

Provincial Health Services Authority

Registered Nurse, BC Cancer Vancouver

***Regular Full-Time Opportunities Available!
Monday-Friday, 8-hour daytime shifts***

Join the BC Cancer Vancouver team and play a pivotal role in helping patients fight cancer.

- Use your expertise to support people facing some of life's biggest challenges.
- Help us maintain the highest patient survival rate in Canada.
- Use state-of-the-art technology and the latest, evidence-based treatments.
- Be a respected member of Canada's collaborative leading oncology clinical teams.
- Grow your career through continuing education, ongoing professional development, and certification programs.
- Participate in research and clinical trials.

This role rotates between the **Ambulatory Care Unit & Ambulatory Care Chemotherapy Unit:**

- Administering chemotherapy
- Working in a multidisciplinary environment to provide patient counselling (both in person and over the phone), along with individual and group teaching

This is our team: [Watch this video to learn more about being a nurse at BC Cancer](#)

About Us

BC Cancer is committed to providing a comprehensive, provincially-planned and regionally-delivered cancer control system for the residents of British Columbia. Its mandate covers the full spectrum of cancer care from prevention, screening, diagnosis and treatment, to research and education, to supportive and palliative care. BC Cancer provides care closer to home by operating six regional cancer centres in Abbotsford, Kelowna, Prince George, Surrey, Vancouver, and Victoria. Research centres in Vancouver and Victoria ensure that BC Cancer can quickly translate new discoveries into clinical applications leading to better outcomes and care.
