology Nurses in the outpatient Setting	Jennifer Lachance	Education / Éducation
B	10:05 – 10:12	P-28 Championing for Excellence in Vascular Access Care: How the 2024 Canadian Vascular Access and Infusion Therapy Guidelines Optimize Outcomes for Patient	Jocelyn Hill	Education / Éducation
B	10:14 – 10:21	P-29 Enhancing Quality of Patient Education Resources Preparing Patients for Hepato-Pancreatic-Biliary Cancer Surgery	Lucia Ghadimi	Education / Éducation
B	10:23 – 10:30	P-30 Building a Canadian-Based Radiation Oncology Course	Margaret Forbes	Education / Éducation
C	10:05 – 10:12	P-31 NP led virtual group teaching for newly diagnosed CLL - reducing anxiety on the wait list for consult.	Nanette Cox-Kennett	Education / Éducation
C	10:14 – 10:21	P-32 Scaling New Heights: Empowering Oncology Nurses Through the Clinical Scholar Program	Phillip Nguyen	Education / Éducation
C	10:23 – 10:30	P-33 Sarcoma: Let's Get to the Bone of the Matter	Sarah Quinn	Education / Éducation
D	10:05 – 10:12	P-34 Bridging Knowledge Gaps: Crafting an Internal Oncology Training Course for Community-Based Clinic Nurses	Silvie Melanson	Education / Éducation
D	10:14 – 10:21	P-35 Applying a quality improvement lens to understand the impact of specialty oncology nursing education in Alberta	Sydney Farkas	Education / Éducation
D	10:23 – 10:30	P-18 Oncology Nurse Led PARPi Clinic: Optimizing the use of healthcare resources	Racquel Salvador, Maja Tuta	Clinical Practice / Pratique Clinique

Break 5 – Day 2 – Thursday, October 30 – 3:00pm to 3:30pm | Leadership / Leadership | Research / Recherche

Station	Time	Title	Authors	Category
A	3:05 – 3:12	P-37 Hope's Torch: Developing and Fostering a Surgical Oncological Team through Times of Transition	Erin Fischer	Leadership / Leadership

SPONSOR AND EXHIBITOR LISTING / LISTE DES COMMANDITAIRES ET EXPOSANTS

Johnson & Johnson

Platinum/Platine, Symposium

Johnson & Johnson Innovative Medicine is leading where medicine is going. Patients inform and inspire our science-based innovations, which continue to change and save lives. With rigorous science and compassion, we confidently address the most complex diseases of our time and unlock the potential medicines of tomorrow.

Lilly

Platinum/Platine, Symposium

Lilly is a medicine company turning science into healing to make life better for people around the world. Lilly has been pioneering life-changing discoveries for nearly 150 years, and today our medicines help more than 51 million people across the globe. To learn more about Lilly Canada, visit www.lilly.com/en-CA, or follow us on LinkedIn.

Roche

Platinum/Platine, Symposium

At Roche Canada, patients and science are at the heart of everything we do. Our passion for science and our commitment to relentlessly pursuing the impossible for patients have made us one of the world's leading pharmaceutical, in-vitro diagnostics, and diabetes care management companies.

With our combined strength in diagnostics and pharmaceuticals, we're driving personalized healthcare (PHC) forward, while ensuring we deliver meaningful benefits for patients and a sustainable healthcare system. Because we're committed to making quality healthcare accessible to everyone.

Sanofi

Platinum/Platine, Focus Group/Ad Board

At Sanofi, we chase the miracles of science to improve people's lives. Our determination to find answers for patients motivates us to develop breakthrough medicines and vaccines. Fueled by data and digital technologies, our cutting-edge science and manufacturing have the potential to transform the practice of medicine, turning the impossible into possible for millions of people around the world.

Canadian Association of Nurses in Oncology
Association canadienne des infirmières en oncologie

Our Specialty care team focuses on developing therapies for debilitating diseases that are often difficult to diagnose and treat, providing hope to patients and their families, in the areas of rare blood disorders, neurology, oncology, and immunology.

disease and other unmet medical needs around the world has earned us a reputation for always putting patients first. We are CSL Behring Canada and we are driven by our promise

AstraZeneca Canada

Gold/Or

AstraZeneca is a global, science-led biopharmaceutical business whose innovative medicines are used by millions of patients worldwide. The company's core areas of scientific focus are Oncology; Cardiovascular, Renal and Metabolic (CVRM); Rare Disease; Respiratory & Immunology; and Vaccine & Immune Therapies.

AstraZeneca is committed to contributing to a more sustainable future for people, society and planet, taking important steps to help tackle some of the most pressing sustainability challenges globally – from climate and biodiversity loss, to health equity and health system resilience.

CSL Behring

Gold/Or

It began with a promise. CSL Behring's parent company, CSL, was formed more than 100 years ago to save lives using the latest technologies. In the century since, CSL Behring has grown into a global biotechnology leader, driven by that same promise to save and improve lives. We offer the broadest range of quality plasma-derived and recombinant therapies in our industry. Our ability to innovate and deliver life-saving medicines for patients with rare

GSK

Gold/Or

GSK is committed to maximizing patient survival through transformational medicines with a current effort on breakthroughs in oncology, including gynaecologic cancers, some of the most common cancers affecting women. We are focused on developing new medicines across a range of different modalities both as monotherapy and in combination for a variety of cancers, including ovarian and endometrial. We have a unique research and development approach, utilizing synthetic lethality and immuno-oncology to target specific proteins and biomarkers in ovarian cancer and endometrial cancer, enabling us to develop targeted treatments. Find out more at gsk.ca.

Pfizer

Gold/Or, Symposium, Award

Pfizer Canada ULC is the Canadian operation of Pfizer Inc., one of the world's leading biopharmaceutical companies. Our diversified health care portfolio includes some of the world's best known and most prescribed medicines and vaccines. At Pfizer, our colleagues work to deliver Breakthroughs that change patients' lives TM. In 2019, Pfizer Inc. invested US\$ 8.65 billion globally toward developing safe and effective medicines and took part in more than 95 new R-D collaborations.

ANNUAL CONFERENCE CONFÉRENCE ANNUELLE

Global headquarters are located in New York City, where the company was founded in 1849. Pfizer's Canadian footprint includes its headquarters in Kirkland, Quebec and a manufacturing site in Brandon, Manitoba. To learn more about Pfizer Canada, visit pfizer.ca or you can follow us on LinkedIn, Facebook, Twitter or YouTube.

AbbVie

Silver/Argent, Focus Group/Ad Board

At AbbVie, we are committed to transforming standards of care for multiple cancers while advancing a dynamic pipeline of investigational therapies across a range of cancer types. Our dedicated and experienced team joins forces with innovative partners to accelerate the delivery of potentially breakthrough medicines. We are evaluating more than 35 investigational medicines in over 300 clinical trials across some of the world's most widespread and debilitating cancers. As we work to have a remarkable impact on people's lives, we are committed to exploring solutions to help patients obtain access to our cancer medicines.

Advanz Pharma

Silver/Argent

ADVANZ PHARMA Canada Inc. is a full-scale pharmaceutical company specializing in the commercialization of innovative specialty, rare disease, and biosimilar products, that serve the unique needs of patients and health systems. We are committed to addressing the unmet needs of patients by placing them at the center of everything we do. Our patient-centric approach ensures that

our products and services are tailored to meet the unique needs of each patient population we serve, and we are constantly exploring new ways to improve the lives of patient care.

Baxter

Silver/Argent

Baxter touches the lives of millions of people around the world every day. Our products and therapies can be found throughout hospitals and clinics – from the ER to the OR, from the pharmacy to the ICU – as well as advancing patients' care in their homes.

For more than 85-years, we have been at the critical intersection of saving and sustaining lives. And now, we are determined and uniquely positioned to realize our greatest opportunity to transform global healthcare for years to come.

BD

Silver/Argent, Award

BD is one of the largest global medical technology companies in the world and is advancing the world of health™ by improving medical discovery, diagnostics and the delivery of care. The company supports the heroes on the frontlines of healthcare by developing innovative technology, services and solutions that help advance both clinical therapy for patients and clinical process for healthcare providers. BD and its 75,000 employees have a passion and commitment to help enhance the safety and efficiency of clinicians' care delivery process, enable laboratory scientists to accurately detect disease and advance researchers' capabilities

Canadian Association of Nurses in Oncology
Association canadienne des infirmières en oncologie

to develop the next generation of diagnostics and therapeutics. BD has a presence in virtually every country and partners with organizations around the world to address some of the most challenging global health issues. By working in close collaboration with customers, BD can help enhance outcomes, lower costs, increase efficiencies, improve safety and expand access to healthcare.

BeOne Medicines (Canada) ULC (formerly Beigene)

Silver/Argent

BeOne Medicines is a global oncology company domiciled in Switzerland that is discovering and developing innovative treatments that are more affordable and accessible to cancer patients worldwide. With a portfolio spanning hematology and solid tumors, BeOne is expediting development of its diverse pipeline of novel therapeutics through its internal capabilities and collaborations. With a growing global team of more than 11,000 colleagues spanning six continents, the Company is committed to radically improving access to medicines for far more patients who need them.

To learn more about BeOne, please visit www.beonemedicines.com and follow us on LinkedIn, X, Facebook and Instagram.

Biocon Biologics

Silver/Argent

Biocon Biologics is a unique, fully integrated, global biosimilars company committed to transforming healthcare and transforming lives by enabling

affordable access to high quality biosimilars for millions of patients worldwide. It is leveraging cutting-edge science, innovative tech platforms, global scale manufacturing capabilities and world-class quality systems to lower costs of biological therapeutics while improving healthcare outcomes. Biocon Biologics has commercialized eight biosimilars in advanced markets like U.S., Europe, Australia, Canada, Japan and key emerging markets. The Company has a pipeline including 20 biosimilar assets across diabetology, oncology, immunology, ophthalmology, and other non-communicable diseases.

BioJAMP

Silver/Argent

JAMP Pharma Group is proudly founded, owned and managed exclusively in Canada, it strives to provide high-quality drugs and biosimilars tailored to the needs of patients and healthcare professionals. Our growing portfolio in oncology exemplifies our commitment to elevating patient care support. We simplify collaboration without compromising efficacy, quality, or safety. JAMP Pharma Group is here to stay as your trusted partner.

Visit our booth to learn more about our dedication to our healthcare system, to the Canadian economy and see how we reinvest in our community.

Boehringer Ingelheim

Silver/Argent, Focus Group/Ad Board, Award

Boehringer Ingelheim is a global biopharmaceutical company focused on innovative therapies for humans and animals. With a strong commitment

ANNUAL CONFERENCE CONFÉRENCE ANNUELLE

to research and sustainability, the company aims to improve lives in areas of unmet medical need. Founded in 1885 and independently owned, Boehringer operates in over 130 markets with 54,500 employees worldwide. In Canada, the company has been active since 1972 and is headquartered in Burlington, Ontario, employing approximately 500 people. Learn more at www.boehringer-ingenelheim.com/ca.

Amgen

Bronze/Bronze, Award

Amgen harnesses the best of biology and technology to fight the world's toughest diseases, and make people's lives easier, fuller and longer. We helped establish the biotechnology industry, and we remain on the cutting-edge of innovation, using technology and human genetic data to push beyond what's known today.

Amgen Canada has been an important contributor to Canada's biotechnology sector since 1991, serving patients throughout Canada by delivering vital medicines to them. In addition, Amgen contributes to the development of new therapies or new uses for existing medicines in partnership with many of Canada's leading healthcare, academic, research, government and patient organizations. For more information, visit Amgen.ca

Astellas

Bronze/Bronze

Astellas Pharma Canada, Inc. is a Canadian affiliate of Tokyo-based Astellas Pharma Inc., a global life

sciences company conducting business in more than 70 countries around the world. Astellas is committed to turning innovative science into VALUE for patients. We provide transformative therapies in disease areas that include oncology, urology, immunology and women's health. Through our research and development programs, we are pioneering new healthcare solutions for diseases with high unmet medical need. Learn more at <https://www.astellas.com/ca/>

Bristol Myers Squibb

Bronze/Bronze, Symposium

At Bristol Myers Squibb, we work every day to help patients. Patients are at the center of everything we do. They inspire us. They are the reason we come to work each day. We aspire to be at the center of a vibrant healthcare ecosystem, where academic research centers, biotech and biopharma companies all contribute to continued scientific advancement.

Eisai

Bronze/Bronze

At Eisai, human health care (hhc) is our goal.

We give our first thought to patients and their families and to increase the benefits that health care provides. Our passionate commitment to patient care is the driving force behind all our efforts. This dedication is born from deep within our soul - an innate desire to find innovation solutions that help address unmet needs and contribute to the well-

Canadian Association of Nurses in Oncology
Association canadienne des infirmières en oncologie

being of patients worldwide.

Gilead Kite

Bronze/Bronze, Symposium

Gilead and Kite Oncology – Creating the future of oncology

From antibody-drug conjugates and small molecules to cell therapy-based approaches, our R&D programs and partnerships are focused on changing the way cancer is treated. We are helping to create possibilities for people with overlooked, underserved and difficult to treat cancers.

ICU Medical

Bronze/Bronze

ICU Medical is a global leader offering clinically essential products and solutions that connect patients with caregivers through life-enhancing, innovative technology and services that provide meaningful clinical value. Our robust portfolio features medical delivery systems and consumable products for infusion therapy, emergency medicine, general and regional anesthesia, homecare, NICU/ PICU, oncology, pain management, and respiratory care. We are a dedicated partner delivering leading-edge products across the continuum of care.

Ipsen

Bronze/Bronze

Inspiring hope, improving patients' lives.

Acting on this mission has propelled us to become a global biopharmaceutical leader with a focus on innovation and specialty care.

Our passion drives our commitment to patients living with difficult-to-treat diseases, and we put them first. Because patients are our priority, we help them through our expertise in oncology, neuroscience, and rare disease.

We bring medicines to patients with the strength of nearly 6,000 employees across the globe, including innovators in our key therapeutic areas.

Jazz Pharmaceuticals

Bronze/Bronze

At Jazz Pharmaceuticals plc (NASDAQ: JAZZ), our purpose is to innovate to transform the lives of patients and their families. We are focused on developing life-changing medicines for people with serious diseases – often with limited or no options – so they can live their lives more fully. By transforming biopharmaceutical discoveries into novel medicines, we are working to give people around the world the opportunity to redefine what's possible – to make the "small wins" big again. We are a fully integrated, global biopharmaceutical company with a diverse portfolio of marketed medicines and novel product candidates for adults and children, and expertise in two key therapeutic

ANNUAL CONFERENCE CONFÉRENCE ANNUELLE

areas: neuroscience and oncology. We are an industry leader in treating sleep disorders and epilepsy, and in oncology we are investigating and delivering medicines for hard-to-treat hematologic malignancies and solid tumors. We use our deep knowledge of and commitment to these fields to innovate and identify new solutions where none previously existed.

Kyowa Kirin

Bronze/Bronze

Across North America and around the globe, Kyowa Kirin strives to create and deliver novel medicines with life-changing value.

We are a Japan-based global specialty pharmaceutical company that uses cutting-edge science to address the needs of patients across multiple therapeutic areas. Our Canadian team shares our values of commitment to life, teamwork, innovation, and integrity to answer the unmet medical needs of patients, their families, and medical professionals.

La Roche Posay

Bronze/Bronze, Symposium

La Roche Posay is the number 1 dermo-cosmetic brand worldwide and is the #1 recommended skincare brand by dermatologists in Canada. Our mission for our oncology engagement is to help cancer patients undergoing chemotherapy and radiation treatments, with a focus on improving patient quality of life by reducing skin side effects with the help of our safe, tolerable, and effective

skin care products. Having conducted various studies with over 1,100 patients undergoing cancer treatments, La Roche-Posay has demonstrated efficacy in achieving this for oncology patients, by reducing skin side effects as well as improve quality of life.

Nipro Canada

Bronze/Bronze

Nipro Canada would like to welcome the return of in-person meetings and we hope that your CANO 2024 meeting supports both education and collaboration. We're very pleased to introduce several new patient quality initiatives that have been proven with evidence-based articles. Please visit our booth and one of our representatives will assist you. Enjoy CANO 2025!

Pharmascience

Bronze/Bronze

Since 1983, Pharmascience has been a leading manufacturer of generic, branded, and over-the-counter pharmaceuticals, serving both the Canadian and international markets. With product distribution in over 50 countries, we provide 1,300 skus to pharmaceutical wholesalers, hospitals, and pharmacists. Our facilities produce more than 5 billion dosage units of medicines every year.

Pharmascience, headquartered in Montreal, Quebec, was recognized in 2024 by Great Place to Work as one of the Top 50 Best Workplaces in Canada. Our 1,600 employees are committed to product quality, R&D, and serving our communities.

REGENERON®

Regeneron

Bronze/Bronze

Regeneron is a leading biotechnology company that invents, develops and commercializes life-transforming medicines for people with serious diseases. Founded and led by physician-scientists, our unique ability to repeatedly translate science into medicine has led to numerous approved treatments and product candidates in development, most of which were homegrown in our laboratories. Our medicines and pipeline are designed to help patients with eye diseases, allergic and inflammatory diseases, cancer, cardiovascular and metabolic diseases, neurological diseases, hematologic conditions, infectious diseases and rare diseases.

Sun Pharma

Bronze/Bronze

From humble beginnings in 1983, Sun Pharma has grown to become the 4th largest specialty generic pharmaceutical company in the world. Our passion for R&D has enabled us to develop over 2000 products that are sold in over 100 countries worldwide. At Sun, we are driven by our core values of quality, reliability, innovation, trust and consistency. These values inspire us to reach out and touch millions of lives globally.

STERIMAX INC.

Sterimax

Bronze/Bronze

SteriMax is the largest privately-owned injectable company in Canada. Our foundation rests upon the principles of providing high-quality products, maintaining a reliable product supply, and supporting the needs of Canadian patients. SteriMax has a broad portfolio of critical hospital products, thereby delivering on the promise of maximizing the wellness of Canadians.

Taiho

Bronze/Bronze

A specialty pharma company, focusing on drug discovery, preclinical research, clinical development, and building a network comprising of production, marketing, research & development in the fields of oncology, and immune-related diseases.

In the company's primary field of oncology, Taiho Pharmaceutical carries out global development of its mainstay anti-cancer agents in Japan, the US, Europe, and Asia.

The company also offers consumer health care products including nutritive energy drinks and herbal digestive support drinks.

Established in 1963, in Japan.

ANNUAL CONFERENCE CONFÉRENCE ANNUELLE

Takeda

Bronze/Bronze

We are a patient-centered organization that aspires to cure cancer with inspiration from patients and innovation from everywhere. Why? Because cancer is clever. It continues to find new ways to prevail, and patients continuously need new options.

Join the AHS team and become part of our incredible community of healthcare professionals. Contact us at careers@ahs.ca Apply today at ahs.ca/careers

Apotex

Exhibitor/Exposant

Apobiologix®, a division of Apotex Inc., focuses on the commercialization of biosimilars. The Apobiologix® biosimilar program is a natural extension of Apotex; long history of providing access to high-quality, affordable medicines in Canada and across the globe. We aspire to transform access to affordable therapies in oncology and beyond through innovation, development and partnerships. At Apobiologix®, we believe Invention is not the only Innovation; we believe healthcare providers and patients deserve access to affordable therapies without compromising efficacy, quality, and safety.

AstraZeneca & Daiichi Sankyo Canada

Exhibitor/Exposant

About AstraZeneca

AstraZeneca is a global, innovation-driven biopharmaceutical business with a focus on the discovery, development and commercialization of primary and specialty care medicines that transform lives. Our primary focus is on four important areas of healthcare: Cardiovascular, Renal and Metabolic disease; Oncology; Respiratory & Immunology; and Rare Diseases. AstraZeneca operates in more than 100 countries and its innovative medicines are used by millions of patients worldwide. In Canada, we employ roughly 1,100 employees across the country and our headquarters are located in Mississauga, Ontario. The company invested \$112 million in Canadian research and development in 2020 and

Canadian Association of Nurses in Oncology
Association canadienne des infirmières en oncologie

is designated a Global Clinical Trial Delivery site – leading the delivery of more than 100 global clinical trials in oncology and respiratory disease. For more information, please visit the company’s website at www.astrazeneca.ca.

About Daiichi Sankyo Canada

Daiichi Sankyo is an innovative global healthcare company contributing to the sustainable development of society that discovers, develops, and delivers new standards of care to enrich the quality of life around the world. With more than 120 years of experience, Daiichi Sankyo leverages its world-class science and technology to create new modalities and innovative medicines for people with cancer, cardiovascular, and other diseases with high unmet medical need. For more information, please visit www.daiichisankyo.com.

BC Cancer

Exhibitor/Exposant

BC Cancer provides a province-wide, comprehensive cancer control program, covering the full spectrum of cancer care from prevention, screening, diagnosis and treatment, to research and education, to supportive and palliative care. Recognized internationally for cutting-edge cancer care, treatment, and research, BC Cancer’s person-centred cancer care is delivered through six regional cancer centres – Vancouver, Victoria, Surrey, Abbotsford, Prince George, Kelowna– providing assessment and diagnostic services, chemotherapy, radiation therapy, and supportive care. BC Cancer nurses are essential members of the health care teams, working collaboratively to support the highest standards of care and the latest, evidence-based treatment options for patients and their families.

Bioscript Solutions

Exhibitor/Exposant

BioScript Solutions® is committed to helping patients with chronic illnesses achieve the best possible health outcomes by providing access to complex, specialty drug therapies and delivering full-service specialty care solutions.

Canadian Cancer Society
Société canadienne du cancer

Canadian Cancer Society

Exhibitor/Exposant

We improve the lives of all those affected by cancer through world-class research, transformative advocacy and compassionate support.

Canadian Association of Nurses in Oncology
Association canadienne des infirmières en oncologie

Canadian Association of Nurses in Oncology

Exhibitor/Exposant

Established in 1985, the Canadian Association of Nurses in Oncology/Association canadienne des infirmières en oncologie (CANO/ACIO) is a national organization with a mission to advance oncology nursing excellence through practice, education, research, and leadership for the benefit of all Canadians, and a vision of being an international nursing leader in cancer control. We are a member-run association that takes direction from its membership in formulating activities and initiatives.

ANNUAL CONFERENCE CONFÉRENCE ANNUELLE

Cold Crowns

Exhibitor/Exposant

Cold Crowns is founded by two Ontario women; an oncology nurse and a clothing designer. With the extensive knowledge of these two experts, Cold Crowns is able to provide a service that caters to the oncology client through first hand experience, while also ensuring that the caps are designed to be as user friendly and comfortable as possible. You can be confident that by choosing Cold Crowns, you are choosing a team of women that will guide and support you from start to finish of your chemotherapy journey!

Canadian Vascular Access Association

Exhibitor/Exposant

The Canadian Vascular Access Association is a non-profit multi-disciplinary organization of clinicians dedicated to enhancing the practice of vascular access and infusion therapy. CVAA advocates for safe, quality care across the healthcare continuum by providing leadership and promoting education, partnerships, knowledge and research in vascular access and infusion therapy with a vision for optimal patient outcomes. We have local chapters, a peer-reviewed journal, revised Guidelines (coming soon), and lots of tools for oncology clinicians! Come say hello!

Gray Oncology Solutions

Exhibitor/Exposant

The capacity to do more.

GrayOS is the Care Orchestration Platform that empowers cancer centers to overcome the complexity of care operations. By leveraging dynamic automated scheduling, predictive analytics, and real-time dashboards, GrayOS helps centers across North America increase access for patients, and reduce administrative burden for staff.

For more information, visit www.gray-os.com or contact andre@gray-os.com, CEO, Gray Oncology Solutions.

Innovative OncoSolutions

Exhibitor/Exposant

Innovative Oncosolutions Inc. (IOS) is a Canadian owned medical company focused on products that ensure safety and compliance in healthcare settings. Specifically, IOS is the distributor of Equashield™, the most advanced closed system drug transfer device (CSTD) for safe preparation and administration of hazardous drugs.

Compliance in pharmacy settings has become increasingly important. To ensure this compliance, IOS offers Compounding 360, a cloud based NAPRA compliant quality management system providing a comprehensive electronic audit and quality assurance program. In addition, IOS offers Third-Party Sterile

Compounding Certification Services on-site

Kidney Cancer Canada

Exhibitor/Exposant, Award

Kidney Cancer Canada is a national community of patients, caregivers and health professionals who work to provide every Canadian touched by kidney cancer with support, education and advocacy for their care pathways and treatment options.

Leukemia & Lymphoma Society of Canada

Exhibitor/Exposant

LLSC mission is to cure leukemia, lymphoma, myeloma, myelodysplastic syndromes and myeloproliferative neoplasms and improve the quality of life of people affected by blood cancers and their families by funding life-enhancing research and providing educational resources, services and support. Our focus is to: Fund research from bench to bedside; Rethink how a person navigates their blood cancer experience; Provide targeted blood cancer information; Offer tools for psychological and emotional support; Empower Canadians to take charge of their blood cancer experience through practical support and advocacy. Visit bloodcancers.ca for more information and to find all our educational tools.

Look Good Feel Better

Exhibitor/Exposant

Founded in 1992, Look Good Feel Better (LGFB) is Canada's only national charity helping people with cancer manage the appearance-related impacts of treatment and access vital psychosocial support. Through in-person and online workshops, resources, and community, we empower participants with education, empathy, and equity—helping them feel like themselves again. Partnering with 80+ hospitals and cancer centres, LGFB supports over 103,000 people nationwide each year. Our goal: to ensure practical support and emotional well-being are recognized as essential parts of cancer care for all Canadians.

Medline Canada

Exhibitor/Exposant

Medline is a leading global manufacturer and distributor of high-quality medical products and services to the healthcare industry. Our expertise in healthcare solutions throughout the continuum of care, coupled with the scale and agility of our supply chain, allow us to partner with our customers to enhance patient care, improve clinical outcomes, drive effective cost management and provide fast access to quality products. Together Improving Healthcare.

In Canada, Medline is deeply committed to the health and wellbeing of our customers, employees, partners and communities. With 550+ employees, including 125 dedicated sales and clinical professionals, and 9 distribution centres located across Canada, we are a trusted partner in delivering the healthcare needs of Canadians from coast-to-coast. For more information, visit www.medline.com

ANNUAL CONFERENCE CONFÉRENCE ANNUELLE

Nova Scotia Health

Exhibitor/Exposant

Nova Scotia Health operates hospitals, health centres, and community-based programs across the province. Our teams work together to provide a full range of health care services. Located on the east coast of Canada, Nova Scotia offers endless opportunities to become a key member of the community – both professionally and personally.

Sentrex

Exhibitor/Exposant

We are a patient support services provider, specialty pharmacy, and pharmaceutical distributor focused on simplifying access to complex medications. Additionally, our award-winning in-house creative agency and skilled software and data engineers enable us to partner with clients in ways that are truly unique to our industry.

Sterile Care

Exhibitor/Exposant

SterileCare is a Canadian company focusing on intraluminal care and maintenance of vascular access devices. Our flagship product, KiteLock™ 4%, decreases catheter-related complications and the financial burdens that accompany them. SterileCare supports global action plans on antimicrobial resistance and develops solutions to fight the “triple threat”. KiteLock™ 4% saves lives by preventing and eradicating biofilm, eliminating microorganisms and preventing coagulation in CVADs.

Wellspring Cancer Support

Exhibitor/Exposant

Wellspring Cancer Support helps people living with cancer elevate their quality of life and improve their health outcomes. At Wellspring, you will find a range of specialized programs designed to provide connection and belonging; ease pain, fatigue and distress; build strength and mobility; and support financial and workplace challenges. Wellspring programs are available across Canada online, and through centres in Ontario and Alberta at no charge. Learn more at wellspring.ca.

Seamless, comprehensive and easy-to-access support.

Access to Sun Pharma's specialty generic oncology products is supported by Sun360™ – providing comprehensive support services for your patients.

It takes collaboration

Pfizer Canada strives to profoundly impact the health of Canadians through the discovery, development and delivery of medicines and vaccines.

When it comes to research and improving patient care, collaboration is key. We work with the best and brightest scientists and healthcare professionals across the country through investments in independent research, partnerships, knowledge sharing, and clinical trials.

Through collaboration, we offer the possibility of a healthier world.
