

Chicago Wilderness

September 16, 2019

Dear Friend in Conservation,

As a conservation leader in our region, you have played an important role in advancing the Chicago Wilderness mission to build and implement a regional plan for preserving and restoring nature's assets. This improves overall environmental health; promotes better quality of life; and benefits our vibrant communities. The Chicago Wilderness Alliance is sustained through the generous support of donors and sponsorship of our major events.

We invite you to support our work in either/both of the following ways:

Sponsor the Excellence in Ecological Restoration (EERP) and Force of Nature awards ceremony, which will be held on November 14, 2019 at the Chicago Botanic Garden, during the Chicago Wilderness Member Appreciation Event. These accreditations and awards showcase our region's best examples of organizations, individuals, natural areas and places that benefit both wildlife and people. **Sponsoring this event demonstrates your commitment to excellence in conservation and to creating a sustainable region where our residents live, work and play.** [EERP and Force of Nature Awards Sponsorship](#)

Congress 2020: Planning is underway for Conservation Congress 2020, our premiere biennial venue to highlight regional conservation efforts and provide an opportunity for collaboration. Join us on April 2, 2020 as we focus on inspiring and cultivating healthy communities for people and nature. We count on generous sponsorships to provide our entire community access to the high-quality presenters, workshops, trainings and networking opportunities that Congress has to offer. Sponsorship also allows Chicago Wilderness to provide need-based organizational scholarships, student rates, and very affordable general admission. [Congress 2020 Sponsorship Flyer](#)

Take this unique opportunity to join us in supporting and celebrating the diverse voices, green vision and united region that *is* Chicago Wilderness!

Sincerely,

Elizabeth S. Kessler, MBA, CPRE
