ASEAN: Harmonization and streamlining regulation

10 ASEAN Member Countries

- Brunei
- Cambodia
- Indonesia
- Lao PDR
- Malaysia
- Myanmar
- Philippines
- Singapore
- Thailand
- Vietnam

ASEAN Consultative Committee for Standards and Quality (ACCSQ):
- Harmonize “Standard & Requirement” posed by regulation
- Work to facilitate the “ASEAN Free Trade Area-AFTA”
- Establish “Mutual Recognition Arrangement-MRA”
- Comply to “HLTF-Recommendation”
  - PPWG: 1998
  - TWG on Biologics: 2010
Agreement and outcome of ACCSQ-PPWG

(1) Harmonize of standards & requirements (Pharmaceuticals & vaccines)
- ACTD & ACTR on quality, non-clinical and clinical: Format, content, glossary of term
- ASEAN Guidelines: Stability study, BA/BE study, Process validation, Analytical validation, Post licensure variation (ASEAN Variation Guideline-AVG)
- ASEAN SOPs for conflict of interest and data confidentiality

(2) ASEAN Sectoral MRA on GMP inspection (for pharmaceutical products, excluding biopharmaceuticals)
- PIC/S membership
- Alternative approaches (determine the equivalency through assessment performed by a Panel of Expert comprising of members ASEAN Listed Inspection Service)

(3) Capacity building: ASEAN GLs implementation workshop, Learning from experts

(4) New challenges: Biosimilars, etc.
ACCSQ to support and implement GRP

• ASEAN approach for GRP implementation being recognized by policy level
• Harmonization of standards & requirements
• Provision of flexibility and adaptability to changes in regulation
• Reduction of work duplication through MRA
• Strengthening GMP implementation and enforcement
• Strengthening Quality Control Laboratories: Upgrade capacity to achieve intra-ASEAN/International recognition
• Developing Harmonized Template for Approved Product Information: Build harmonized health information and consumer protection tools
• Strengthening post marketing quality monitoring system: Build comparable consumer protection and quality assurance
