

CAL-PT-FUND CONTRIBUTION FORM

SUPPORT THE SCIENCE BEHIND YOUR PROFESSION

The Friend of the Fund program allows a contributor to choose a level of financial support that meets his or her own personal preferences, while recognizing their commitment to the advancement of the physical therapy profession. Contributions can be made on behalf of an individual or facility/group and are tax deductible. Please take a few minutes now to complete this application. The FUND is always looking for new friends!

CAL-PT-FUND FACT SHEET

Support the Science Behind Your Profession

MISSION STATEMENT

The mission of the California Physical Therapy Fund (CAL-PT-FUND) is to advance the science and practice of physical therapy by providing grant support for physical therapist researchers in California.

The CAL-PT-FUND is committed to building the body of knowledge to support evidence-based high-quality, cost-effective physical therapy.

“By providing funding for emerging scientists and clinical scholars, the CAL-PT-Fund has played an important role in moving the profession towards autonomous, evidence-based practice. Supporting the CAL-PT-Fund is more than just a good thing to do, it is a professional obligation!”

– Chris Powers, PT, PhD, FAPTA

HISTORY

The CAL-PT-FUND was established in 1977 to support the development of promising physical therapy clinical, scholarly and translational researchers. The FUND also provided scholarships and loans to students in pursuit of professional education in physical therapy. Initial funding was setup as a provision of the merger of four founding California Chapters of the American Physical Therapy Association.

FUNDRAISING EFFORTS

Ongoing financial support over the ensuing years has come primarily from member donations, specific fundraising activities of the FUND with significant support from administrative staff and elected, volunteer Board members. Today, the CAL-PT-FUND focuses exclusively on granting research funds for clinical and translational research.

- Raised over \$300,000 since its inception
- Dispersed over \$280,000 in grants and scholarships since 1977
- Supported over 100 research studies since 1977
- Current fundraising goal \$500,000

GOAL OF THE CAL-PT-FUND

The CAL-PT-FUND seeks to establish itself at the forefront of innovation and clinical practice. Physical therapists must play a leadership role, providing creative, sensitive, efficient and effective care to maximize quality of life and independence of people in California.

Q: How can I help?

A: Embrace the vision of the CAL-PT-FUND and make a tax-deductible contribution.

Q: What are the different levels of support?

A: The FUND offers three levels of support:

- Diamond Level—individuals who make a contribution of \$10,000 or more
- Friend Level—individuals who make a contribution of any amount
- Partner Level—businesses or organizations who make a contribution

Q. How much does the FUND award researchers each year?

A. The CAL-PT-FUND supports up to \$20,000 in grants for physical therapy researchers annually. The FUND also subsidizes grants awarded to Californians from the Foundation for Physical Therapy.
