Powder Coating Training | September 26 & 27

This cost-effective seminar provides the most comprehensive program and best value in powder coating training. Everyone interested in powder coating is invited to attend! Don't miss this amazing opportunity to learn something new or refresh what you already know.

While this seminar will be conducted in English, we will have multiple, fully-bilingual (English-Spanish) people on hand to help with explanations throughout the seminar and during the hands-on segment.

WHEN:

September 26 & 27, 2019

Day 1: 7:00 AM - 8:00 PM | Day 2: 7:00 AM - 5:00 PM

WHERE:

Martin Door

2828 South 900 West
Salt Lake City, UT 84119

AGENDA:

Thursday, September 26

- What is Powder Coating and Powder Material
- Powder Application, Containment and Grounding
- System Design
- Pretreatment
- Water Quality including DI & RO
- UV and Gas IR Ovens

Friday, September 27

- Hang Methods, Hook/Rack Cleaning and Line Density
- Testing
- Troubleshooting Powder Issues
- Hands-On

In addition, all attendees will receive the CCAI Powder Coating Manual (a \$65 value) and will spend time applying powder coating to actual parts.

COST:

CCAI Member: \$250 | Non-Member: \$350

(Non-member rate includes complimentary one-year membership)

INCLUDES:

Classroom presentations & hands-on demonstrations, CCAI Powder Coating Manual (\$65 value), Breakfast and Lunch both days, No-host mixer (A chance to socialize with other attendees and the speakers), Certificate of completion
