

Celebrating 50 years of physical therapy research!

The CAL-PT-FUND is turning 50 in 2027! Established in 1977, the mission of the FUND is to advance the science and practice of physical therapy by providing grant support for physical therapy research in California. The CAL-PT-FUND is committed to building evidence-based knowledge to support high-quality, cost-effective, patient-centered physical therapy.

To celebrate this momentous occasion and to continue their mission, the FUND has set a goal of raising \$200,000 by 2028. The purpose will be to increase the amount of funding awarded for research grants each year. Over the next two years, the FUND is challenging everyone to donate at least \$50 *each year* to help reach our goal.

Donors who pledge to donate at least \$50 for two years will receive a commemorative pin to celebrate your dedication to moving physical therapy research forward!
