### Watchdog Update

### TGA

The ISCT ANZ Regional Committee is holding a liaison meeting with the Australian Therapeutic Goods Administration (TGA) in Brisbane on 15th September 2017. The meeting will include three presentations by TGA staff:

- Dr **Tony Manderson** will give an update on current regulatory framework and planned changes,
- **Francesco Cicirello** will talk about global harmonisation, and
- **Alyce Maksoud** will present information regarding licensing cell therapy manufacturers

The morning regulatory session will also include an overview of the FACT Standards for Immune Effector Cells by Dr **Ngairé Elwood**. All speakers will participate in a panel Q&A designed to encourage dialogue between the regulatory and cell therapy manufacturing sectors.
