Sally Swift Legacy Investment Fund

Providing Perpetual Funding for Scholarships and Grants

The Sally Swift Legacy Investment Fund was created in 2019 by the Centered Riding Board of Trustees. Initial seed money for the fund was appropriated from the Centered Riding general fund. This account has been set up to accept in kind stock donations, IRA distributions, legacy donations, and cash donations of all types (check, PayPal, etc.).

All funds are conservatively invested in Certificates of Deposit (CD's). Interest from the funds is used to support Centered Riding scholarships and grants.

For those desiring to support a foundation fund designated to providing financial assistance to our members, a minimum contribution of the equivalent of \$500 USD is required in order to become a Sally Swift Legacy Donor. Individuals are encouraged to contact the Centered Riding Office regarding information for including Centered Riding in your will or how to donate stocks or bonds. Groups of members are encouraged to combine contributions together to reach the \$500 minimum. Donors will be perpetually recognized as Sally Swift Legacy Donors.
